ALLIES TO HEAR IRISH PLEA

AGED DRUGGIST SHOT; BANDITS HOLD UP HOME

Garrity Plans Action as Crime Record Soars.

With Chicago's post-war crime wave reaching its highest point to date yesterday, Chief of Police Garrity last night called a meeting of police captains for today to take drastic measures for combating the growing peril. At the same time Chief of Detectives Mooney announced that the police had made a number of important arrests and considered the day a good one from the point of crime suppression as well as from the point of the criminals captured.

In outlining his plans for crime suppression Chief Garrity explained he had added a number of men to the force and hoped to put others to work as rapidly as possible. He again called for more stringent punishment of criminals by the courts and a closer application of the vagrancy charges against known criminals. In this way only, he said, could the growing crime tendency be suppressed. Crime, he added, is spreading in every city in the country since the signing of the armistice.

Yesterday's Record.

Yesterday's record includes the following high lights:

Mrs. Mary Debach, a widow, held up by masked men, who entered her home and took $3,200 in envelopes tacked to the bottom of a bureau drawer.

Emil A. Zahn, aged druggist, with a store at 1001 West Seventy-first street, shot by a bandit who escaped without theft.

James Duggan, 16 years old, a messenger for the Halsted Street State bank, robbed of $6,000 cash and $28,000 checks and bonds by three automobile bandits.

John Burns, saloonkeeper at 4501 West Harrison street, robbed of $1,200 by two young bandits in an alley off Kilbourne avenue between Harrison and Congress streets.

Paul Breback, a saloonkeeper at 3832 South Ashland avenue, died of wounds sustained at the hands of four colored bandits Wednesday.

John Binkowski, 3348 South Oakley avenue, shot and captured, and Thomas Sommerio, 720 Sholto street, and Henry Bosch, captured after a running automobile battle with police. The two former confessed to various holdups, Sommerio explaining they and two other men who escaped were the principals in various recent robberies of pie wagons.

The robbery of Mrs. Debach occurred early in the evening while she was in the kitchen of her home, 1827 South May street. One man, a former boarder, was arrested as a suspect.

Robber Shoots and Escapes.

Zahn, the druggist, was shot and possibly fatally wounded at 4 o'clock p. m. while he was alone in his drug store. One robber entered his store and when the old man refused him money shot him just above the heart. Zahn is at St. Bernard hospital.

The robber ran and neighbors came to Zahn's help as he stumbled out of the door. Fred Han, a tailor, and George Korn, a barber, ran to him. Korn and several other men followed the robber for several blocks, but he escaped.

$34,000 Robbery.

James Duggan, 16 years old, messenger for the Halsted Street State bank, 6910 South Halsted street, was robbed of $34,000 in cash, checks, and bonds by three automobile bandits.

The robbery of the young bank messenger was the red letter crime of the month from the standpoint of boldness and amount of cash obtained.

According to Roy T. Roberts, cashier of the Halsted Street State bank, the loss to the bank will be $6,000. Checks which were stolen amount to $28,328, but payment was stopped. The robbers also took $350 in Liberty bonds and $200 in mortgage bonds.

Transferring Bank Funds.

The robbery occurred at Sixty-ninth street and Lowe avenue. Duggan, who has been in the employ of the bank for several years, was on the way to the elevated station. He was taking money to the First National bank. He carried a black satchel.

An automobile stopped at the curb and two men wearing raincoats jumped out and confronted him. One of the man held a revolver at his head while

Puts Arm About Girl; Kills Her

Another mysterious murder was committed last night when a girl of 18, unidentified thus far, except that her name was Emily, was shot and killed in front of Chauncey Messino's grocery, 1020 West Polk street. The body of the dead girl is in an undertaker's shop at 1003 West Polk street.

Hundreds viewed the body of the girl before the undertaker closed his place at 2:30 this morning, but no one was able to positively identify her. The police have no clew to the murderer.

Two Clews to Identity.

At 3 o'clock this morning a man named Romey walked into the Maxwell police station and said he thought the girl used to live at Ninety-second street and Commercial avenue, South Chicago. He said a girl who looked like the victim had been put out of her home by her parents about two months ago.

Siggy Labriola, an usher at the Halsted Movie, between Van Buren and Jackson streets, told the police that a girl who resembled the victim had been in the movie house two weeks ago. He recalled expelling from the theater some men who had annoyed her.

The police refused to disclose the name of the people in South Chicago who, it is thought, are the girl's parents.

Shoots Girl Four Times.

There was only one witness—Messino himself. Standing in the front of his store about 9:30 o'clock he observed a couple walking west in Polk street, on the opposite side. They reached the corner and stopped. The man placed his arms about the girl. She wrenched away and ran across the street toward the store.

Messino thought it was merely a lovers' quarrel until the man overtook her. He was seen to draw a revolver from his coat pocket, grasp the girl by the hair, and place the barrel above her right ear. He fired twice. Then he placed the gun to her neck and fired twice again.

She sank to the sidewalk. The man ran west in Polk to Sholto street and disappeared. Messino, recovering from his fright, telephoned the police.

They examined the girl's clothing for marks of identification. The name Emily was found on the corset and on a barpin. Her features are comely and she has brown hair. Her eyes are blue.

NORTHCLIFFE IN WAR TO FINISH WITH PREMIER

LONDON, April 17. — Following Lord Northcliffe's attack on Premier Lloyd George this morning in the Times, the Evening News, also a Northcliffe publication, tonight prints a cartoon of the premier hovering over Westminster in an airplane, labeled "Hot Air," with bombs for the Northcliffe papers.

Mr. Lloyd George and Lord Northcliffe probably are the two most influential personal forces in British politics, and now that they are fiercely and publicly at war, the effect on Mr. Lloyd George's political fortunes and the test of the influence of the Northcliffe press which is expected to follow, will mark the beginning of a new political chapter.

ORDER START ON CRERAR LIBRARY

Building to Be One of Ornaments of Boulevard Link.

Construction of the new John Crerar library building, delayed for two years by war conditions, is to be started immediately. The word to "go ahead" was given yesterday at a meeting of directors of the Crerar Library association in the form of a resolution which was passed without opposition.

The new structure, to be located on ground owned by the association at Michigan avenue and Randolph street, across the street north of the Chicago public library, will serve to beautify the south end of the new boulevard link. The building will stand on the area formerly known as "Sprague-Warner corner."

Lower Stories of Granite.

The first two stories of the building will be of granite with limestone for the upper construction. The height of the building will be determined after a conference with the municipal authorities. Present building laws limit new buildings to 200 feet, but it is understood that the officers of the Crerar association hope to be permitted to construct a twenty-four story building. It is planned to use the lower floors for the library's needs and rent the remaining space for office purposes.

To Build in Year.

It is expected that the building will be completed and ready for occupancy by May 1, 1920. Plans have been drawn by Holabird & Roche.

The board of directors read reports yesterday showing that Chicagoans are taking an increasing interest in the institution. At present there are more than 400,000 volumes on the shelves and it is planned to increase this number.

Urgent need of more space prompted the action of the officials. Their move marks the beginning of post-war construction, and the announcement is expected to stimulate activity in this line.

Bids for the preliminary construction will be asked within a few days.

LATE NEWS BULLETINS

COPENHAGEN, April 18.—German and Baltic German troops have seized Libau and overthrown the Lettish provisional government, according to advices received by the Lettish press bureau.

PARIS, April 17.—Socialist members interpellated the government this afternoon in the chamber of deputies on the suspension of demobilization. Louis Deschamps, under-secretary of war for demobilization, said it was impossible to diminish the military forces at the moment when the German plenipotentiaries were about to arrive.

BERLIN, April 17.—Dr. Adolph Muller, German minister to Switzerland, and one of the members of the German delegation to the peace conference, is ill and Herr Leinert, president of the Prussian assembly, will replace him as peace delegate.

BERLIN, April 17. — Jaeger troops from Helmstedt have entered the city of Brunswick and have been acclaimed by the population. The entry was not attended by fighting.

VERA CRUZ, April 17.—Complete identification of the head of Gen. Blanquet was obtained here today when thousands of persons were permitted to pass by the table on which it reposed.

DEPUTIES VOTE 8 HOUR WORK DAY

PARIS, April 17.—[By the Associated Press.]—The chamber of deputies this evening passed a bill establishing an eight hour day for workmen. The vote was by a show of hands after the chamber had adopted an amendment offered by former Premier Briand providing that under no circumstances could employers make the reduction in working hours a pretext for a reduction in wages.

Train Collision in France Kills Fourteen Yanks

PARIS, April 17.—Fourteen American and six French soldiers were killed when an express train carrying American troops crashed into a stationary train with French soldiers on furlough near Le Mans today.

BULK OF ESTATE TO W. R. HEARST

Mother's Will Disposing of Large Fortune Gives $60,000 to College.

San Francisco, Cal., April 17.—The last will and testament of Mrs. Phoebe A. Hearst, disposing an estate valued at several millions of dollars, was filed for probate in the Superior court of San Francisco county this afternoon.

Mrs. Hearst had in her lifetime distributed in charity, philanthropic, educational, and public works a fortune estimated at approximately $21,000,000.

Beneficiaries of Will.

The principal beneficiaries of the will are:

William Randolph Hearst, heir to all of the estate not otherwise disposed of.

George R. Hearst, William R. Hearst Jr., John R. Hearst, Randolph A. Hearst, and Willson W. Hearst, sons of William Randolph Hearst, to whom is bequeathed the Hearst building in San Francisco and the home and estate at Pleasanton.

Regents of the University of California in trust for the university, $60,000, to continue scholarships and a valuable collection of paintings, tapestries, and other art objects.

Bequests to Relatives.

Elbert Clark Apperson of Sunol, a brother, $50,000; Elizabeth S. Apperson, his wife, $50,000; Sergt. Randolph W. Apperson, their son, $50,000; Anne D. Apperson Flint of New Haven, Conn., a niece, $250,000, and the country home on McCloud river.

Edward H. Clark, living at the Fairmont hotel, San Francisco, for many years manager of the Hearst estate, $100,000.

Richard A. Clark, 2833 Bancroft Way, Berkeley, $25,000.

Other beneficiaries for smaller amounts are mentioned in the will.

In the art collection bequeathed to the University of California is a painting by Rousseau, "The Forest of Fontainbleau"; the Byzantine picture called St. Luke; a portrait of a man by Lawrence; three marble figures by Ansiglioni; the painting, "Solomon's Wall," by Veretschagen; "An Indian Blanket Maker," by Joulin; also tapestries, porcelains, and a collection of Navajo blankets.

ALLIES EAGER TO HELP FEED RUSS MILLIONS

Reply to Nansen's Plea to Save Starvation Victims.

PARIS, April 17.—[By the Associated Press.]—Correspondence between Dr. Fridtjof Nansen, head of the commission apointed to feed Russia, and President Wilson and Premiers Clemenceau, Lloyd George, and Orlando on the food situation in Russia, was made public today.

Dr. Nansen's letter said:

"The present food situation in Russia, where hunareds of thousands of people are dying monthly from sheer starvation and disease, is one of the problems now uppermost in all men's minds. As it appears that no solution of this food question has so far been reached in any delegation, I would like to make a suggestion from a neutral point of view for the benefit of this gigantic misery, on purely humanitarian grounds.

For Humanitarian Committee.

"It would appear to me possible to organize a purely humanitarian committee for the provisioning of Russia, the foodstuffs and medical supplies to be paid for, perhaps to some considerable extent, by Russia itself, the justice of distribution to be guaranteed by a committee. The general makeup of the commission would be comprised of Norwegian, Swedish and possibly Dutch, Danish, and Swiss nationalities.

"It does not appear that the existing authorities in Russia would refuse the intervention of such a committee of a wholly non-political order, devoted solely to the humanitarian service of saving life.

Would Avert Politics.

"If thus organized upon the lines of the Belgian relief committee, it would raise no question of political recognition or negotiations between the allies with the existing authorities in Russia.

"I recognize keenly the large political issues involved, and I would be glad to know under what conditions such an enterprise would be approved and whether such a committee could look for real support in finance and shipping and food and medical supplies from our governments."

Reply of Wilson and Premiers.

The following reply was sent by President Wilson and the premiers today:

"The misery and suffering in Russia described in your letter of April 3, appeals to the sympathies of all peoples. It is shocking to humanity that millions of men and women and children lack the food and nourishment which makes life endurable.

"The governments, the peoples whom we represent, would be glad to coöperate, without thought of political, military, or financial advantage, in any proposal which would relieve this situation in Russia. It seems to us that such a committee as you propose would offer a practical means of acquiring the beneficent results you have in view and could not, either in its conception or its operation, be considered as having any other aim than the humanitarian purpose of saving life.

Point Out Difficulties.

"There are great difficulties to be overcome, political difficulties, given to the existing situation in Russia, and difficulties of supply and of transport; but if the existing local governments of Russia are as willing as the governments and peoples whom we represent to see succor and relief given to the stricken people of Russia, no political obstacle will remain.

"There will remain, however, the difficulties of supply, finance, and transport, which we have mentioned, and also the problem of distribution in Russia itself. The problem of supply we can ourselves hope to solve in connection with the advance and coöperation of such a committee as you propose. The problem of finance would seem to us to fall upon the Russian authorities.

Problems of Transport.

"The problem of transport of supplies to Russia we can hope to meet with the assistance of your own and neutral governments, whose interests should be as great as our own, and whose losses have been less.

"The problems of transport in Russia and of distribution can be solved only by the people of Russia them-

Munich Cut Off as Troops Drive on City

BERLIN, April 16.—Delayed.—[By the Associated Press.]—Railroad communication between Berlin and Munich has ceased. Bamberg, which is still the seat of the Hoffman government, also is cut off from Munich.

Numerous rumors are current, but there is nothing to indicate clearly which party is in control. The troops apparently have been successful in confining the insurrection to Munich.

Troops Advance on Munich.

Large forces of Bavarian troops, with artillery and mine throwers, began an advance on Munich yesterday morning, according to the Tageblatt, but it is not known whether a decisive battle has as yet been fought. It is assumed the government will wait until an adequate number of reliable troops has been placed about the city.

Swiss Recognize Weimar.

BERNE, Switzerland, April 17.—[Havas.]—The Swiss federal council, it is reported, has decided to recognize the new German government on the ground that it was elected legally by the national assembly which was chosen by the votes of the people.

The report has caused a sensation in political circles here.

CITY'S BREWING CENTER TAKES TO ICE CREAM

Soft Drink Plant Invades Beer Makers' Sanctum.

The transformation of one of the greatest brewing centers in the world to probably the greatest soft drink center has started.

No longer will the smell of hops permeate the air in that district of Chicago adjacent to Lake Michigan from Twenty-fourth street south to Twenty-eighth street. The Hydrox company has purchased the southwest corner of Lake Park avenue and Twenty-fourth street from the Northern Trust company for a reported consideration of $105,000. The land will be improved with an ice cream and soft drink plant costing $500,000, one of the largest of its kind in the country. S. W. Straus & Co. have underwritten a serial bond issue loan of $400,000 on the plant maturing in ten years at 6 per cent.

Plenty of Ice Cream.

Features of the equipment are to be a battery of forty freezers with a capacity of 2,000,000 gallons of ice cream a year; an ice plant with a daily capacity of 100 tons, while the building will have a storage capacity of 50,000 gallons of ice cream, 50,000 gallons of sweet cream, and 200 tons of ice. The products of the company consist of ice cream sherbet, ginger ale, root beer, sarsaparilla, and hydrox water.

"Near Beer" Also.

The great Conrad Seipp Brewing company at the foot of Twenty-seventh street, barred from making the "brew," has already started brewing near beer, according to William G. Legner, the president. He said last night that if prohibition really comes, his plant will be used to brew near beer while another part will be used for cold storage, and he expects other brewers in the vicinity to do likewise. Other brewing plants in the neighborhood are the Chicago Consolidated Brewing company, the McAvoy, and the Wacker & Birk Brewing company, and the Keeley Brewing company.

"We are brewing near beer of 2¾ per cent, which will have to be modified so that there is only one-half of 1 per cent of alcohol in it before it is put out," said Mr. Legner last night to a TRIBUNE reporter. "We can do this up to May 1, when we will have to change the brew so it will be just one-half of 1 per cent. We are just waiting to see what is going to be done in the future, for we hardly know what to do.

To Keep Plant Open.

"If prohibition goes into effect July 1, part of our plant will continue to make the non-intoxicating near beer and part of it will be used for cold storage. I expect the other brewers will work on the same lines. We have not put out any of the near beer yet, but I have heard that some of it is on the market."

A large ice making plant is in the same locality and if prohibition comes this summer, this former brewing center is going to become the largest producing center of ice cream and soft drinks in the city and possibly in the country.

WILSON GIVES ASSURANCE IN TALK TO WALSH

Case of Islanders to Come Before Paris Chiefs.

BY HENRY WALES.
[Chicago Tribune Foreign News Service.]
[Copyright: 1919: By the Tribune Company.]
[By Special Cable.]

PARIS, April 17.—Ireland will receive a hearing from a peace conference or the league of nations before the celebrities gathered here split up to go to their various homes. Frank Walsh was received by President Wilson for forty-five minutes this afternoon, and while neither Walsh nor former Gov. Edward Dunne, who is here with him, would talk about the meeting, it is understood they are entirely satisfied with the result of the conversation.

Walsh, Dunne, and Michael Ryan of Philadelphia are here representing the American commission to secure Irish independence, and they are striving to obtain a hearing for the Irish delegates to the peace conference, De Valera, Griffiths, and Count Plunkitt.

Hearing by Big Men.

Although they realize that the Irish question can be settled only by the league of nations, instead of the peace conference, they want Mr. Wilson and Mr. Lloyd George and other big men to hear their case instead of "second string members," who will be left behind after the German peace treaty is signed and the chief actors depart.

"We are going to stay in Paris awhile," was all Mr. Walsh and Mr. Dunne would say regarding the presidential interview, but they intimated that they were entirely satisfied with Mr. Walsh's conversation, but said it was agreed that nothing was to be given out concerning the subject.

From the highest authority, however, it can be stated that the president assured Mr. Walsh the Irish question would be brought up before he goes home, and that efforts will be made to induce Mr. Lloyd George to receive a delegation form the Irish congress to state their case and make their claims.

Makes No Alliance.

No alliance has been made between the United States and France. Premier Clemenceau merely has been reassured regarding future German aggression by President Wilson, who told the premier that if the Germans were to invade France in future, America would support France militarily through the league of nations.

Under the league covenant any military aggression against any member of the league is regarded as an act of war committed against every member of the league. If Germany, for example, landed troops on Long Island, the president could declare the United States at war immediately without calling congress, and obtaining its sanction, and could take steps to repel the invasion.

Provides Same Thing.

The league of nations provides exactly the same thing for all members. If Germany suddenly declared war on France and threw invading armies across the Rhine, as in 1914, the United States could immediately embark an expeditionary force to safeguard France, according to the principles of the league covenant, exactly the same as if the Germans landed somewhere in the United States.

Great Britain is affected precisely the same. This explanation was made by Mr. Wilson and Premier Lloyd George to Premier Clemenceau, assuring him that the league protected France exactly like an alliance. That gave rise to reports that a secret agreement had been reached to satisfy France.

AGREE ON PROCEDURE.

PARIS, April 17.—[By the Associated Press.]—The procedure on the arrival of the German plenipotentiaries at Versailles has virtually been decided upon. It will be President Wilson and the premiers who will hold the first meeting and deliver the treaty, as it is not deemed feasible to have all the allied powers attend this initial session.

The actual arrival of the Germans at Versailles, it is stated, is scheduled for Friday night, April 25, but the meeting with the president and premiers will not be held until Saturday and may even be deferred until Monday.

After the treaty is actually delivered it is intended to allow adequate time

for the Germans to make inquiries concerning the various details before returning to Weimar.

Will Answer Queries.

This is expected to take about two days, the first day being devoted by the Germans to familiarizing themselves with the terms and the second day to answering such queries as they may make.

There is no purpose to have this assume the character of a discussion, but merely the elucidation of any points which may assist in obtaining prompt and favorable action when the plenipotentiaries return to Weimar.

It is believed the stay of the plenipotentiaries at Weimar will cover a week, thus bringing them back to Versailles about May 8 to 10. This, however, is conjectural, for it is dependent upon the rapidity of the decisions reached at Weimar.

Draft Takes Form.

The drafting of the final form of the peace treaty is proceeding rapidly. The document, as framed, begins with an introduction in the form of a protocol, setting forth the complete list of belligerent powers taking part in the war and now making peace, with the designation of plenipotentiaries of each country and with their power to sign.

Then comes a declaration of impressive brevity, not exceeding thirty words, stating that on the conclusion of the treaty and the exchange of ratifications, the war shall come to an end.

Following upon the declaration of peace the present intention of the peace delegates is to have the covenant of the league of nations occupy the place of honor in the treaty and to be the first subject treated in detail. It will thus take the priority it had in the program of the peace conference.

Other Terms Follow.

Then, in succession, will follow the military, naval, and aerial terms, reparations, responsibilities, the Rhine frontier, the Saar region, Alsace-Lorraine, Poland, the status of Danzig as an international port, Germany's Schleswig-Holstein frontier, and a large number of special subjects, including the labor convention adopted at the last plenary session of the conference; international ports and waterways, and extended economic and financial provisions not directly connected with reparations.

The textual form of all these subdivisions has been completed, so that the work at present going on is chiefly fitting together the parts into a homogeneous whole.

Stirs Up Speculation.

Premier Lloyd George's declaration in the British parliament that France had been given full guarantees against a renewal of German attacks is the first authoritative statement that such guarantees have been given and arouses the keenest discussion regarding the nature of the guarantees as affecting the United States and Great Britain. The French reports say that the guarantees amount to an alliance, and the semi-official Temps says:

"Premier Lloyd George's language admits of only one meaning. This is that Great Britain and the United States engage to sustain France in case she is again attacked by Germany. Such an alliance is legitimate and necessary. Mr. Lloyd George would not pronounce such words lightly, and his announcement is singularly instructive."

Exact Treaty Terms.

Other French reports describe the guarantees as in the nature of a casus foederis, whereby any failure of Germany to carry out the treaty would bring concerted action by France, Great Britain, and the United States.

The council of four, which framed the guarantees as part of the Rhine settlement, has thus far maintained a rigid silence, except for the general declaration of Mr. Lloyd George.

Viscount Chinda of the Japanese delegation arranged today for his appearance before the council of four on Saturday on the Kiao-Chau question with a view to an adjustment with China which shall be incorporated in the peace treaty. The American delegates believe than an accord will be reached whereby China will ultimately control Kiao-Chau, with suitable recognition of Japan's efforts.

A plenary session of the peace conference will be held two days next week, Wednesday and Thursday.

The Italian delegation to the peace conference is making a strong effort to obtain a decision in the dispute between Italy and Jugo-Slavia regarding the possession of Fiume and the Dalmatian coast before the end of the week.

As the Italian chamber of deputies meets April 24, and as Premier Orlando is expected to make a report to that body, it is said that he does not desire to return to Rome without the question, in which Italy is vitally interested, settled.

WILSON REFUSED TO PRESS ALLIES INTO ARMISTICE

Was Willing to Back Them for Unconditional Surrender.

BY HENRY WALES.
[Chicago Tribune Foreign News Service.]
[By Special Cable.]
[Copyright: 1919: By the Tribune Company.]

PARIS, April 17.—The United States did not force the allies to accept the German demand for an armistice on Nov. 11. Both Great Britain and France were stronger in favor of a cessation of hostilities following the enemy's plea than the United States. President Wilson did not demand that Lloyd George and Clemenceau end the war when the Germans accepted the fourteen points and asked for an armistice.

I am in a position to state this after an exhaustive investigation prompted by the growing unpopularity of the Americans abroad which is due directly to the fact that the average Englishman or Frenchman believes it was President Wilson who robbed the allies of a crushing victory by insisting on halting the campaign on Nov. 11, when the boches cried enough and demanded a cessation of hostilities.

Foch Ready to Go On.

Marshal Foch was prepared to launch still another phase to his series of successive offenses on Nov. 14 north of Luneville. He had transferred Gen. Mangin's shock army comprising twenty French and six American divisions. Three were in Lorraine to strike beside Metz, to mask that fortress, and then, sweeping toward the left, to roll up and envelop the German line already cut by the Americans at Sedan. But he favored granting the armistice when Marshal Hindenburg made a request.

The British and French had fought more than four years and were worn out. Furthermore, the lack of horses among the allied armies was serious. Even the American army was short of animals for bringing up field guns in support against the retiring enemy.

Large Allied Losses.

Furthermore, the allied losses, particularly among French and British officers, were heavy during the closing three months of the campaign, when they emulated American tactics of driving ahead regardless of losses and stamping out the German machine gunners, instead of reducing them by artillery fire.

Had the allies wished to refuse the German demand for an armistice and had insisted on unconditional surrender of the German forces in France and Belgium, and on turning over all military supplies to the allies, America would have backed them up. Instead, however, the German demand for an armistice came as a complete surprise to the allied high command and as a result the terms demanded from the enemy were not so strict as might have been insisted upon.

Report Ford Sells Control to General Motors Concern

New York, April 17.—[Special.]—The New York Herald tomorrow will say:

"The Henry Ford holdings in the Ford Motor corporation have been acquired or are about to pass to the General Motors corporation, according to what was believed to be authentic information in high financial circles here tonight.

"The amount of money involved was not known in Wall street. It was said in well informed circles that it will total many millions.

"Control of the Ford Motor corporation would make the General Motors corporation the biggest factor in the automobile business of the world."

Mr. Ford recently announced that he was forming a new organization for motor car manufacture—drawing away from the Ford corporation.

RUSSIAN REDS CLAIM BIG ADVANCE

Russian official dispatches report victories for the bolsheviki forces along their entire western front.

1—In the north the Finns have been forced across the frontier in the region of Lake Sander, north of Olonetz.

2—Anti-bolsheviki riots are reported to be growing in Petrograd.

3—The reds are carrying out a systematic annihilation of the bourgeois elements in Riga. According to Swedish reports, 70,000 men, woman, and children have been isolated on Hasen island, in the Dvina, and cut off from all food and supplies.

4—The soviet forces claim to have driven the Letts southward to within four miles of Mitau.

5—On the former Galician frontier the reds report the capture of Volochysk and an advance to within twenty-five miles of Tarnopol.

6—In the Crimea the bolsheviki have crossed the salt lakes and advanced toward Simferopol.

selves, with the assistance, advice, and supervision of your commission. Subject to such supervision, the problem of distribution should be solely under the control of the people of Russia themselves. The people in each locality should be given, as under the régime of the Belgian relief commission, the fullest opportunity to advise your commission upon the methods and the personnel by which their community is to be relieved.

"In no other circumstance could it be believed that the purpose of this relief was humanitarian and not political. Under no other conditions could it be certain that the hungry would be fed.

"That such a course would involve the cessation of hostilities within definite lines in the territory of Russia is obvious. And the cessation of hostilities would necessarily involve a complete suspension of the transfer of troops and military material of all sorts to and within Russia's territory.

"Indeed, relief to Russia which did not mean a return to a state of peace would be futile and would be impossible to consider.

"Under such conditions as we have outlined we believe that your plan could be successfully carried into effect, and we should be prepared to give it our full support.

SCOOP CHEERS PARIS AS STRIKE MENACES CITY

PARIS, April 17.—A little thing like a newspaper scoop has remade the political situation in France in thirty-six hours.

When Paris went to bed Monday night the great labor-socialist strike for May 1 had just been called.

The feeling had been growing rapidly in France that its peace commissioners were losing the war at the peace table.

On Tuesday morning Paris awoke to read in the Paris edition of THE CHICAGO TRIBUNE the exclusive announcement that the commission on war responsibility had tentatively created a court that could try the kaiser or any other archcriminals of the war.

Today all France is happy again.

The French newspapers even are praising Wilson. They think they can see the kaiser hanging to the yardarm, and the May strike may be nothing more than a slight annoyance to the visiting German peace signatories and those unfortunate Americans who depend upon subways for transportation.

Revise Belgian Treaty Which Germans Discarded

PARIS, April 17.—The council of five foreign ministers at a meeting today at the foreign office decided in favor of the revision of the Belgian treaty of 1839, which Dr. von Bethmann-Hollweg, when imperial German chancellor, made historic as "a scrap of paper."

WILSON WILLING LOWLY TURK BE WARD OF U. S.?

Responsibility Outcome of the War, Allies Tell Him.

BY ARTHUR SEARS HENNING.

Washington, D. C., April 17.—[Special.]—Dispatches from Paris describing the enthusiasm and unanimity with which the allied powers are proposing the United States as mandatory for the league of nations in the government of various far flung territories have opened much new vista of America's future place in the world.

The American mandates so far proposed pertain to Constantinople, all of Turkey, Armenia, Albania, and Mexico.

President Wilson is reported to be giving serious consideration to the proposition that the United States become the mandatory for Constantinople, if not of all that part of Turkey which will remain after the dismemberment of the Ottoman empire by the peace conference.

Armenia and Albania Also?

That the president strongly leans toward the acceptance of this commission from the league of nations is indicated, but whether he contemplates also assuming the mandate for Armenia and Albania in addition to Turkey is not clear.

Administration officials were not surprised by the intelligence, for they had become acquainted with the president's conviction that if the United States enters the league of nations it must not shirk its responsibilities and must bear its share of the burden of maintaining the peace of the world.

The powers evidently have reached the conclusion that the only way out of the dilemma is to ask the United States to accept the Turkish mandate.

What It Would Require.

The United States, it is contended, is the only power in a position to administer a mandate of the magnitude of the Turkish commission. Although it is contemplated that all the expenses will be borne by the Turkish people it is conceived that it would be necessary for the mandatory power to advance credits generously to finance the rehabilitation of the country, the sanitation of Constantinople, and other great projects which naturally will be undertaken.

Then, too, the policing of the country will call for large naval and land forces for an indefinite period. Great Britain is now maintaining 150,000 troops in Turkey, but it is thought that after the proclamation of peace not more than 100,000 will be necessary.

WASHINGTON NEWS
—IN BRIEF—

BY ARTHUR SEARS HENNING.
[Washington Bureau of The Tribune.]

WASHINGTON, D. C., April 17.

AMERICAN soldiers in the battle of St. Mihiel fired thirty-three times as much artillery ammunition as the Union soldiers expended in the battle of Gettysburg. To illustrate the development of artillery as a preliminary to infantry engagements in war, as demonstrated in the conflict now ending, the war department has submitted interesting comparative figures on great battles of history. At the battle of the Somme, the high peak for artillery in battle history, the British fired 4,000,000 rounds of artillery ammunition.

CARRYING out its policy of writing off excessive war costs, the shipping board has sold fifteen wooden ships of 1,000 and 4,700 tons to the Nacireme company for $850,000 each, or $145 a ton, or what is said to be about $20 a ton below actual cost. The board is asking bids on twenty-five additional wooden ships of the 3,500 ton type. The ships which have been sold are to be placed in the trans-Atlantic trade, although it has been claimed by many shipping men that the wooden vessels are not suitable for anything but coastwise trade.

OBJECTIONS raised to various Victory Liberty loan demonstrations planned on the Sabbath day are troubling Secretary of the Treasury Glass. He is in a dilemma because a meeting at Cleveland, at which he is scheduled to speak, is offensive by reason of the fact that it is Holy Saturday, and he is also booked to review a Sunday parade the following day. Washington ministers have protested against the aerial circus which was held last Sunday.

WAYNE B. WHEELER, general counsel for the Anti-Saloon league, says that the Supreme court in its recent decisions has sealed the doom of liquor for beverage purposes. While prohibition will take care of future purchase of liquor, Mr. Wheeler says that the states, in view of the Supreme court decisions, can confiscate the stocks of liquor which bibulous citizens already have stored up for the approaching eternity of drought.

U. S. CENSORSHIP LIFTED; OTHER ALLIES KEEP IT

Washington, D. C., April 17.—Changes in the cable censorship regulations which will permit the transmission of messages between the United States and Central America, South America, and the West Indies, including Mexico and Cuba, were announced tonight by Acting Secretary Roosevelt of the navy department.

The new regulations, which will become effective tomorrow, will permit the sending of private code between the United States and those countries.

Censorship of cablegrams to or from points within British, French, or Italian territory, irrespective of their route or termini, also has been removed by this government, as well as messages between all parts of the world and Central and South America which pass through the United States or its possessions.

Attention was called to the fact, however, that British, French, and Italian censorships are still in operation.

GERMAN ENVOYS FOOL ALLIES ON RAW MATERIALS

Thousand Tons of Paper Best Our Men Get to Pay for Food.

BY HENRY WALES.
[Chicago Tribune Foreign News Service.]
[By Special Cable.]
[Copyright: 1919: By the Tribune Company.]

PARIS, April 17.—The interallied commission, to purchase raw materials from Germany as payment for food negotiated one solid week at Cologne with the enemy delegation, and finally succeeded in obtaining 1,000 tons of toilet paper from the Germans.

"I begin to wonder who won this blooming war," said an English member of the allied commission after the astute German delegates had euchred the allies out of securing sugar, coal, dyestuffs, or wood which they expected and hoped to get.

The allies' commission was composed of British, French, Italians, and Americans, the last named being represented by Donald Riley of Barney Baruch's staff, G. S. Rice, and Capt. John Weare.

Dr. Schacht, who is Mathias Erzberger's right hand man, headed the German delegation, which comprised thirty-three experts. Dr. Kreuter was Schacht's chief assistant.

The allied commission had not even an interpreter, except a youthful Frenchman, whose lack of knowledge of English resulted in the Germans magnanimously offering one of their interpreters for the allies. The allies had no stenographers either, and were nowhere any match for the clever boches, whose object was to evade selling raw materials to the allies. Italy sought persistently to purchase coal from Germany, the price to apply upon the food shipments which the allies already are sending into Germany. France and Great Britain sought wood and sugar, and America wanted dyestuffs.

With bland guile the German diplomats foxed the allied negotiators at every turn, and after a week's deliberations and discussion the allies received the paper and the conference disbanded.

70,000 FACE DEATH BY REDS ON RIGA ISLE

Bourgeois to Be Wiped Out in the City, Is Report.

STOCKHOLM, April 17.—The bolsheviki are carrying out a rapid and systematic annihilation of all the bourgeois elements in Riga, according to reports from Libau to the Svenska Dagbladet.

The victims of the bolshevik terror are taken to the island of Hasen in the Dvina river and are said to number 70,000, including women and children. No one is permitted to take food or money to the island.

Hear 1,800 Are Slain.

LONDON, April 17.—Eighteen hundred persons, including 400 women, were murdered by the bolsheviki at Ufa, according to a telegram from Omsk received in official quarters here.

Continued successes for Russian soviet forces along almost the whole of the western Russian front from the Baltic to the Black sea is claimed in a Russian official wireless dispatch received here today.

West of the Riga the Letts have been driven southward to within four miles of Mitau.

West of Proskurof, the bolsheviki have taken Volochysk, on the former Russian-Galician forntier and within twenty-five miles of Tarnopol.

Gain in Crimea.

In the Crimea soviet forces have crossed the Salt lakes and advanced in the direction of Simferopol, the capital of the Crimea.

The statement reads:

"We have compelled the enemy to withdraw across the frontier in the region of Lake Sander, north of Olonetz. On the whole of the Courland front the offensive continues to meet with success, especially in the region of Shlotsk, where the enemy's right has been cleared as far as four miles from Mitau.

"We have captured Volochysk on the Galician front and the front of the forces of the Ukrainian directory there has been cut in two. In the direction of Sarny (north of Volochysk), the enemy is retiring southward, abandoning a great number of prisoners and wounded.

Cross Lakes Line.

"In the Crimea the Red army has crossed the line of the Salt lakes and occupied Tchukdihankoy. The offensive continues in the direction of Simferopol."

[The mention by the Russian soviet government of fighting in the region north of Olonetz indicates that the bolsheviki have resumed the campaign against the Finns. Olonetz is northeast of Petrograd and on the opposite side of Lake Ladoga.]

Reds Make Overtures.

COPENHAGEN, April 17.—Bolshevism in Russia is giving way to a "new bourgeoisie," according to the director of the Moscow Red Cross committee, who has arrived here. Premier Lenine and War Minister Trotzky are trying to reach an understanding with the moderate elements in Russia.

The situation in Petrograd, the director reports, has been growing worse and numerous anti-bolshevik outbreaks have occurred there. In February there were 83,000 deaths in Petrograd, compared to 123,000 in January.

Yanks Ambush Patrol.

ARCHANGEL, Wednesday, April 16. [By the Associated Press.]—A small American scouting party operating in front of the allied positions along the railway front yesterday surprised and ambushed a bolshevik patrol in the forest four miles east of the railway yesterday, wounding a number of the enemy.

The situation during the last few days has been generally quiet. Roads which through the long winter were three feet deep in snow are now covered with icy slush and are thawing so rapidly that transportation is at a standstill. Great cracks are appearing in the ice on the Dvina and Vega rivers and at points where the thaw is rapidly progressing there are constant sounds like artillery as the ice gives way.

WOMEN FREED FROM HAREMS TURKEY PROBLEM

New York, April 17.—Dispatches from Constantinople received today by the American committee for Armenian and Syrian relief reported that the problem presented by the release of thousands of Christian women and children from Turkish harems in Asia Minor is constantly growing. Many have been given shelter by the relief workers, but there remain a large number wandering about the country destitute, some of them crazed from hunger and exposure.

Fear of Massacres.

LONDON, April 17.—It is learned here that the situation in Turkey is causing grave anxiety. Internal disorder is rife, according to reports from Rear Admiral Webb, R. N., at Constantinople.

It is feared there will shortly be outbreaks and massacres of the Armenian population on a large scale.

TRADE MISSION CROSSES BORDER; NARY A BANDIT

High Interest, but Few Failures, Found in Country.

BY GLENN GRISWOLD.

Laredo, Tex., April 17.—[Special.]—The Mississippi Valley association's trade mission to Mexico crossed the international bridge at noon today after hours of censorship and customs inspection, its members bewildered by trying to unscramble the mazes of Latin sociology, business, and politics. The consensus is a paradoxical conclusion that Mexican conditions are far more repellant to the northlander than had been presupposed, while the present government has accomplished improvements which appeared impossible in the face of obstacles confronting it.

The members had been unable to imagine banking conditions in so complete a state of collapse that depositors paid a fee for the privilege of leaving money in a bank and were charged 25 to 60 per cent interest and, in rare instances, 1 per cent a day for loans. Their amazement grew, however, when they found that failures are almost negligible and that ordinary trade in the cities is conducted easily and profitably without any semblance of a credit structure.

Life and Property Cheap.

There is a cheapness of life and property, a prevalence and tolerance of banditry and murder that appall the Chicagoan accustomed as he is to daily pay roll robberies and frequent bank lootings, with attendant shootings. Yet conditions are unanimously reported as showing marked improvement over those of a year ago and of six months ago.

Three Railroads Safe.

But three lines of railroad, those running from Mexico City to Laredo, Vera Cruz and Guadalajara are considered reasonably safe for passenger travel with one or more cars of armed guards attached to each train.

Americans find Mexicans in all stations of life developing a wholesome aspect for the country to the north. As a whole Mexico bet on Germany to win the war and lost. It had always been believed that the United States was too busy, too lazy or too corrupt of money, according to the viewpoint, to resent Mexican intrusion or protect Americans in Mexico.

The raising of 2,000,000 soldiers and the winning of the world war by the United States, all within a year, has given the words "North American" a new meaning in Mexico. It is not that Americans of many years' residence in Mexico find evidence that we are feared below the border; we are simply respected.

Rural Districts Depopulated.

Rural districts along the railways appear to be almost completely depopulated, roofless houses and weed grown farms are everywhere and the cities are doubled in population by the fugitives of the last three years' disturbances. There is a convincing majority of both Mexicans and Americans who believe that the condition of the peons is markedly better than a year ago and is steadily improving.

The American party was held up in Laredo all day because government officials were confiscating motion picture and kodak films which might carry evidence of this misery outside the country.

U. S. Has $16,000,000 in Unclaimed Allottee Checks

Washington, D. C., April 17.—More than $16,000,000 worth of returned checks are now in the hands of the war risk insurance bureau, many of them marked "unknown" or "unclaimed," as the result of the failure of allottees to notify the bureau of changed addresses. It was announced today that the Red Cross had been enlisted in a campaign to locate such persons and had taken over 30,000 of the checks.

U. S. FIRMS ARM MEX BANDITS, PRELATE SAYS

Bishop F. J. McConnell held up two empty cartridge shells yesterday while addressing a group of ministers at the Central Y. M. C. A., declaring them mute evidence of the part the United States is playing in furnishing ammunition to bandits in Mexico.

"I kicked up the two shells," he said, "after a skirmish between bandits and Carranza forces. The one fired by the Carranza soldiers was a Mexican bullet. The one fired by the bandits was made by a well known firm in the United States. If the smuggling of ammunition into Mexico by the bandits could be stopped the work of the bandits soon would cease."

"Villa," said Bishop McConnell, "has only a mere handful of bandits under him. Blanquet, who I see has just been killed, represented the worst elements in Mexico. In the cities and on the main line of railroads I saw no evidence of bandits, but off from the railroads I am told conditions are not satisfactory."

ACE SQUADRONS LEAVE GERMANY ON WAY HOME

COBLENZ, April 17.—Four of America's most famous areo squadrons are getting ready to go home. They left Coblenz by train this morning for Colombey les Belles under orders providing for demobilization there.

One of the four ace squadrons formerly was captained by Eddie Rickenbacher of the Ninety-fourth pursuit squadron, now commanded by Capt. Reed M. Chambers. It included in its personnel Lieut. J. Loy Maloney, a Chicago newspaper man, who recently married an English girl.

Other units that left were the Twelfth observation squadron, the Ninety-first observation squadron, and the One Hundred and Sixty-sixth observation squadron.

LONDON, April 17.—During a debate in the chamber of deputies today a member of the extreme left arose with Wednesday's Paris edition of THE TRIBUNE in hand. The edition contained the big story giving May 2 as the probable date of the signing of peace. His question was in line with the impression created in Paris by the Paris TRIBUNE'S series of exclusive stories giving the dates and likely terms in connection with the signing of peace.

U.S. MATE DROWNS AMID CHEERS TO RETURNED YANKS

New York, April 17.—Three naval seamen were drowned here today when the propeller of the transport Saxonia sliced off the stern of the naval tug Freehold while the smaller vessel was docking the troopship at a Cunard pier.

Rescued members of the crew said they saw Larry Lanahan, chief machinist's mate, sink after a short struggle. It was thought possible that the other two men unaccounted for had been picked up by small boats.

The sinking of the tug was one of the most dramatic marine accidents which have ever occurred here. The cheers which a moment before had been echoing back and forth from transport to dock were suddenly hushed.

Witnesses said that the commander of the Saxonia evidently intended to aid the tug by giving the larger craft a "kick ahead." The quick rush of water, however, sucked the tug in under the stern and the Saxonia's thirty ton propeller blade descended like a knife on the stern of the smaller vessel.

WIFE'S SHOT PROVES FATAL.

BASIS REACHED FOR SETTLING PHONE STRIKE?

Burleson Tells Manager of Company to Hear Eastern Workers.

Washington, D. C., April 17.—Basis for settlement of the strike of telephone operators and allied workers in New England, which has paralyzed telephone service there since Tuesday, was believed by officials here tonight to have been reached.

Action of Postmaster General Burleson today in forwarding to General Manager Driver of the New England Telephone and Telegraph company the demands of the striking operators, with instructions to hear the employés either individually or collectively upon receiving assurances that they would return to work immediately, was considered as forming a basis for agreement.

Following the postmaster general's announcement Secretary Tumulty in a telegram assured the operators that if they followed the suggestion made by Mr. Burleson their grievances would be heard at once, and a decision reached "without any undue delay."

Postmaster General Burleson had announced action would be taken by the wire board on the general manager's recommendation on or before May 10.

Electricians Join Strike.

Boston, Mass., April 17.—Thousands of men members of unions affiliated with the telephone operators in the general organization of the New England joint council of electrical workers joined the telephone strike today.

The cooks and waiters' union, local 34, of Boston notified the hotel men that none of its 2,600 members would serve strike breakers at the hotels.

Another appeal was made to President Wilson this afternoon. Francis J. Finneran, president of the Democratic club of Massachusetts, and eleven members of the legislature cabled to Paris a request that the postmaster general be removed from office. The message read:

"Burleson wrecking the party. Remove him and settle this strike."

Threaten Nation-wide Strike.

Springfield, Ill., April 17.—Overwhelming majorities favoring the calling of a nation-wide strike July 1 of more than 150,000 electrical workers in the United States are being received here, according to J. P. Noonan, acting president of the International Brotherhood of Electrical Workers.

CHICAGO NURSES OF BASE 14 BACK FROM OVERSEAS

31 Reach New York on a German Ship Taken by the U. S.

BY C. V. JULIAN.

New York, April 17.—[Special.]—The giant German vessel Kaiserin Augusta Victoria, the first of the German commercial liners to be surrendered to the allies, docked here at 7:15 tonight with 2,319 overseas Yanks and nurses on board. Among the nurses were thirty-one of base 14, most of whom are from the Michael Reese and St. Luke's hospitals.

Tomorrow a large force of mechanics will board the vessel to make changes which will increase its bunk capacity so that it can bring back 7,000 doughboys on the next trip. The return trip to France will not be delayed by the work as the mechanics will continue their task while the ship is steaming eastward.

Thirty-one Nurses Arrive.

The thirty-one nurses of base 14 returned in command of Miss Madeline McConnell. The unit arrived in France last August with 100 nurses and five civilians. The remaining nurses are now on duty with the overseas forces.

Miss McConnell and Miss Alice L. Barth, who also returned today, saw three months' service in the front areas of the Argonne-Meuse region, where they served as members of a surgical team, of which the other members were Capt. Harold Jones, Lieut. C. C. Piper, and Privates Henderson and Fry, all of Chicago.

Former Commander Returns.

Base 14 was located at Mars-sur-Allière throughout the war. It was commanded by Col. W. W. Vaughan, who, after being transferred, by an odd coincidence returned today as a casual officer on the Kaiserin.

The nurses of base 14 who returned today, all of whom are from Michael Reese or St. Luke's hospital, were:

Madeline McConnell,	Ruby MacDonald,
Marie Armstrong,	Margaret Mahan,
Alice L. Barth,	Helen McNab,
Elnora Battin,	Mildren Mihills,
Florence Beisel,	Alice Morier,
Florence Blodgett,	Anna Moser,
Laura Browar,	Edna Murray,
Gertrude Bryan,	Rena Murray,
Caroline Donsig,	Neva Rooks,
Sydney Dorman,	Anna Sylvani,
Florence Dugan,	Helen Taggart,
Harriet Ely,	Bertha Vining,
Adelaide Hewson,	Marguerite Votaw,
Kate Hutton,	Bessie West,
Cecelia Johnson,	Marian Levin.
Bertha Lee,	

Other Chicago Nurses Back.

Other Chicago nurses who arrived today as casuals or members of various hospital units were:

Hortense Robinson, 7050 Eggleston avenue.

Julia Norrellund, 1250 Bryn Mawr avenue.

Alva Peterson, 6600 Drexel avenue.

Mary B. White, 6241 Wayne avenue.

Isabel Husker, 4846 North Lawndale avenue.

Mary Gehan, 2700 Prairie avenue.

Margaret Wilson.

On the Saxonia, which also docked today, was Miss Ruth Agar, 4901 Woodlawn avenue, Chicago, who served six months with the Red Cross, conducting an officers' hut at Souilly. She was met at the pier by her father, James S. Agar, former campaign manager for Maclay Hoyne.

There were several hundred Illinois men and officers scattered among the various outfits which reached here on five transports. On the Sierra were approximately 500 former Blackhawks who had been used as replacement troops. They had not seen action. Chicago officers who returned were:

Capt. Ernest V. Lippe, consulting engineer at 35 South Dearborn street.

Capt. Hunt Wentworth, 1240 Lake Shore drive.

Capt. John McGuire, 7424 Evans avenue.

Capt. William Hewes, 1536 West Forty-seventh street.

Lieut. Charles Munn of 3758 Sheffield avenue.

Mrs. Frances Ambler, wife of Capt. Harold Ambler of 234 Franklin street, also arrived today.

ASKS DIVORCE

Wife of Crown Prince Will Seek Freedom.

PRINCESS CECILE.

ZURICH, April 17.—The former German Crown Princess Cecile has taken steps to divorce her husband, Frederick William, according to a statement given to Swiss newspapers by the former Grand Duchess Anastasie of Mecklenburg-Schwerin, mother of the former crown princess.

The statement of the grand duchess charges Frederick William with cruelty o his wife, saying:

"My daughter will be able to place before the German court overwhelming evidence against her husband and will be able to prove many instances of the grossest cruelty against him. His infidelities were numerous and there is abundant proof of them. His brutality was atrocious. On more than one occasion my daughter was treated with actual violence. She was bruised and her face was disfigured by her husband's blows."

4,500 'RAINBOWS' LEAVE FRANCE ON 4 WARSHIPS

Troops Due at New York and Newport News on April 27.

Washington, D. C., April 17.—More than 4,500 officers and men of the Forty-second (Rainbow) division were included in troops announced by the war department today as having sailed from France. The Rainbow division men are aboard four warships, the battleships Minnesota and South Carolina, due at Newport News April 27, and the cruisers North Carolina and Montna, due at New York on the same day.

The units announced today as having sailed include the headquarters of the Eighty-third infantry brigade, which is commanded by Brig. Gen. Frank M. Caldwell; the One Hundred and Sixty-seventh infantry, which was formerly the Fourth Alabama infantry; the One Hundred and Fifty-first machine gun battalion, originally composed of three companies of the Second Georgia infantry, and the One Hundred and Seventeenth signal battalion, which, when it went overseas, was made up of Missouri troops.

The transport Matoika sailed April 16 for Newport News with base hospitals Nos. 1, 9, 17, 52, 58, 67, 68, and evacuation hospitals Nos. 1, 2 and 4; headquarters detachment Sixty-ninth infantry brigade; One Hundred and Tenth supply train; field and staff, First battalion; sanitary detachments and Companies A to D, inclusive, of the Three Hundred and Forty-sixth infantry; three convalescent detachments and three casual companies.

The transport Antigone also sailed April 16 for Newport News with the One Hundred and Tenth field signal battalion, One Hundred and Tenth sanitary train; field hospitals 137, 138, 139, and 140; One Hundred and Twenty-ninth and One Hundred and Thirtieth machine gun battalions.

MORE CHICAGO WAR VETERANS ARRIVE IN EAST

Another Chicago contingent has reached New York and expects to arrive in Chicago soon. It is the Four Hundred and Ninth Telegraph battalion, composed largely of employés of the Chicago Telephone company. The company sent a reception committee to welcome them at New York.

The battalion is now at Camp Merritt, N. J. Capt. C. F. Moran in a telegram of thanks to Vice President H. F. Hill of the telephone company, after setting forth that the unit has been de-cootized, states that:

"All the men are well and anxious to get to their homes."

8,502 YANKS REACH NEW YORK.

NEW YORK, April 17.—[Special.]—Five transports, carrying 8,502 members of the American expeditionary forces, docked at New York and Hoboken piers today. They were the Kaiserin Augusta Victoria, Saxonia, Iowan, Sierra, and Roanoke. An abstract of the personnel on each follows:

Total on board, 1,606.

ROANOKE—Nineteen officers and 920 men of the Twentieth engineers; 14 officers and 265 men of the One Hundred and Fifteenth supply train; 2 officers and 122 men of the Fifth cement mills company and casuals. Total on board, 1,395.

HOW U. S. CAPTAIN SHOT IN MOUTH CLEANED UP FOE

Newport News, Va., April 17.—[Special.]—How Capt. Kepner, one time of Chicago, cleaned up German machine gun nests with Company I, Fourth infantry, after being made speechless by a wound through the mouth, was told today by Private Rupert A. McGinn of Cheboygan, Mich. The company went into the fight with 200 men and returned with twenty-three, after a ten minutes' engagement.

Kepner led his men through the entire fight, yelling encouragement at them as one after the other was shot down by the Germans. Finally a machine gun bullet hit him in the mouth, making a serious wound.

He could not talk, but remained at the head of his fast decreasing company, giving commands by executing them himself and beckoning the men to follow him.

'HERO,' ELECTED, SHOWN AS FAKE; JOKE ON VOTERS

Soldier Proves Opponent Was "Decorated" by Himself Only.

Victory styles have changed. They're not wearing unauthorized hero medals in the central department of the army this spring.

The last D. S. M. to fall under the April onslaught of irate military authorities dropped with a dull tinkle yesterday from the breast of Private Leo J. Biladeau. With it came the graceful coils of the French fourragere that looped the private's shoulder, but not before they had carried him to the berth of city treasurer of Kankakee on the anti-Republican ticket in last week's election.

Private Biladeau came home to Kankakee recently, after having served with Company L of the One Hundred and Twenty-ninth infantry, Prairie division. He was sent to general hospital 32 in Chicago to convalesce from illness resulting from a gas attack during his overseas service, according to hospital authorities, and was sent home in time to jump into the race for city treasurer against Lieut. Dusenbury, also of the One Hundred and Twenty-ninth infantry, who lost a leg while leading a platoon in the Argonne.

Wins in Election.

The combination of D. S. C. and the brilliant shoulder cord, which Treasurer Biladeau told home folks and home papers had been conferred upon him personally by Marshal Foch, proved too much for the opposition, and the decorated soldier "went over." The winning candidate said the distinguished service medal had been awarded him for gallantry in action by a major general at the Forty-seventh street hospital in Chicago.

It was a good yarn and "stood up," but—

"We've lost the election and we're out after a few facts now," declared Lieut. Dusenbury, who came to Chicago on his crutches yesterday leading a delegation of citizens bound on investigation. "The new treasurer has taken off his decorations and we've proved that they are unauthorized."

Authorities at general hospital 32 declared last night that no decoration of any kind had ever been awarded Private Biladeau in the hospital and that his service record carried no mention of bravery citations.

Claim Called "Absurd."

"The man is breaking regulations if he is wearing the Fourragere," said Maj. Thomas B. Crockett, department intelligence officer, last night. "A war department order reads, in part:

"'The fourragere, a cord looped over the left shoulder and under the arm, is a French decoration accorded an organization for collective gallantry. But two American organizations are entitled to wear the decoration. They are American sanitary section 646 and the One Hundred and Third aero squadron, formerly the Lafayette escadrille.'

"This official order, of course, precludes the wearing of the decoration by any infantryman and makes the statement that it was personally presented by Marshal Foch absurd."

Dr. Rumely Indicted on U. S. Plot Charge

New York, April 17.—Federal indictments were returned late today against Dr. Edward A. Rumely, former owner and editor of the New York Evening Mail, and his attorneys, S. Walter Kaufmann and Norvin R. Lindheim, charging them with conspiracy to defraud the United States government. It is alleged that Dr. Rumely and his attorneys conspired to conceal the ownership by the imperial German government of $1,451,700 of the capital stock of the S. S. McClure Newspaper corporation, which represented controlling interest in the Mail.

FOR BENEFIT OF THE BLIND

CAKES 'N EVER'THING

Society women have invaded the kitchens for the last few days in the name of sweet charity. Mrs. Kenneth Sawyer Goodman has prepared a delicious fruit and nut cake made from her great-grandmother's favorite recipe, and her mother-in-law, Mrs. William O. Goodman, has made dozens and dozens of peanut cookies. Mrs. A. Watson Armour has made a wonderful chocolate cream cake, and Mrs. Potter Palmer a marshmallow cake.

These and many other delicious cakes will be sold today and tomorrow at the Little Blind Shop, 24 East Monroe street, for the benefit of the permanent blind relief fund, of which Mrs. Arrick Kirk is chairman. Mrs. Henry S. Robbins is chairman of the shop and Mrs. Frederick H. Rawson and Mrs. Edward R. Litsinger are in charge of the sale.

The shop is being decorated with old fashioned, sugar coated Easter eggs and there will be storks and bunnies galore to attract the eye.

JAPAN TO BE FIRM BUT HUMANE IN COREA, IS CLAIM

Washington, D. C., April 17.—[Special.]—The seriousness of the situation and the alarming proportions the riots have assumed throughout Corea have led to the adoption of more rigorous measures than the employment of police forces alone, but the authorities are combining humanity with firmness, according to a statement obtained from an authoritative Japanese source today.

Reports of alleged Japanese cruelty are declared to be unfounded and it is also asserted that there is no tendency on the part of the Japanese authorities to suggest that American missionaries have been instigating the uprisings in Corea.

Some malcontent Coreans, it is indicated, have sought to implicate the missionaries in their plots.

It is also declared that there is a danger of an inflow of bolshevist element from Siberia into Corea and that in view of this peril Japanese troops and gendarmes have been dispatched to Corea.

Former Can Company Man Arrested in Wheat Pit

In the pit of the board of trade yesterday Raymond Smith, formerly a cashier for the American Can company, was arrested by Detectives Loftis and Moran. He is charged with embezzling $6,000 of the concern's funds. Smith disappeared last February from his home, 3023 Cullom avenue. He is said to have lost $800 to Peter Badorf in a dice game. Badorf later was found slain.

EARLY PLEDGES TO 'V' LOAN RUN INTO MILLIONS

Preparations Speed Up for Official Start Monday.

Reports of the first Victory loan pledges poured into organization headquarters yesterday. The municipal pension fund voted to purchase $100,000 worth of the fifth loan, the jewelry trades committee announced pledges amounting to $200,000, Victor F. Lawson put his name down on the newspaper trade committee's roll for $125,000, and Arthur Brisbane, chairman of the committee, followed with $100,000.

MRS. MARY A. GLICK.

More than $2,000,000 in sales pledges was recorded at a meeting of 500 local chairmen of the Victory loan committee of the Order of the Eastern Star at the La Salle, at which Mrs. Mary A. Glick presided. There are about 50,000 members of the order in Chicago and twice that number in the state.

Subscriptions cannot legally be received until Monday, April 21, it was explained at loan headquarters and pledges made before that date are merely agreements to subscribe.

Five Thousand Hats to Shine.

Chicago's first, last, and only chance to see 5,000 silk hats at once will occur Sunday. And with it will come the opportunity to view the biggest of all fashion shows, free of charge.

The Twenty-first ward, the heart of the topper-and-cane-on-Sunday district, is to stage a community parade and show off its Easter togs. The Victory loan organization has the plans in hand and is pledged to have at least 10,000 in line—and hopes for two or three times that number.

Every man, woman, and child in the ward, who is working for the success of the loan, or expects to subscribe to it, is to meet at Cass and Ohio streets at 3 p. m., Sunday, all dressed up. Derbies aren't barred, but will be shoved into the rear ranks.

Will Have Two Bands.

Two bands will lead the procession to the Lake Shore drive and into Lincoln park. At St. Gauden's Abraham Lincoln it will halt, a chorus of 300 colored singers will render Easter music, Harold F. McCormick will introduce former Gov. Eberhardt of Minnesota, and the Victory loan campaign will be formally launched in the ward.

"Why two bands?" the woman worker who phoned about the parade was asked.

"Well, you see, with these new tight skirts and all, some of us may not be able to move so fast as the others," was the reply.

Big Guns to Help.

Big guns will open the Victory loan drive downtown—guns so big that they may not be fired in the city for fear of breaking windows for a mile around. They will arrive on two special trains Monday and be hauled to Grant park.

The biggest of them all—the largest gun ever to be seen in the interior of this country—is a twelve inch railway gun. With it will be a twelve inch railway mortar, seven officers and sixty enlisted men of the coast artillery corps.

The two thousand six hundred and seventy-second anniversary of the founding of Rome and the opening of the Victory loan drive will be celebrated simultaneously Monday by Chicago Italians with a dinner at the La Salle, at which Maj. Gen. Leonard Wood will be the guest of honor.

Three hundred salesmen who have worked in the four previous campaigns completed their organization at a meeting at the La Salle yesterday and are ready for the fray.

Class for Bond Saleswomen.

Mrs. Jacob Baur, chairman of the women's Liberty loan organization, announces the final class of instruction for bond saleswomen will be held this afternoon at 2 o'clock in the ballroom of the Hotel La Salle.

Subscribes for $1,300,000.

New York, April 17.—The Equitable Trust company announced that the United States Food Products company had placed with it a subscription for $1,300,000 of Victory bonds.

illustrations have filled many millions of dollars worth of space for national advertisers. The big point is, however, that they have brought back many more millions. The fact is attested by the constantly increasing use of them by the same advertisers. Every Frey illustration of today has years of national advertising experience back of it. This experience obviates the necessity for guesswork if you have national ideas to express.

FIRST TRUST AND SAVINGS BANK

BANKING DEPARTMENT, CHICAGO April 18th, 1919

To Subscribers of the Victory Loan:

Whether or not you are a depositor you are invited to designate the First Trust and Savings Bank as the place of payment for your Victory Liberty Loan subscription. Either of the three following methods may be adopted by you in making payments: (1) for cash: 10% with subscription and balance when bonds are delivered: (2) under the government installment plan: 10% with subscription, 10% on July 15th and four equal installments of 20% each on August 12th, September 9th, October 7th and November 11th; or (3) under the partial payment plan: 10% with subscription and $2.50 semi-monthly until paid, for each $50.00 subscribed.

During the four Liberty Loans the First Trust and Savings Bank and the First National Bank of Chicago have handled subscriptions totaling $128,303,450 representing 292,352 subscribers, 57,936 of whom made payments under the partial payment plan.

This record justifies us in assuming that we have rendered a service that has proven entirely satisfactory and in placing at your disposal the facilities which we have developed since the first Liberty Loan Bond issue was floated can assure you of the same prompt and courteous service to which over 100,000 savings depositors attest.

Where desired, we will accept Liberty Loan Bonds and Notes under safe-keeping receipt without charge, in any amount up to $1,000.

Yours for the Victory Liberty Loan,

Melvin A Traylor
President

P.S. The First Trust and Savings Bank is conveniently located on the ground floor - under the clock - at the northwest corner of Monroe and Dearborn Streets.

Easter This Year

will mean even more than usual—with so many homecomings—so many reunions.

There are happy homes this Easter where there has not been true happiness for many long days.

And there are other homes—perhaps less fortunate—but where there is a spirit of thankfulness that a life was spared.

Into these homes, this Easter, will come the best of cheer—the best of friends—the best of candies—

AGED DRUGGIST SHOT; WOMAN ROBBED IN HOME

Garrity Plans Drive as City's Crime Record Reaches Peak.

(Continued from first page.)

the other snatched the black bag. A third man was at the wheel of the car. The two men jumped into the car and it whirled south in Lowe avenue. The driver lost control at South Union avenue and West Ninetieth street; smashed the car against a telephone post, and the three bandits took to their heels.

Late last evening three boys were arrested at Sixty-ninth and Halsted streets and were taken to the office of Chief of Detectives Mooney for questioning. They were pointed out by Fred Kammerer of the Mooney & Boland Detective agency. He went out on this case and learned enough to convince him that the job was done by a poolroom gang in that neighborhood.

Boys Not Identified.

Lieut. John Martin and Detective Sergeants Frank Welley, William Crot, and William Shea went out on the case, and at Kammerer's request took the boys into custody. They are said to be friends of Duggan. He did not identify any of them as having been in the holdup. They are James Drew, 7242 Union street; John Hand, and Edward Nenion. Assistant State's Attorney John Lowry went to detective headquarters last night to question them as well as Duggan.

Drew is a street car conductor living at 7242 Union avenue. He was off duty yesterday and could give no satisfactory account of his whereabouts. He has a police record, having been arrested on a burglary charge in 1911 and in connection with an auto theft two months ago. Duggan last night said he believed Drew was one of the men who held him up, but could not be sure.

Gun Battle with Gang.

While another squad of detectives from the office of the central bureau were out on the west side looking for the auto bandits they encountered a gang of thieves and had a revolver fight with them while chasing them in an automobile.

Lieut. John W. Loftus and Detective Sergeants Charles Gratton, Frank Johnson, Daniel Gilbert, and John Hernigle were in the police car. They had just come out of the saloon of James Ghishm, called "The Turk," when they saw an automobile on Wood street which attracted their attention.

There were five men in it and the license number was mutilated. They chased the car to Van Buren and Paulina. Johnson leaned out of the police car and called on the men in front to stop. In response a bullet came toward him. The police then began shooting and the chase went along for several blocks.

At Congress and Morgan streets the car in which the supposed bandits were riding collided with a butcher's wagon carrying a load of chickens. The car was wrecked and the men scattered. The police separated and went after each man.

One Shot, One Surrenders.

Detectives Gratton and Hernigle came upon two of the men at Harrison and Green streets. One of the men stopped and made a motion to pull a revolver. Gratton shot him, the bullet striking him in the shoulder and coming out through his breast. The other man surrendered. They gave the names of Binkowski and Somnerio. Binkowski, who was the one shot, was taken to the county hospital. He said he had met the other men at Thirty-fifth and Halsted streets and they had all started out to find a bank or a store to rob. He said they had not done anything.

Lieut. Loftus and a squad of men went to Binkowski's home late in the evening and found two acetylene gas tanks and an acetylene torch, such as used by up to date burglars in melting open steel safes. Sommerio, when questioned, finally gave details of how the gang of five, sometimes working together and sometimes two or three on a job, had participated in a dozen or so robberies of pie bakery wagons in the last few weeks.

Other Robberies.

Three young men armed with revolvers entered the delicatessen store of Isadore Hisser, 321 East Fifty-third street, last night, and ordered Hisser to hold up his hands. When he refused one of the men struck him with a revolver. The robbers took $5 and ran out.

R. W. King, owner of a feed and hay store at 132 Root street, said three colored men came into his place at 5 o'clock and took $300 from the cash drawer.

William Engleman, 1001 North California avenue, was shot by Frank Kendziora, 1427 Wicker Park avenue, early yesterday. Engleman and Roy Taylor, 2204 North Lowell avenue, approached Kendziora near his home. He shot because he thought they were going to rob him. Engleman was taken to the bridewell hospital. Taylor ran but was later arrested and admitted that he and Engleman had planned to rob Kendziora, who, they thought, had a large sum of money with him. Taylor said they wanted the money to go to a dance.

Two men entered the saloon of N. E. Gera, 462 Milwaukee avenue, shortly before midnight and robbed the owner of $125 cash and a gold watch.

POLICE IN EAST HUNT MISSING NEWARK GIRL

New York, April 17.—[Special.]—The police of Newark and several other New Jersey cities and towns, as well as the police of this city, are using every available detective in the search for Viola Mueller, 14 years old, Newark, who has been missing since a week ago Wednesday.

The police have arrested Howard Beatty, 30 years old, a window dresser, employed by a New York drug firm.

In the disappearance of this child the bureau of missing persons fears that this may develop into a case similar to that of Ruth Cruger, which stirred the entire country two years ago.

Beatty, the police say, admitted that he had met the girl several times and that she had called him by telephone, and that she was to have met him with his wife a week ago Sunday in New York. He emphatically denies that he knows anything more about her.

New York Legislature Passes Rent Probe Bill

Albany, N. Y., April 17.—[Special.]—The senate today unanimously passed the Abeles bill authorizing municipalities to appoint a rent investigating commission. The bill provides that if the commission finds a landlord who has unreasonably increased rentals it may publish his name or raise his assessment so that his return shall not be more than 10 per cent.

2,000 FOOT FALL KILLS PUPIL AND FLYING TEACHER

Venice, Cal., April 17.—Andrew Curry, an aviation instructor, and Frank Zebolla of Venice, a pupil, were killed today when their plane went into a tail spin and fell 2,000 feet in a residence section of the city.

Aviator Dies of Injuries.

San Antonio, Tex., April 17.—R. S. Jones of Brooklyn, N. Y., a flying cadet at Kelly field, died today as the results of injuries when the airplane in which he was flying with Lieut. C. B. Sherry fell at Stinson field. Sherry was only slightly injured.

Tacoma Labor Council Refuses to Help Loan

Tacoma, Wash., April 17.—The Tacoma Central Labor council has voted not to appoint a labor representative on the Victory loan committee or to have anything to do with pushing the bonds, it was announced today. The action is regarded as an attempt by the radical labor element to boycott the loan, it was asserted by conservative labor men today.

Dr. Cady, Noted Architect, Passes Away in New York

New York, April 17.—Dr. J. Cleveland Cady, an architect who designed the Metropolitan Opera house and the American Museum of Natural History in this city, fifteen of the Yale university buildings, and other notable structures in eastern colleges, died at his home today. He was 82 years old.

DON'T FUSS WITH MUSTARD PLASTERS

Musterole Works Without the Blister—Easier, Quicker

There's no sense in mixing a mess of mustard, flour and water when you can easily relieve pain, soreness or stiffness with a little clean, white Musterole.

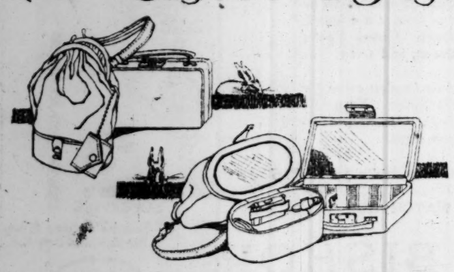

Musterole is made of pure oil of mustard and other helpful ingredients combined in the form of the present white ointment. It takes the place of mustard plasters and will not blister.

Musterole usually gives prompt relief from sore throat, bronchitis, tonsilitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia).

OFFICERS DEFEND COURTS MARTIAL IN BAR HEARING

Immediate Justice Must Yield to Needs of the Army, They Say.

Washington, D. C., April 17.—The system of military jurisprudence is designed to produce an efficient dependable fighting army, not to do exact justice to individual soldiers, according to the views vigorously presented today to the committee of the American Bar association by army officers of field experience, including Maj. Gen. Edwin F. Glenn, organizer and commander of the Eighty-third division and now again in command of Camp Sherman.

In attaining that objective, the officers contended, the present machinery for enforcing military discipline had proved both efficient and fair, the final product of the system closely approximating justice to the individual in addition to producing what Gen. Glenn described as the best disciplined army in France.

Cases of court martial sentences so excessive in the penalty awarded as to be ridiculous were freely admitted by the officers.

S. S. Gregory, chairman of the committee, and Gen. Glenn engaged in considerable argument which brought out that the officer, speaking both from his military experience and his special training in civil law as a graduate of the law school of the University of Minnesota, saw little in common between the purposes of civil justice and its military equivalent.

Maj. Charles H. MacDonald, Gen. Glenn's divisional judge advocate, at Camp Sherman, but who is a temporary officer and before the war was counsel for the federal trade commission, followed his chief and expressed the same views.

"You are not looking for exact justice," Maj. MacDonald said, "when you are building an army of the size of that the United States was building. Suppose men did get sentences of twenty years or forty years. The dishonorable discharges were suspended and they went to the disciplinary barracks, probably to be restored to service, if they were worthy of restoration. It was the lesson involved.

"When exact justice interferes with the building up of the army exact justice must be sacrificed."

ACTRESS TURNS ATTORNEY; WINS CASE AND PRAISE

JESSIE NAGLE
HOPPER PHOTO

From actress playing a star rôle to a real Portia pleading at the bar for a poor colored woman charged with contributing to the dependency of her children is a long step, but Miss Jessie Nagle, graduate of the Kansas University law school and who says she is the daughter of a judge, accomplished it easily yesterday. Miss Nagle, who is playing at the Cort theater, appeared before the bar in the Court of Domestic Relations to defend Mrs. Laura Watkins, charged with contributing to the dependency of her two children, Margaret, aged 13, and Alvin, aged 10.

Miss Nagle made an eloquent plea to Judge Fry, urging that Margaret and Alvin be permitted to return to their mother. As the result of her argument Mrs. Watkins was put on probation for one year and Judge Fry left the bench to compliment Miss Nagle.

Assistant State's Attorney Michael Rosinia also offered his hearty congratulations to the actress-attorney.

MY TIRED FEET ACHED FOR "TIZ"

Let your sore, swollen, aching feet spread out in a bath of "Tiz"

Just take your shoes off and then put those weary, shoe-crinkled, aching, burning, corn-pestered, bunion-tortured feet of yours in a "Tiz" bath. Your toes will wriggle with joy; they'll look up at you and almost talk and then they'll take another dive in that "Tiz" bath.

When your feet feel like lumps of lead—all tired out—just try "Tiz." It's grand—it's glorious. Your feet will dance with joy: also you will find all pain gone from corns, callouses and bunions.

There's nothing like "Tiz." It's the only remedy that draws out all the poisonous exudations which puff up your feet and cause foot torture.

Get a 25 cent box of "Tiz" at any drug or department store—don't wait. Ah! how glad your feet get; how comfortable your shoes feel. You can wear shoes a size smaller if you desire.

U. S. AVIATORS PICK JUMPOFF NEAR CAPE RACE

Navy Officers Reported to Have Chosen Inlet Site.

ST. JOHN'S, N. F., April 17.—United States naval aviation officers have selected a site on the shores of the Bay of Biscay on the south coast of Newfoundland, a few miles west of Cape Race, as the jumping off spot for their trans-Atlantic flight, according to a report received here from Trepessy bay.

This report states that two Americans recently had spent a day looking over the ground and that they are understood to have made an agreement for use of a meadow fronting on the inlet before they were picked up by a destroyer.

Raynham Tests Plane.

While weather conditions at sea were too unsettled today to permit Harry G. Hawker, Australian airman, or Capt. Frederick P. Raynham, his British rival, to start their trans-Atlantic race for the $50,000 prize offered by the London Daily Mail, conditions today over this section of Newfoundland were favorable enough to allow Raynham to make a test flight in his Martinsyde biplane.

Hawker already has made his final trial trip in his Sopwith, and tonight both machines are resting in their hangars, with petrol tanks filled, ready to take the air at the first signs of clearing.

To both machines had been affixed the seal of the Royal Aero club.

Until today Raynham, who had rushed the work of assembling his plane, while his competitor was held to the ground for six days by wind, rain, fog, and snow, had been unable to give his plane an initial tryout in the air.

"Hops" from Pasture.

The Martinsyde was pulled out from its canvas hangar at Quidividi about noon. Instead of taking off from a road in front of his "airdrome," as he had planned, Raynham and his navigator, Maj. C. W. Morgan, rose from a bit of pasture land nearby.

The scarlet and white machine circled over the flying field before heading inland. Later the machine darted over the harbor's mouth, and then, in a series of spirals, sank to a perfect landing near its hangar. The maximum altitude reached was 4,500 feet.

Raynham reported that he had found the machine "fit to fly."

Raynham and Morgan observed on their flight great fog banks off the coast, rising from floating ice and extending far out into the Atlantic.

Wood Starts Next Week.

LIMERICK, Ireland, April 17.—Maj. J. C. P. Wood expects to start on his attempt to cross the Atlantic in an airplane early next week, according to announcement made by Wood's representatives here today.

Fails to Lift Its Weight.

New York, April 17.—[Special.]—The giant naval flying boat, N. C-2, America's entry in the trans-Atlantic flight, failed today to lift its full load from the water in a test made on Jamaica bay.

At the time of its failure the huge craft had a load of more than 30,000 pounds on board. This is exactly equivalent to the load it must carry in order to make the attempt to fly across the Atlantic a success.

Lieuts. Otto and Parker and Mechanician Hornby, army flyers unofficially reported missing with the big plane H. S. 2 between Bluefields, Nicaragua, and Havana, Cuba, are safe in Nicaragua, having been prevented from starting for Havana by engine trouble.

LLOYD GEORGE'S ADDRESS.

The American public will read the British prime minister's eloquent and significant address in the house of commons with mixed emotions. So far as Mr. George found it expedient to be explicit, notably, for example, as to Russia, his statements of conference intentions were reassuring. Americans will approve the general spirit and purport of the address as indicating a reasonable disposition to deal with the critical conditions in central Europe in a practical rather than a sentimental or vengeful way.

But Americans also will wish that we might be treated to at least as frank a statement from Mr. Wilson as the house of commons and the British people have been favored with by Mr. George. They cannot but be impressed by the simplicity and directness of the relation thus maintained between the British leader and his public in comparison to the secrecy and autocracy existing in our situation which no rhetoric can disguise. During a congressional recess, Mr. Wilson, indeed, returned and made two eloquent but highly general public addresses, but there was no way for congress to act upon them and Mr. Wilson even went so far as to declare in regard to the draft of the league covenant which he brought back that it was not to be amended. In fact, throughout the conduct of our foreign relations our executive has virtually ignored the coördinate branch of the government, and this in spite of the fact that our constitution provides for its check upon his treaty making powers, which by necessary inference would point the expediency if not the necessity of conference and cooperation between the executive and the senate.

Contrasting the directness of control provided by the British system with the rigidity and indirectness of our own, it is well to note Mr. George's remarks upon support for his course. The prime minister returned to make a statement of his stewardship. He said he was going back "if the house wants me to go back." He reminded it that there were others who could be sent in his place, but whoever was sent must have the fullest confidence of parliament behind him. "I know that parliament can repudiate the treaty, when it is signed, but it will be difficult to do it once the signatures are attached, and so before any one goes there parliament must feel that they know that whoever is there will carry out his pledges to the uttermost of his powers."

Compared to this our own situation must seem complicated and illogical. Our system requires that the senate shall advise and consent to treaties and there can be no responsible advice or consent without consultation between the executive and the advising and consenting body. Yet our representatives at the conference, working behind closed doors, in an airtight compartment, are trying to produce an accomplished fact. Confronting this the senate, though solemnly bound to judge, is confined to the decision only of extremes. It must decide whether the total consequences of rejection are to be preferred to the total consequences of acceptance. If, indeed, it accept the treaty with amendments, the amended treaty will have to go to the other powers signatory for confirmation.

This being our system, it would seem that consultation and report prior to final consideration are imperative unless our system is to defeat itself. The action of the Republican senators and the debate thereby precipitated were, in fact, an attempt to obtain the full benefit of our constitutional method, and we trust will serve to set a precedent for future conduct. Mr. Wilson has followed a course inconsistent with the real intent of the constitution and it is to be hoped it is the last time such a course will be followed.

FARMERS AND BOLSHEVISM.

The peasants in Russia, the great, little, white, and other parts of Russia, do not object to the soviet political principle. They do not object to communism when it takes great estates and divides them into parcels sufficient to sustain the new peasant proprietor who is the beneficiary of confiscation. But when bolshevism proceeds to its necessary policy of commandeering labor and product for maintenance of production and distribution of products the peasant does object.

Frazier Hunt says that the Russian peasants will not grow any more grain than they need themselves because they do not intend to feed the industrial districts. Exhorters and machine gun crews go after them, but the peasants are obdurate.

The Red guard has gone into the Ukraine, trying to get the grain and vegetables and farm produce from the hoarding peasants, but have been unable to take it from them. The guard has not been strong enough.

The agrarians will not abide communism when it is to be applied to their labor and their products. They are individualists as soon as they have obtained what they could get for themselves from the land estate owner whom they regarded as their enemy.

A Hungarian bolshevist philosopher said that capitalism could not handle the situation in central and eastern Europe because capitalism could not pay the wages demanded and could not employ compulsion to force labor into service.

Bolshevism, being the applied philosophy of the laboring people, can compel the people to labor and it does not have to pay them more than the system can carry. They are working for each other. And they must work. It can use force.

That is precisely where the agricultural communist parts company with the industrial communist. That is why the peasants of Bavaria are against the new soviet government of Bavaria.

We imagine that if a Red guard from Chicago went into the corn belt of central Illinois and endeavored to say how much work the farmer should do, how much grain he should raise, and how much he should send to support the soviet workmen at Gary, for instance, there would be something doing in the corn belt of Illinois.

THE MONROE DOCTRINE.

The league of nations covenant, as outlined in the summary, stipulates that a nation, having reduced its armaments, may not increase them except with the consent of the league council.

If the United States accepts this provision and is not wise enough to lay down the foundations—at least the foundations of an adequate army before it accepts—it may find itself in the position of being unable to assert effectively what it asserts rhetorically.

It reserves the right, in the covenant, to assert rhetorically the Monroe doctrine. That doctrine will depend upon the strength which the United States can give it. The strength will depend upon the ability of the United States to meet the need for force with adequate force.

If it found its strength wholly unequal to the demands made upon it by the necessity of preserving order in the western hemisphere, it would find that its reservation of the Monroe doctrine was a meaningless phrase.

If we have to resort to the council of the league of nations for ability to enforce the Monroe doctrine, we have to submit the doctrine to the league of nations. If we cannot enforce it we do not assert it.

If we adopted universal service before the disarmament stipulations took effect we should solve the difficulty. If we reserved the right to create a citizen army as we saw fit for our own domestic purposes we might solve it. But if we tie our hands with an agreement to allow other nations to say how much developed strength we may have, we may make the Monroe doctrine an empty phrase in the covenant—either that or we shall put ourselves in the way of breaking our pledged word at the first necessity of doing so.

How could we handle Mexico, for instance, if our forces were limited to 100,000 men and the requirement were for 200,000—if Europe and Asia had to say whether we could have 200,000?

KILLING THE KAISER.

The Belgian delegation to the peace conference says that the Belgians have no tribunal for the trial of the former German emperor and do not intend to accept the task of bringing him to justice.

The secretary of the delegation has issued a statement in which he says that the Belgians seek justice and not revenge. He says that if criminal procedure is to be brought against individuals responsible for specific acts, the Belgians will furnish the evidence—against Gen. Baron von Manteuffel for the sacking of Louvain, against Gen. von Schroeder for the murder of Capt. Fryatt, against Gen. von Sauberzweig for the murder of Edith Cavell, etc., etc.

But Belgium will not undertake the criminal prosecution of a man for the sins of an empire. The Belgians may think that it would be unwise for a small nation to put the head of Charles I. over its head, and thereafter to be hunted into the wilderness as the regicide. Why have the smallest nation in the alliance against Germany act as the hangman? Alliances change with times and times do change. Sometimes time changes before memory fades.

The Belgian declaration has dignity, and, we believe, common sense. The Belgians want reparation and justice. They do not want revenge. The kaiser exercised a prerogative of sovereignty. He made war. It may or may not have been forced upon him by his advisers. He made it.

In the system which Europe not only tolerated but supported, this was his sovereign right. He could make an unjust war or a just one, under real or theoretical restrictions. He could make it. He could regard or disregard treaties. His judgment and the judgment of his advisers as to the good of their country, good judgment or bad judgment, had to prevail and the country had to abide the consequences.

It did prevail. Germany waits to learn what the consequences will be. Nations reserve the right to make war when they see fit. It was the recognized prerogative of the German empire to make war if it wanted to make war. It did, and was destroyed.

A criminal prosecution brought against the authors of atrocities against whom evidence can be produced would be logical and just. If evidence could be produced against the kaiser he might be brought to trial in a court of his enemies. The Belgians say they have evidence against him only in the case of the deportations from Belgium.

Jefferson Davis could have been hanged by the successful unionists. He was not. The British would have hanged such a rebel. The Americans wisely, having fought and won the war, having saved the union, accepted it as a war fought and won.

They punished some individuals. They hanged the man responsible for Andersonville prison outrages. They did not hang Jefferson Davis for Andersonville. They hanged Wirz, who was the commandant at Andersonville. They hanged some confederate irregulars who had been guilty of atrocities.

The Belgians, the most outraged people in western Europe, stand by this theory which was used after the American civil war. If evidence can be brought against an individual, punish the individual, but do not concentrate the ideas and the sins of a nation in one individual and hang that individual high before the nation which sinned, as long lasting evidence that the nation sinned.

Rather than make a martyr out of William II., that was, it would be better that one out of ten junkers should be shot. William II., that was, may merit death, but the process which exacts it will seriously question the right of national sovereignty and the policy which obtains the death sentence will take a life which, ignored, would be harmless, and, taken, will live for generations.

Americans in Paris have not indorsed this kill the kaiser policy, and they have used common sense. Americans are a common sense nation.

Editorial of the Day

TO MANITOBA-MINNESOTA DEAD.

[From the Springfield Republican.]

Citizens of Winnipeg and St. Paul have joined forces to erect a memorial arch on the boundary of Manitoba and Minnesota in honor of the soldiers of the two states who died in the great war. It is a most fitting enterprise. Hands across the border!

DREAM.

I dreamt I saw that Melting Pot
As painter never limned it;
So very Red it was and hot,
Scum on the broth that brimmed it.
When lo! ten secret service men
Took up the Pot and skimmed it.

PAN.

HARD-HEADED common sense is in Lloyd George's remarks about Russia. We should say that the shortest cut to planetary bolshevism would be for each nation to bankrupt itself trying to detach the Russians from a mess of their own making. Let each nation set its own house in order, and the devil take the hindmost.

FAILURE to obtain inclusion of a religious liberties clause in the Covenant is announced by the American Hebrew. We understand, also, that the Authors' league is disappointed because nothing is said about international copyright.

SHE WOULDN'T STAY PUTT.

WE could desire more and longer extracts from the German press concerning the peace terms. They make extremely pleasant reading.

Add "A Goat in Every Home."

[Received by an insurance company.]

Mr. Wilkins Had 2 Boys and a billey Goat. His wife was out of the House before she stepd out she put Her dinner on to cook and the Goat He by association with the Boys felt at Home in the House and it is presumed He tryed to open the Oil stove Door. When Mrs. Wilkins Discovered the Goat with the Burning Stove attached to His Hoarns trying to make His Escape while in this fright the animal scattered Burning Oil in every room which totaly swept these entire belongings with the Flames. Billey Escaped with only a few patches of wool left upon Him Special Agent Castel adjusted this Loss with the above facts to him, and Billey Poor fellow went to the Butcher as soon as He was marketable. The Boys are now in school. The above is the complete facts.

LLOYD GEORGE'S rather pointed remarks about Northcliffe were not exactly gratuitous. A man with a string of newspapers is in constant danger of mistaking himself for an over-ruling providence.

THIS SEEMS TO BE THE ONLY INSTITUTION THAT HAS BEEN OVERLOOKED.

ROAD making was a feature of the *pax Romana*, From that distant day, from a day beyond it, civilization has moved fastest where roads were best. Civilization might get forward in Illinois if it did not spend half of its time in the ditch.

ROADS AND BRIDGES.

(Quiller-Couch, "Studies in Literature.")

Now, in the Middle Ages, to keep these roads, and especially their bridges, in repair was one of the first calls on godly piety: nor will you ever begin to understand these Middle Ages until you understand their charitable concern for all travelers. Turn to your Litany and read:

"That it may please thee to preserve all that travel by land or by water, all women labouring of child, all sick persons, and young children; and to shew thy pity upon all prisoners and captives."

Read the evidence collected by Jusserand, and it will leave you with no doubt that the persons thus interceded for are not mixed together casually or carelessly; but that the keeping of the roads in repair was considered as a pious and meritorious work before God, of the same sort as attending the sick or caring for the poor, or comforting the prisoners. A religious order of *Pontiffs (Pontifices*, bridge-makers) built bridges in many countries of Europe. The famous Pont d'Avignon was one; Pont St. Esprit (still in use) was another. A bridge with a chapel on it was one of the most familiar features of medieval England—a chapel and a toll-gate—the church being no more averse then than now to "take up a collection." Old London Bridge with a chapel on it—Old London Bridge which for centuries was the marvel of England—Old London Bridge, which (mind you) remained until the middle of the eighteenth century, until Dr. Johnson's day, the *only* bridge spanning the Thames—was begun in 1176, finished in 1209, with its twenty arches, by subscription of the charitable.

MR. SELLS, of the lit'ry page of the Daily News, is pleasantly excited by the number of interesting new books that are arriving at his desk, including Conrad's latest. And, looking the spring list over, we agree that it *is* an uncommonly interesting one; though of the novels Conrad's is the only one which raises our temperature to 103.

A Punk System.

Sir: My friend the P. of E. is burning to communicate his f. b. m. but he can't on account of having a mad at your circulation dept. and it's like this. A man writes in to your circ. czar and says he wants the paper and sends his good money in advance for a year and the paper comes and then one year later to a day he has forgotten it has to be paid for and is enjoying clipping the Line when he makes it and is wondering why Andy Gump spells "dough" "doe" (Ha! Ha! Sid!) and everthin' when suddenly all at once without any warning absolutely whatever his paper doesn't come a'tall and he wonders what's the matter and no preliminary slip about his subscription will lapse on a certain date as indicated in the column at the left was sent like all real first class papers *do* send warning asking does he want it for another year and of course he does but he gets mad at the system and its a punk system anyhow and wonders is the c. d. prejudiced against Ohio folks and he's offn you for life and subscribes to another paper and borrows *my* Trib, regular and you lose a corking wheeze and what can be done about it? Yours less in anger than in sorrow,

AS our occasional correspondent, P. D. S., writes somewhat at length and on both sides of the paper, it would help to balance matters if his critics expressed themselves briefly and confined themselves to one side of the sheet.

"THE future of Constantinople has not been determined." Sorry. We rather hoped the old town would be internationalized and the League offices established there.

Condolences to P. D. S.

Professor, 'ware that classic stuff—
The proofroom always treats it rough.
You "Camœnarum" wrote, we know;
The printer would not have it so.
His generous heart supplied the 'r'
That all your careful work did mar,
And the proofreader, eagle-eyed,
That instant winking, let it slide.
The poor man was confused, no doubt,
In wondering what 'twas all about.
And B. L. T. was busy, too,
And so the goldarned thing slipped through.
Sed nunquam animus! I ween
The classicists know what you mean.

Three cents will buy as much food as an ordinary child needs for the noon meal and will go a good way toward supplying the deficiency in the nourishment obtained at night and in the morning at home.

Few adults are undernourished. The rule is that adults are overnourished. This even holds true among people of small earning capacity. On the other hand, a very large proportion of the children of school age are undernourished. A child requires more food in proportion to its weight than an adult does. It exercises harder, and, in addition, growing requires food. Parents do not appreciate the truth of these statements, and the consequence is undernourished school children.

HAIR NOT TAKING STRENGTH.

M. H. M. writes: "My hair has grown so much and so coarse lately I have been told that my strength is going into my hair. (1) Can this be so? If so, what will cure it and make the hair soft and fine? (2) I have too much acid in the system. (3) I have doctored for mucous colitis for nearly five years but get no better. I have a constant burning in left side below the ribs and often have diarrhea. Can you offer any advice?"

REPLY.

1. No.

2. I do not know what you mean by too much acid in your system. Somwehere you have picked up that meaningless phrase, and the best thing for you to do is to drop it.

3. If you have mucous colitis and alternating diarrhea and constipation you probably suffer from chronic constipation. Eat bran every day. Add an abundance of fruit and vegetables to your diet, and, if necessary, take mineral oil in addition.

DEPEND ON PHYSICIAN.

Mrs. W. writes: "Will you kindly tell me what to do or take for pituitary headache? My symptoms are exactly those you explained in your article recently. I have had many doctors and none has helped me. I have had these headaches for years."

REPLY.

If your physician thinks you have pituitary headaches ask him to give you extract of the whole pituitary body. He will give it to you if it is safe for you to take it.

HAIR AND "FLU."

Miss M. W. writes: "I have had nice thick hair, but since I had the "flu" it has become very thin. I would like to know if you have any remedy besides cutting it."

REPLY.

All that you need do is to brush your hair thoroughly each day and wash and grease it as often as is necessary.

THE FRIEND OF THE SOLDIER.

The Friend of the Soldier will coöperate with the war risk insurance bureau of the treasury department, 1307 Stock Exchange building, Chicago, and with the committee of the Chicago Bar association on legal assistance to soldiers and sailors, 105 West Monroe street.

Address inquiries to Friend of the Soldier, "Chicago Tribune." Answers to as many as possible will be published in this department. To insure a personal reply an addressed and stamped envelope should be inclosed.

No attention will be paid to anonymous letters.

APPLY TO THE A. G. O.

Table Grove, Ill., April 15.—[Friend of the Soldier.]—In case of loss of original discharge is it possible to secure a new one in order to get the $60 bonus and how does one proceed or make application to procure it? L. E. W.

You cannot collect the bonus without discharge papers. To obtain a service certificate apply to the Adjutant General, U. S. Army, Washington, D. C., at the same time mentioning that you wish sufficient statement to enable you to apply for the bonus.

DUPLICATE RELEASE.

Ellington Field, Tex., April 14.—[Friend of the Soldier.]—I think you can give me the desired information as to getting a copy of my release from the navy. I have misplaced the original copy and it is necessary that I have a duplicate in order to get my $60 bonus. I was in the United States naval auxiliary reserve school located at Great Lakes, and was released Jan. 10 of this year. Anything you can do for me or any advice you can give me will be greatly appreciated. W. S. K.

It will be necessary for you to write to the Bureau of Navigation, Washington, D. C., for a duplicate copy of your release paper.

STATE TROOPS.

Chicago, April 14.—[Friend of the Soldier.]—About how many men from Illinois were in the war, counting men in all the army and navy? Also can you tell me which national guard regiment is now the One Hundred and Twenty-second field artillery? S. W. W.

It is estimated that there were 308,240 men from Illinois in the army and navy during the war with Germany.

The One Hundred and Twenty-second field artillery was the Second field artillery, formerly the First Illinois cavalry.

FEDERALIZED NATIONAL GUARD.

Chicago, April 14.—[Friend of the Soldier.]—I was honorably discharged from the federalized national guard (having taken the "Hay oath") May 26, 1917, under the war department's dependency ruling. Am I entitled to the $60 bonus? E. L. A.

You probably are; take your discharge to 120 West Adams street and they will pass on it.

ANSWERS.

Miss B. G. Gray, Janesville, Wis.—We cannot give you the exact date on which the Thirty-second division will leave Germany nor when they will reach the United States. The length of time the men are held in camp varies.

D. Kempster, Lee Center, Ill.—The present location of the Six Hundred and Fifty-fifth aero squadron is Bordeaux, where it is waiting final orders to sail.

Mrs. Cummings, Danville, Ill.—The Six Hundred and Third engineers have not left France, but are engaged in supply service.

John R. Meaney—Evacuation hospital 18 is in Toul, France. It has not been mentioned for early homecoming yet.

J. Berge and G. Sweeney—We are unable at present to give you the dates on which the One Hundred and Forty-ninth field artillery or any part of it will return to the United States. If you will follow the newspaper announcements closely you will learn the date of arrival several days in advance of their landing.

J. F. D.—You do not make it clear whether you were actually in the service or not. We advise that you take your papers to the bonus department at 120 West Adams and explain your case to them. If you are eligible for the bonus you can collect it with their aid.

Miss M. Purcell—The Seventh veterinary hospital in St. Nazaire is not attached to any division. It has not been cited for early convoy.

E. J. O.—The greater part of the prisoner of war escort companies are engaged in the service of supplies, as also are the renting, requisition, and claims companies. Prisoner of war escort company 276 is located at Tours, France, according to the latest bulletin issued by the war department.

Edward L. Orr, Detroit, Mich.—A detachment of the Sixteenth aero squadron arrived April 14 at New York on the Plattsburg.

H. P. Dahl—The One Hundred and Sixty-seventh field artillery brigade headquarters has been demobilized. It was part of the Ninety-second division. The brigade was composed of artillery regiments Nos. 349, 350, and 351.

Mrs. Rose Hix, Des Moines, Ia.—Transportation company 60 is in Camp Mills, New York.

R. H. B., Oak Park, Ill.—It is not unusual that you have not received your $60 bonus yet. You must remember that there are thousands of applications which must be attended to besides yours.

W. Workman—No orders to prepare for home coming have been issued to the One Hundred and Twenty-second engineers. They are still engaged in reconstruction on the roads near Le Mans.

Mrs. V. H. Brooks, Atlanta, Ill.—The One Hundred and Sixth engineers has not been assigned convoy.

W. Koehl—If your brother has been transferred to the Twenty-third infantry the prospects for his early return are not very bright, as this regiment is a part of the Second division, now in the army of occupation.

Walter L. Roche—The Three Hundred and Twenty-seventh motor transport corps company has not been cited for early home coming. The present location of this unit is Dijon, France.

Francis Verdin, Rowan, Ia.—Transportation Company 72 is stationed in Is-sur-Tille. The latest lists of early returning units do not include that company.

Mrs. A. B. Wheaton—The One Hundred and Twenty-eighth infantry is part of the Thirty-second division. A detachment of the unit arrived April 10 on the Powhatan, and docked in Charleston, S. C. It may be that your husband returned with that detachment.

Elsie Kriegel, Tigerton, Wis.—The Three Hundred and Second wagon company is still in Gievres, France. They have not been designated for an early return, but have been assigned to supply work with the quartermaster corps.

Miss B. M. Kellogg, Janesville, Wis.—Motor Truck Company 525 is in Bordeaux, but has not been assigned convoy.

BUT NOT AS THEY HAD PLANNED

[From the New York World.]

Who Was David Kinnison?

ON last Monday THE TRIBUNE made the query: "Who was David Kennison?" In restating and answering it the discovery is made that the name is Kinnison and not Kennison. The reason for the error is apparent.

THE TRIBUNE'S query was aroused by the conjecture that of the thousands of persons who daily pass within speaking distance of Kinnison's grave in Lincoln park few were aware of his unique place in local history. The grave is within a few feet of Clark street in Lincoln park at the foot of Wisconsin street and just across a gravel walk from the statue of Garibaldi. It is marked by a large bowlder which bears a bronze tablet. The spelling on the tablet is "Kennison," hence the error.

In response to THE TRIBUNE'S inquiry, letters have been numerous and filled with interesting information; such a wealth of it, in fact, that it now becomes impossible to follow the proposal to publish the "best letter," but instead it seems most expedient to select from the various authoritative accounts of Kinnison's life the portions that appear important in consideration of the space permitted.

Theodore J. Venn of 2034 Lane court, in his account, presents this sketch: "David Kinnison, patriot and centenarian, the last surviving member of the Boston Tea Party, was born in Old Kingston, Me., Nov. 17, 1736, and during his earlier years was engaged in agricultural labor. At the outbreak of the revolutionary war he was among the first to enlist and was one of the Minute Men at the battles of Lexington and Concord. With his father and two brothers he fought in the battle of Bunker Hill. He was a continental soldier until the fall of 1781, most of the time under the immediate command Gen. Washington.

"While engaged as a scout at Saratoga he was captured by the Mohawk Indians and did not regain his liberty until peace was declared. After the revolutionary war he resumed his occupation as a farm laborer, remaining eight years at Danville, Vt., thence going to Wells, Me., where he resided at the outbreak of the war of 1812. He again enlisted as a private soldier, although over 75 years old, and was engaged under the command of Gen. Brown at the battles of Sackett's Harbor and Williamsburg, being badly wounded in the arm by a grape shot during the latter action. . . . Kinnison attained distinction mainly on account of his patriotic associations and his remarkable longevity. He was an illiterate man and possessed none of the elements which are connected with greatness."

Here is interpolated some interesting matter contributed by Charles E. Taylor: After his escape from the Indians "a falling tree broke his skull, his collar bone, and two ribs; the discharge of a cannon at a military review broke both his legs; and the kick of a horse left a scar on his forehead which disfigured him for life. Notwithstanding all these mishaps he was married four times and had twenty-two children."

George G. Reed, a member of the Board of Trade, is authority for the statement that when Kinnison was 101 years old he walked in a single day from Watertown, N. Y., to Sackett's Harbor, a distance of about eleven miles.

Mr. Reed's great-aunt was the fourth wife of Kinnison.

Mr. Venn, to return to his narrative, relates that Kinnison, when 62 years old, was taught to read by his granddaughter.

"He received a pension of $8 a month for his military services," Mr. Venn relates, "but as this was insufficient to supply his needs he augmented his income through manual labor until he reached his 110th year. . . . Kinnison was nearly six feet tall and of powerful physique. It was said by witnesses that he lifted a barrel of cider into a wagon at the age of 102. . . . It is stated that his sight and hearing failed him at the age of 80, but were restored at 85 and remained practically perfect until his death. Kinnison died in Chicago on Feb. 24, 1852."

The veteran was 115 years 3 months and 17 days of age when he died. According to James Edgar Brown, the attorney, he was buried with the highest military and civil honors.

"In the Chicago Historical society," says Mr. Brown, "may be seen a vial of tea and a faded yellow document bearing the following inscription:

"'I declare upon my sacred honor that the tea contained in this vial is a portion saved by me from cargoes thrown into the sea from ships in Boston harbor in the early evening of the 16th day of December in the year 1773. (Signed) DAVID KINNISON.'"

Robert Patterson Benedict of the Illinois Society, Sons of the Revolution, furnishes the information relative to the tablet unveiled over Kinnison's grave:

"Henry Walbridge Dudley, veteran of the civil war, charter member of the Illinois society, Sons of the Revolution, . . . announced at one of the meetings of the society that Chicago had a revolutionary soldier buried in an unmarked grave in Lincoln park. His statement was received with the greatest surprise."

Based on Mr. Dudley's efforts, the Sons and the Daughters of the Revolution united in placing a granite bowlder with a bronze tablet where it now rests within a few feet of Clark street.

Among the other contributors to THE TRIBUNE'S forum in the Kinnison matter was the Chicago Herald and Examiner, which published an account in response to the inquiry made in THE TRIBUNE editorial.

SEWER SYSTEM TO BE INSTALLED THIS SUMMER.

Chicago, April 12.—[To the Friend of the People.]—When will work commence on sewer on Milwaukee avenue from Bryn Mawr to Elston avenue, and on Miltmore avenue from Milwaukee to Elston avenue? J. C. H.

We cannot state at this time just when we will start on the sewers in a system of streets, including Milwaukee avenue, from Bryn Mawr to Melvina avenue, etc. The case is pending in court and as soon as the assessment has been confirmed we will be ready to advertise for bids on the work. We expect to start on the work during the summer.

EDWARD J. GLACKIN,
Secretary Board of Local Improvements.

SHOULD NOT REMARRY WITHIN YEAR.

Chicago, April 10.—[To the Legal Friend of the People.]—I was married in Wisconsin and divorced in Minnesota a year ago, and want to know if I can be married in Illinois or Indiana or Wisconsin right away. C. R. G.

If the divorce was on a ground recognized in the Illinois statute, and you now reside in this state and intend to continue to reside here, we advise against a remarriage within the year, wherever celebrated.

TRIBUNE LAW DEPARTMENT.

DIVISION OF NEW YORK ESTATE.

Fredonia, N. Y., April 12.—[To the Legal Friend of the People.]—If a man dies without making a will and leaves a wife and one child, to whom will his estate go? J. W. C.

The New York real estate will go to the child subject to a one-third life interest in the widow. If the residence at death was in New York, the personalty will go one-third to the widow and two-thirds to the child.

TRIBUNE LAW DEPARTMENT.

DEPENDS ON WORDING OF DEED.

Chicago, April 12.—[To the Legal Friend of the People.]—If a man and wife with two children own a home in common, is it necessary for the husband to make a will in order to leave it to his wife?

In an undivided estate in which husband is interested, if he dies without leaving a will, what part will wife and children get? Can husband's brothers or sisters claim anything? M. J. M.

Unless the deed is worded so that the title is held in "joint tenancy," the wife will take only a one-third life interest and the children will take the balance. If it is so worded, the survivor will take.

TRIBUNE LAW DEPARTMENT.

PARTITION PROCEEDINGS NECESSARY.

Chicago, April 14.—[To the Legal Friend of the People.]—What is the legal rate for an administrator of an estate to charge?

2. A, B, and C fell heir to an estate. B and C wish to sell, but A refuses. Does the majority rule? C is under age, but his mother has been appointed his guardian. L. H. N.

1. Six per cent of the estate.

2. They cannot enforce their will without partition proceedings.

TRIBUNE LAW DEPARTMENT.

SECOND WIFE WILL NOT TAKE.

Chicago, April 15.—[To the Legal Friend of the People.]—A will was properly made by a woman who now is dead, willing her estate to her son, and at his death it was to go to his only child. At the date of will he was divorced, but now he has married a second wife. At his death can this wife claim any part of estate that was named in this will? If any, how much?

READER.

No.

TRIBUNE LAW DEPARTMENT.

CHANGING A NAME.

Chicago, April 15.—[To the Legal Friend of the People.]—What steps are necessary for a girl to take to assume her own name in Illinois after adoption in the state of Michigan?

I was adopted in Port Huron, Mich., some few years ago, but as both my adopted parents are now dead, I am anxious to resume my own name. E. F.

No legal proceedings are necessary. Simply commence using the new name of your choice, giving notice of the change to those persons to whom the information may be material.

EXPLOITER OF SOLDIERS MADE TO LEAVE CITY

State's Attorney's Office Closes "Reconstruction League."

John C. Hensel, room 1117 Association building, has closed up his office and gone out of business.

Who is John C. Hensel? John C. Hensel is the founder, owner, operator, and major domo of the "Reconstruction league"; the president of John C. Hensel & Co., "reconstruction and commercial engineers," and the originator of the great Hensel One-Profit Exchange System, which he modestly admits will eliminate from the world "Anarchy, Socialism, Poverty, and Holdups."

Why did Hensel quit business? That's simple: to keep out of jail. It was like this: Assistant State's Attorney William H. Duval sent Detective Sergeants Thomas Costello and Patrick Gallagher of the state's attorney's staff to Hensel's office after Hensel yesterday. The detectives came back with Hensel.

Then Door Is Closed.

Hensel slid into a chair in Mr. Duval's office.

"Close that door," said the prosecutor to one of the detectives; "I want to tell this fellow what I think of him and there might be some women around.

"Now then you dirty——" he spat out at Hensel, "you're going to close up shop and get out of this town as fast as you can, or you'll go to jail."

"Why—why," puffed Hensel; "why—why—I don't—I can't understand—why—why——"

It took the prosecutor short space of time to tell Hensel "why." And when Hensel walked out of the office he had promised to stop doing business. His head was hanging low on his chest.

Played on Patriotism.

"We were notified of this man's operation's by the army intelligence department," said the prosecutor. "It asked us to act and we've done it. His scheme was this: He would go to some place where people were gathered and there he would make a patriotic talk. With him he would take soldiers in uniform whom he paid $6 a day for their part in the scheme. It was the soldiers' duty to follow up his patriotic talk by distributing a leaflet asking the people to buy patroitic posters, ostensibly for the benefit of his "Reconstruction League."

Charles Signore, a discharged soldier of Blue Island, was found in the office with Hensel and the detectives brought him along to the state's attorney's office. He said he had been employed by Hensel for the last six weeks at $6 a day.

"He made plenty out of me, though," Signore asserted. "I turned in all the way from $12 to $15 every day."

YANKS USE 33 TIMES GETTYSBURG SHELLS IN ST. MIHIEL FIGHT

WASHINGTON, D. C., April 17. —[Special.]—American soldiers in the battle of St. Mihiel expended thirty-three times as much artillery ammunition as was expended by the union army in the battle of Gettysburg.

This comparison and others are shown in a table of statistics prepared by the war department to emphasize the great increase in the use of artillery to precede infantry action as one of the striking developments of the present war.

The high marks in the use of artillery in offensive battle were reached at the Somme in 1916 and Messines ridge in 1917, before the effective use of tanks was developed.

The comparative table of artillery expended in battles of recent wars and the present war is as follows:

Year.	Battle.	Days' d ura- tion.	Army.	Rounds of artillery ammunition expended.
1863.	Chickam'ga	2	Union	7,325
1863.	Gettysburg	3	Union	32,781

TEACHES WAR'S VICTIM HOW TO TALK ONCE MORE

Miss Winnifred M. Keith has the most interesting job in the world. She says so herself. She is occupational aid of the educational department at general hospital No. 28, Fort Sheridan.

Miss Winnifred M. Keith

She and her two assistant, Margaret Schnittger and Eve Gillsbury, are teaching thirty bed-ridden soldiers, translating letters some of them received from French girls, instructing them in French, and other things.

Miss Keith's most unusual patient is Sergt. William Gibson, a Missouri farmer boy who was wounded by shrapnel on the left side of his head. He lost the power of speech. She is trying to construct another speech center on the right hemisphere of the brain, and already he can repeat three and four phrases. She "imitates" and repeats words to him, over and over again, until he can shape his lips correctly and utter them.

MAJ. LANDIS TO HELP ILLINOIS TO AIR SUPREMACY

Maj. Reed Landis yesterday wired his acceptance of the commission tendered him by Gov. Frank O. Lowden, and announced he immediately will begin to work out plans for a constructive Illinois air program aimed at state supremacy in the aerial game.

During the day he received assurances from many successful pilots that they will coöperate to make the Illinois program a success.

JAILED AFTER THREE TRIALS.

Stanley Jarecki, 50 years old, who lives in South Chicago, was found guilty of a serious charge by a jury in Judge Windes' court yesterday. He was sentenced to eight years in the penitentiary. Jarecki was charged with attacking Mary Hydzik, employed in his home as a maid. It was his third trial.

A FALSE note in a man's full dress attire is struck when the few pieces of jewelry he wears are inappropriate. Full Dress and Tuxedo Sets of Studs, Link Buttons, Vest Buttons in Platinum or White Gold are indispensable for formal functions.

Earl Brothers Tell How to Eliminate South Water Street.

BY EYE WITNESS.

VII.: As an interlude—this space reserved for Earl Brothers.

Nearly everybody knows about Earl Brothers. In business in South Water street and thereabouts over forty years, their experience and progressiveness give them a special right to speak at a time when the destiny of the immense interests congested in that street to their own loss and the community's injury is a subject of lively discussion.

And Earl Brothers have a plan—a big, stunning, audacious plan, which, however, is not so audacious that it has not worked to perfection elsewhere down to the minutest detail of economy and convenience.

Outline of Plan.

That plan they outline here:

"Chicago, April 17.—Eye Witness, care CHICAGO TRIBUNE:

"We have been much interested in your articles with reference to South Water street appearing in THE CHICAGO TRIBUNE.

"After a serious study of the problem by the writer, O. K. Earl, it is our conclusion that the best terminal system is embodied in the pier terminal and dock sales system. New York was at first compelled to use this system owing to the fact that the city is located on an island, but that market soon discovered that the pier terminal and dock sales system was the most rapid and efficient method that has ever been devised for the handling of perishable commodities. We wish to call particular attention to the fact that even in New York, where a railroad like the New York Central has the opportunity of rolling its cars on wheels right on to Manhattan island, the produce is not unloaded at freight depots or in railroad yards, as is done at Chicago, but these cars after coming on to Manhattan island and running as far south as Sixty-second street are there run on to floats in the North river and ferried down to Barclay street, where the contents of the cars are unloaded on the piers.

Causes Business Growth.

"The result of this wonderfully economic and rapid method of unloading produce at these pier terminals has caused New York's produce business to grow by leaps and bounds.

"We are submitting to our fellow citizens and fellow merchants plans devised by the writer some time ago whereby Chicago could make use of its great water front resources, which up to the present time have lain dormant. We believe that all will quickly grasp the wonderful possibilities of such a plan, especially in connection with the great waterway projects which are now before the state of Illinois.

"Briefly, then, a pier half a mile long, or a bit over, like Chicago's new municipal pier, and built in the same neighborhood, would offer facilities for quickly handling more than a thousand cars of produce daily with all the speed, satisfaction and efficiency of New York's system.

"Other water front markets could be located in different parts of the city, for instance, one on the northwest side on the north branch of the Chicago river, and one or more on the south side on the south branch of this stream.

Cars Run onto Ferries.

"We wish to call particular attention to the fact that under these arrangements the cars of produce as they come into Chicago will be run onto car ferries at the various points where the railroads touch upon the Chicago river and its branches. These ferries will carry the cars down the river and out alongside of the pier, but the cars will not be run onto the pier. This operation will take place during the night and the contents of the cars will be unloaded as the car ferries rest at their moorings alongside of the dock. In the morning these great sales floors will be ready to receive the buyers from all over the city under the same methods that are used in New York. It has always been a very difficult matter to link our railroad system into a close connection with the waterway system, but we believe that this plan would work greatly toward the development of this union.

"The Erie railroad already has its float stations established and is handling a large volume of business in this manner.

"In our opinion this pier terminal and dock sales system is by far the most feasible that could be adopted for the solution of the South Water street problem. In our proposals we do not intend to eliminate South Water street. We believe that under this plan South Water street would eliminate itself. There would be little or no use for such a street, and the saving in cartage, elimination of waste, and in handling charges would be tremendous. We offer the plan to the city of Chicago but we are not insisting upon its adoption, as we shall be ready to enter into any terminal project which appears to have as great, or greater, advantages. However, from our knowledge of the business as it is done in New York, we feel that Chicago will always remain far behind in the race for commercial supremacy in the produce world unless the pier terminal and dock sales system is inaugurated here.

"Yours truly,

"EARL BROS.

"By O. K. Earl."

JULIA MURPHY.

Miss Julia Murphy, who was acquitted by the Municipal court on a charge of embezzling $18,000 of her former employers' money, was the principal witness yesterday in her suit against them for $100,000, charging false arrest and malicious prosecution. The suit is directed at the Dr. J. Russell Price company, 9 South Clinton street; Everett G. Cisle, treasurer, and Dr. Charles E. Cessna, president of the firm.

Miss Murphy testified that she had accompanied Dr. Cessna on a business trip to Canada in 1909 and registered with him at a Detroit hotel as man and wife. She also told of meeting him in other cities and admitted that their relations had been improper.

$25,000 REWARD OFFER REVIVES BOND MYSTERY

Studebakers Start a New Hunt for $250,000 U. S. Securities.

Captioned crisply "Twenty-five Thousand Dollars Reward!" a neatly typed sheet of advertising copy reached the principal newspaper offices of the United States and Canada yesterday, and reopened the West's most puzzling old mystery.

Consider, in connection with the disappearance of the Studebaker corporation's $250,000 in Liberty securities, this:

Was it robbery?

Or could that bulky packet, registered and entrusted to the mails—and delivered, according to the postoffice record, to the Studebaker company's own offices—have vanished last January without the international aid of anyone?

Assuming this is true, where is the packet now? In some unscrutinized spot, awaiting disclosure by the first passerby; or destroyed? And if destroyed, by whom? By chance or by design?

If Destroyed, Why?

And if by design, did the person so destroy the bonds because, having innocently come by them, he feared their mere possession would be deemed evidence of guilt? Or was he in fact guilty; did he purloin them from under the very noses of their guardians, and then, in apprehension of what their discovery would mean, sacrifice his profits to assure freedom from the penalty?

All these questions, which perplexed original investigators of the mystery, are revived by the neatly typed sheet with which the corporation has renewed search for its missing property. The reward, moreover, is five times as great as that originally posted.

Immunity Offered.

It is accompanied by an offer of immunity to any one who will produce the bonds or submit proof they no longer exist, and it sets forth this significant line: "Every indication is that the bonds were lost."

So, in effect, it becomes any man's mystery, the story of which, for the benefit of those who would attempt its solution, is quickly told:

In the First and Old National bank in Detroit, on Jan. 2, a clerk sent twenty-five $10,000 Liberty bonds, numbered 23,734 to 23,738 inclusive, to the Studebaker corporation in South Bend by registered mail.

The following afternoon—it was Saturday—Mail Carrier Harvey Larkin of South Bend delivered the package at the Studebaker plant. He arrived after the usual closing time, 12:30, but the postoffice records show that Edward Snyder, the 15 year old mail clerk, signed for the package along with four others.

Edward then took all the mail to the mailing table on the third floor and received therfore the usual house receipts.

Monday, Edward was asked whether he had a receipt for a registered letter from N. R. Feltes, the treasurer. None could be found and the hunt for the missings bonds began.

The search was fruitless and was finally abandoned.

The offer of a new reward of $25,000 was the first intimation of its revival.

HOYNE AND CLYNE JOIN IN PROBE OF MILK COMBINE

Double Action "2 Edged Sword" to Shave Down Prices.

Following a conference yesterday between District Attorney Clyne and State's Attorney Hoyne it was stated the federal investigation of the "milk trust" and the trial in the Criminal courts next week of the heads of the alleged combine in restraint of trade would coördinate.

"I have seen Mr. Hoyne today and am prepared to say that we are working in perfect accord," stated Mr. Clyne last night.

This "two edged sword" will at once prove effective in lowering prices of milk, butter, and cheese, it was declared at the federal building, where the records of the milk producers' associations, seized Wednesday in a raid on headquarters of the associations in twenty-five towns of northern Illinois and Indiana and southern Wisconsin, were piled high on desks in the office of Assistant District Attorney Frederick Dickinson.

Subpœnas were served on three additional secretaries of the associations, making a total of twenty-five whose records, correspondence, and other data were demanded forthwith in preparation of evidence to be placed before the federal grand jury.

The offices of the Milk Producers' association and the Milk Producers' Coöperative Marketing association at 29 South La Salle street were included in the search for evidence of a conspiracy to fix and maintain high prices.

"Our case is not based on anything in the case prepared by State's Attorney Hoyne," it was stated by a member of the district attorney's staff. "Our case is based on acts subsequent to the violations alleged by Hoyne and should help him in his prosecution, as it should show the violations continued in spite of the indictments."

GERMANS FOUND BERLANDER IN ROBUST HEALTH

SERGT. MAX BERLANDER

Sergt. Max Berlander, 1433 North Rockwell street, went out west two years ago to improve his health. But when war started he managed to hoodwink the army doctors and get into the Second engineers.

The Germans never suspected he had been ill. So Gen. Pershing ordered the distinguished service medal conferred and found time to pin it on the sergeant's chest with his own hands.

The French conferred on him the Croix de Guerre with palm.

The official citation states that Berlander, while leading a reconnaissance party Oct. 15, was wounded by a sniper, lay in No Man's land until nightfall, and then completed investigation of the German outposts, returning to his unit with the information.

U. S. WATERWAYS NEED IN WORLD FIGHT FOR TRADE

Senator McKellar Says We Have Chance of Our Lives to Develop Them.

St. Louis, Mo., April 17.—The future greatness of the United States depends on the coördination of inland waterways, the railroads, and the merchant marine, according to speakers who today addressed delegates of the Mississippi Valley Waterways association in annual convention here.

United States Senator Kenneth D. McKellar of Tennessee said the Mississippi valley held the greatest possibilities of development in the country because of the Mississippi and its tributaries.

Chance of Lives.

"We now have the opportunity of our lives," Senator McKellar said, "to build up inland waterways, shipping, and coördinate it with oceangoing shipping and the railroads while government control still exists.

"We should make no mistake in losing this opportunity to seek foreign trade. England will, no doubt, attempt to hold the supremacy of the seas, and France will attempt to run second, but by taking proper advantage of these opportunities America can rise from a poor third to a position equal to that of the greatest maritime power that ever existed."

Merrick Assails Midwest.

H. H. Merrick, president of the Chicago Association of Commerce, bitterly arraigned the business men of the middle west for their alleged failure to take keener interest in deep waterways development, and declared the Mississippi valley has failed to live up to its promise of production, more so than any other section of the country.

"Mexico should be brought into proper relations with the United States so that we can trade with her," said the speaker. "The business man can and should reconstruct Mexico."

Harrison High School Strike Declared Broken

William L. Bodine, superintendent of compulsory education, announced yesterday that the strike threatened by pupils at the Harrison Technical High school as a protest against the order restricting to the building during lunch hour, is broken. "Record sheets show a normal attendance at the school yesterday," said the superintendent, who, with six operatives, guarded the grounds during the day.

Son of Chicagoan Reported Named First Minister to New Republic.

Richard T. Crane III
MATZENE PHOTO

Washington, D. C., April 17.—Richard T. Crane III., private secretary to Secretary Lansing, and son of Charles R. Crane of Chicago, is understood to have been selected to become the first American minister to the new republic of Czecho-Slovakia. Announcement of his appointment is expected from Paris shortly.

Mr. Crane has been connected with the state department for more than four years, having first been appointed clerk to the secretary of state and later becoming Mr. Lansing's secretary.

The probable first minister to Czecho-Slovakia is, like Hugh S. Gibson, announced as the first minister to Poland, a comparatively young man, being only 33 years of age. He was born in Champaign, Ill., and studied law at the University of Wisconsin and the University of Nebraska.

Quick Relief From Constipation

Get Dr. Edwards' Olive Tablets.

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth"—a bad breath—a dull, tired feeling—sick headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime.

Thousands take one or two every night just to keep right. Try them. 10c and 25c per box. All druggists.

BOY'S LOVE FOR DOG CHUM WINS HIM CLEMENCY

Willie Matthews, 10, stood before Judge Arnold in Juvenile court yesterday, charged with being incorrigible.

"I think I'll have to send you away for a while, Willie, until you learn to be a good boy," the judge said.

Willie burst into tears.

"Judge, judge," he cried. "Please don't send me away. What will become of Rags? What will become of Rags? Who'll feed him?"

"Who is Rags, Willie?" the judge asked.

"Rags is my dog. We are chums. Judge Arnold was impressed.

"Any boy who's as fond of a dog as you are cannot be a very bad boy," he said then. "Willie, I'm going to give you a chance to go back to Rags."

Says 1,550 Shoe Workers Will Stay Out on Strike

It cost the boot and shoe workers' union more than $10,000 for strike benefits in the last three weeks, according to Carl Andelin, their business agent. They already have or will start back to work this week. C. P. Dean, business manager of the United Boot and Shoe workers, says he has 1,100 men and 450 women workers who are going to stay out on a strike until they get the forty-four hour week they are asking. He says he has 200 pickets around some of the big shoe plants involved in the strike.

R. W. PIKE JR. ACTS TO FREE MOTHER FROM ASYLUM

Ruthven W. Pike Jr., a University of Chicago student, yesterday filed a petition for a writ of habeas corpus to obtain the release of his mother, Mrs. Helen Florence Pike, from the Elgin State Hospital for the Insane. Mrs. Pike was committed to Elgin last year, following her attempt to invade the home of Leonard A. Busby, president of the Chicago Surface lines. At that time she was said to have sought to see Mr. Busby's 5 year old daughter, Janet, pleading that she controlled the child by a "sixth sense."

Shortly after her visit to the Busby home she disappeared and her whereabouts was not revealed until yesterday's petition was filed by her son. She has been confined at the hospital since last November.

FAHERTY READY TO START WORK ON CITY SUBWAY

"Just Tell Me Where to Dig," He Says to Aldermen.

"If you want subways in Chicago just tell me where and we will go ahead and build them."

This is Michael J. Faherty's idea of solving the Chicago subway transportation problem, given to Ald. John G. Horne yesterday.

Ald. Horne is trying to get the new council to take up the subway building at once and start it with the traction fund of $25,000,000.

Mr. Faherty does not look upon the problem with fear.

"There were problems five times as big in the widening of Michigan avenue," he said. "The financing is an easy proposition."

For Special Assessments.

It was pointed out that the pre-war estimate on the cost of subway building was $2,800,000 a mile. Faherty said it could be done more cheaply.

His plan is to have the property that benefits help pay for the improvement. He would build the first subway under North Clark street, from the loop to Lawrence avenue and then west to Milwaukee avenue. He suggested one-half the cost be paid from public funds and one-half from special property assessments and thought that big real estate operators would be glad to get behind such a proposition.

Faherty does not think the work should be done by day labor under the direction of city engineers, but that a man would be hired to take over the whole job and contracts let. He has a detailed plan ready, he said.

Hearing Is Postponed.

The question of building a subway under West Madison street from the loop to Cicero avenue was scheduled for a public hearing yesterday before the board of public improvements.

George Eddy Newcomb, West Madison street real estate dealer, led a delegation to protest against the subway. A petition against it was signed by property owners representing 28,445 front feet of the 40,898 feet included in the proposed improvement. Faherty said there would not be a meeting, as there were not enough members of the board present. Faherty said he expected to get some of the names off the petition.

The board yesterday awarded a contract for the building of a relief intercepting sewer system in Augusta street. This will drain the Humboldt park district and will cost more than $1,000,000.

Faherty said that the whole sewage system of Chicago should be taken out and a new one put in. He said the system was inadequate and antiquated.

THE "BOSS"

She Was Advertising Man's Chief in the Office; Cupid Extended Her Zone of Control.

Miss Emma Rose Miller

CUPID TWANGS BOW IN LOOP BUSINESS OFFICE

So Advertising Man Will Wed Chief of Department.

Romance often lurks in even the most business-like of business offices as is proved by the announcement that Miss Emma Rose Miller, advertising manager of Charles A. Stevens and Bros., and Evan Leslie Ellis, a member of the advertising force, will be married Sunday.

Mr. Ellis had admired his fair "boss" for many months, both for her business ability and for her other charms, when he remarked to her one day that he wished she had a sister who resembled her.

She replied that she had a younger sister who was attending the University of Illinois and that some day she would introduce them.

After that there were daily conversations, always starting with questions about "little sister" and it was not long until Mr. Ellis found himself falling in love with someone, the younger sister so he thought.

And then when he discovered that "little sister" only lived in "big sister's" imagination he discovered also that he still enjoyed the daily conversations.

Early in the spring he was offered a position in California which he accepted but he hadn't been there but two weeks when he realized that he missed the conversations to such an extent that California held no inducements, so back to Chicago and to his old job he came.

He immediately started to woo his "boss" with such speed and vigor that she consented to be an Easter bride and become his boss for life.

They saw two youths in Lincoln park yesterday, one of whom borrowed Irene's diamond ring and forgot to return it. The two girls are going back to Detroit. Policewomen Faubel and Reilly took them in charge. They say Irene cashed worthless checks for $150 to finance the trip here.

EXTRA WEAR FROM SHOES

"A year ago I had my shoes reseled with Neolin Soles. The soles are still in service, and it looks as if I would not be able to wear them out, because the uppers are going first," said W. C. Dickinson, of New Haven, Conn.

Good repair shops everywhere carry these tough and durable soles. See for yourself how long they last by having them put on a pair of old shoes. Or if you are in need of new shoes, buy them with Neolin Soles. They cost no more than shoes that give less wear, and you need fewer pairs. They come in many styles for men, women, and children.

Neolin Soles are created by Science to be comfortable and waterproof, as well as long-wearing. They are made by The Goodyear Tire & Rubber Co., Akron, Ohio, who also make Wingfoot Heels—guaranteed to outwear all other heels.

White Gloves *and White Lilies for Easter Morning*

GLOVES, especially white Gloves, have an important place in the trig, sprightly costumes of Eastertime. A very graceful Glove for the modish cape is the Mousquetaire, which extends above the wrist. $3.90 and $4.25.

Fine Cape-skin Biarritz held snugly about the wrist with elastic, $4.50.

Lambskin Biarritz, of sufficient length to extend well above the wrist, white only, $2.50.

French Kid Gloves with contrasting stitching and white cuffs, $3.75. In this design there are the modish navy blue Gloves, so valuable as a harmonizing accessory to the fashionable navy blue apparel.

These Gloves come in white, light tints suitable for Eastertide, and dark shades suitable for street wear.

First Floor, South Room, State.

Fox, Ideal Summer Fur

A Finishing Accessory for the Easter Costume

FOXES are feather-light to carry about, and have that silky softness that can be snuggled into when there arises a chilling nor'easter. Then, too, there is a radiance that a glossy Fox Fur somehow imparts to its wearer, and we call this becomingness.

Scores of such Foxes are here, both double Furs and satin lined, and they are specially priced at:

$47.50 $57.50 $72.50

Their colors are: Hudson Bay Blue, Yukon, Georgette, Poiret, and Black.

Sixth Floor, North Room, Wabash.

COUNCIL BOARD TO EYE OFFICIALS AND CITY'S CASH

Efficiency Staff Will Help in Investigation of Departments.

BY JOHN SPELLMAN.

St. Petersburg, Fla., April 17.—[Special.]—Every department of the city hall will be investigated and checked up by a new standing committee created today by the slatemakers of Chicago's city council. The new one will be known as the committee on efficiency, economy, and rehabilitation.

It is proposed to make this committee second in importance to the finance committee. It will have from twenty-one to twenty-five members, and will do the work that it was proposed to have the Chicago bureau of public efficiency perform. The slatemakers took a suggestion from Ald. John H. Lyle and improved on it. The bureau has been barred from the city hall by Mayor Thompson, who three times vacated an order allowing the bureau to look into the activities of all departments.

Can Watch Money.

Creation of the new committee marks the council's first step toward having something to do with the city's affairs after the passage of the annual budget. Heretofore as soon as the appropriations were made every year the council has lost the power to direct the disbursement of the appropriations. Under the new plan it is proposed to have the new committee follow the spending of every dollar appropriated by the council.

Staff to Aid Work.

To give the new committee all the assistanace it needs it is proposed to enlarge the finance committee's efficiency staff and let the enlarged staff aid the new committee. The staff, or part of it, will be loaned to the new committee any time it is required.

The decision to create the new committee was arrived at today at the slatemakers' first full session. It was the first meeting at which Alds. Oliver L. Watson and John H. Bauler "sat in."

It was proposed yesterday that investigation of crime matters be left to the new or a similar committee. This idea was rejected today, and it is now proposed to create a special committee on crime. This will be composed of about five aldermen, and its activities will end with crime matters. Ald. Walter P. Steffen may land the chairmanship of this special committee, unless he is named head of the new committee on efficiency, econo y, and rehabilitation.

New Aldermen Quit Old Jobs to Take Up the New

Alderman Elect John P. Garner yesterday wrote his resignation as commissioner of public service. It is to take effect immediately upon receipt by the council. Ald. Garner was elected from the Thirty-third ward and is a Thompson adherent. Scott M. Hogan, another new council member and Thompson man, also made out his resignation. He is an assistant corporation counsel. City Treasurer Clayton F. Smith, elected alderman from the Twenty-eighth ward, will relinquish his post as guardian of the city's funds on Saturday, when he will turn over approximately $50,000,000 to his successor, Henry Stuckart.

WATERWAY BILL STRIKES SMOOTH SENATE CURRENT

Legislative Passage Is Forecast; Agree on Compensation Law.

BY E. O. PHILLIPS.

Springfield, Ill., April 17.—[Special.]—The Illinois waterway bill is ready for a vote in the senate. The Barr bill went through second reading this morning.

It is pointed out that the administration bill, as it now stands, is accompanied by other bills, advanced to third reading this morning, that provide not only for the issuance of the $20,000,000 in bonds to finance the undertaking, but also the appropriation from the treasury of the necessary funds from the proceeds of the bond issue to pay for the actual work of construction.

Men in close touch with the state administration, and Director Bennett of the department of public works and buildings, were decidedly optimistic tonight.

Dispose of Disputed Points.

The last contested point had to do with the sale of water power, delivered by the state direct to the consumer. This was disposed of by consultation between Senators Hull and Dailey and Director Bennett. The bill also now provides that, the highest bids being equal, the municipal corporation shall have the right to the power over a private bidder. The sanitary district of Chicago was taken care of by a series of amendments, one of which safeguards the district's rights to dockage and wharf privileges, while another protects the rights of extending the Sag channel that is to drain South Chicago.

Creation of a workmen's compensation insurance board of three members, appointive by the governor, to administer a fund for compensation of workers who suffer injury in the course of their employment, is provided for in a bill introduced today by Representative M. S. Hicks of Rockford.

Labor and Capital Confer.

In the senate Senator Barr introduced amendments to the existing workmen's compensation act which were agreed upon by representatives of organized labor and the Illinois Manufacturers' association. Both sides say it will pass.

Organized labor expects to win its fight for the women's eight hour bill. This will come to a showdown in the senate committee on industrial affairs next Wednesday. Labor hopes to beat the state police bill that Senator Dunlap has introduced.

Agreement was reached between the wets and the drys that there shall be a field day in the house on May 7, when all pending wet and dry bills will come to a final vote.

These will include the search and seizure bill and the wet bill that defines what is to be known under the dry spell as "intoxicating liquor" in Illinois.

The joint committee that will investigate Zion City was named today as follows: Senator Martin B. Bailey, Danville, chairman; Senators Bardill of Highland, Spence of Metropolis, Shaw of Lawrenceville, and Herlihy of Chicago; Representatives Lyon of Chicago, Castle of Barrington, Mooneyham of Benton, Dieterich of Beardstown, and Devine of Dixon.

Fixes Chicago Bonding Limit.

Senator Glackin introduced a bill, probably on behalf of the city administration, that establishes $150,000,000 as the bonding limit of Chicago.

The senate passed Senator Cliffe's bill for an appropriation of $25,000 for the reception of the Thirty-third division and the One Hundred and Forty-ninth field artillery, and also passed Senator Barbour's bill revising upward the scale of inheritance tax rates.

Both houses adjourned under joint resolution until next Tuesday.

TOTAL LIBERTY BOND SALE BARES TAXING FARCE

County Holdings of U. S. War Paper Exceed Personal Levy.

BY OSCAR E. HEWITT.

The sales of Liberty bonds in Cook county make the personal property taxing system look silly. These sales illustrate in some degree how ineffective, inequitable, unjust, and antiquated is our personal property system for taxing purposes.

On the tax books is supposed to be all of the taxable personal property of every description. That aggregate is supposed to represent the total wealth in the county, except real estate, capital stock, and railroad property. But more Liberty bonds have been sold in Cook than there is personal property on the books.

A total of more than $739,000,000 worth of Liberty bonds have been taken. Cook county's quota of the present Victory loan is $189,225,000 more, making a grand total of $988,000,000.

The total of the personal property on the tax books now is $782,130,000, and perhaps $60,000,000 more will be added this year.

Assessors Are Busy.

The assessors now are busy. William Weber, secretary of the board, said that of the 330 assessing districts, 118 have been completed, the schedules for sixty-seven districts are not to be sent out and the other districts are in the mill with more or less progress having been made on them.

Asked how much the personal property will be increased this year, Mr. Weber said: "I don't know what the increase will be or whether there will be an increase. We have been getting many complaints and pleas of distress, but we hope to keep the valuation up to last year."

M. K. Sheridan, another member of the board thought that "there will be a slight increase," while the chief clerk anticipated that the increase will be between $12,000,000 and $20,000,000 assessed valuation.

The assessed valuation of the personal property, which is one-third of the full valuation, for 1916 was $231,-912,800, for 1917 $252,851,000, for 1918 $240,710,000.

Bond Total Compared.

Multiply those valuations by three and then compare them with sales of Liberty bonds in Cook county as follows:

First loan	$171,000,000
Second loan	178,000,000
Third loan	163,000,000
Fourth loan	289,000,000
Fifth loan	*189,000,000
Total	$988,000,000

*Allotment to Cook county.

The first loan was entirely exempt from taxes and the others also are within certain limitations applicable to the small investor. The poor and salaried buyers made their purchases from savings and current earnings, but those of wealth probably changed the form of investment in purchasing Liberty bonds.

SOLDIER'S WIFE VANISHES ON EVE OF HIS RETURN

MRS. SIDNEY GEIST. LOTUS PHOTO

Private Sidney Geist, One Hundred and Fifteenth infantry, of the Twenty-ninth division, in France, has sad news awaiting him.

He was married exactly thirteen months ago. Shortly after the marriage he was sent to the front. Letters received daily by his wife testify to his devotion. She has been looking forward to his return in June.

But Mrs. Geist, the Yank's 19 year old bride, disappeared last Monday. A letter received by her aunt, Mrs. Herman J. Sauve, 516 East Fiftieth street, on Wednesday said that she was "safe, well, and happy." The letter was mailed at the Lincoln park subpostoffice. Mrs. Sauve says the writing resembles that of her niece, but that she is not positive.

PLAN TO ATTRACT FOREIGN BUYERS TO THIS MARKET

At a luncheon of the Mississippi Valley association yesterday John J. Arnold, a vice president of the First National Bank of Chicago, asserted that Chicago is the ideal center in which to interest Oriental and Latin-American tradesmen and capitalists. The luncheon, held in the Hotel La Salle, was a "get together" meeting of the association and the Chicago Association of Commerce to make plans for the first annual convention of the Mississippi Valley association which will take place April 23 and 24.

"The Mississippi Valley association has been largely misunderstood," said Mr. Arnold.

"In reality the association comprises membership from twenty-two states and a part of four others, ed by the Alleghenies and the Rocky mountains.

"So often Oriental and Southern American buyers and capitalists come to Chicago, visit the stockyards and other notable exhibits of the city and then go on east where they buy. We should show them that we in Chicago have the whole Mississippi valley at our doors and could sell them here."

The Medal of Honor Awarded Victory Liberty Loan Volunteers by the Treasury Department

Chicago's Last Call To Patriots

Monday morning marks the beginning of the end of the war for Chicago—and America. The closing drive—the Victory Liberty Loan Campaign—is our last opportunity to help Uncle Sam finish the job.

That fine army of thirty thousand Victory Liberty Loan Volunteers is ready for this last, big task. Many of these patriots have come back from overseas to aid in raising the money to pay for the early ending of the war. The captains and lieutenants of every ward, district and trade organization have been appointed and are gathering their workers about them.

If you are not in the ranks and wish to enlist, get in touch with the leaders in your own neighborhood and help in this last fight. Be among the first on Monday morning to buy your full share of the World's Best Investment and to carry the helpful message to your neighbors.

HIGHER FARE, LOWER WAGES, OR RECEIVER—BUSBY

Surface Lines' Head in Letter to Men Bares Directors' Stand.

The attitude of the board of directors of the Chicago Surface lines toward the wage question was presented to the street car men's officials yesterday in a letter signed by L. A. Busby, president of the company.

The letter indicates that a continuation of the scale of wages established as a war measure by the government's war labor board is dependent upon the company's procuring the increase in fares sought from the public utilities board of the state.

The commission's decision is scheduled to be handed down Tuesday in Chicago, according to word from Springfield last night. Commissioners Funk, Wilkerson, and Lucey now are in the city, the latter having returned yesterday from Florida, where he was summoned because of the illness of his wife.

Cannot Accept Lower Pay.

The men in the unions set forth in a letter published in THE TRIBUNE of April 11 that they will not and cannot accept a reduction in wages back to the three year scale adopted between them and the companies in June, 1917—a scale which would be automatically in effect again upon the declaration of peace. The purport of their position is that they would strike if a wage reduction should be attempted.

On the company's side it is understood that the directors wish to continue the present war wage scale after peace is concluded, but that they must have more income to meet the cost. Otherwise bankruptcy and receivership face the system.

The state board of public utilities has not handed down its decision on the application for an increase in fares from 5 to 7 cents. A month ago, as announced in THE TRIBUNE, the state board had decided to deny any increase in fares. The decision was not announced. Whether the board intends to reconsider and grant all or part of the increase asked has not been indicated.

Reply of the Companies.

The companies' letter, made public yesterday, was addressed to President William Quinlan of the local branch of the Street Railway Employés of America, and was a response to inquiries from the employés "with reference to the situation regarding wages, which will arise upon the declaration of peace."

The letter to Mr. Quinlan from President Busby says:

"For years the relations between the organization which you represent and the management have been and still are cordial and friendly. And it is with this feeling that the board of operation has taken up and given the most careful consideration to your letters.

Recite the Conditions.

"A very brief recital will be sufficient to set forth the conditions that both the company and your organization are facing:

"In June, 1917, after our country had entered the war, a previous wage contract expired, and, as a result of friendly negotiations, we entered into a new contract, running for a period of three years until June 1, 1920.

"We worked under this contract until the national war labor board handed down its award, superseding our contract for the period of the war and granting a wage increase amounting to $3,700,000 a year.

"The award was made effective Aug. 1, 1918, and by its express terms was 'for the period of the war only.' Upon the proclamation of peace, without any further action on your part or on our part, we will again be operating under the contract of June 1, 1917.

No Increased Fares Yet.

"In its decision the war labor board pointed out that the showing made by the companies before the board clearly disclosed that it would be necessary to increase fares substantially to enable the companies to pay the increased wages, and the board, in its decision, urged upon the local authorities having charge of the matter the pressing need of increasing fares in order to meet the added cost of operation. The companies have fully carried out their part of the award by paying the wages fixed by the board. The other part of the recommendation made by the board—an increase in rates adequate to meet the increased wages—has not been carried out.

"The result of this is that during the six months following the award operating expenses increased $2,389,113, or at the rate of $4,778,226 a year, or over 41 per cent. All divisible receipts between the city and the companies during this six months were wiped out, leaving a deficit of $236,410, and reducing the return to the companies below the amount necessary to pay the interest and fixed charges on our valuation, every dollar of which represents money honestly invested in these properties.

Dilemma at Present Time.

"The war labor board anticipated these very results when it made its award, if its recommendation for an increase in fares was not carried out. Under present conditions we have no alternatives except a general wage readjustment upon the proclamation of peace or face the results predicted by the war labor board.

Ex-President Taft, one of the joint chairmen of the war labor board, speaking on this subject a few weeks ago said:

"'Careful figures collected by the departments of the federal government show that a 5 cent fare in 1915 is about equivalent to a 7 cent fare at present.' 'This means that in paying the expenses of street railway operation, a dollar has less than 70 per cent of the purchasing power today that it had in 1915; or, in other words, according to ex-President Taft, it requires a 7 cent fare today to pay for the same amount of service that a 5 cent fare paid for in 1915.

"Moderate Rate of Return."

"No one contended in 1915 that a 5 cent fare gave the street railway companies anything more than a moderate rate of return, and a 7 cent fare today will not increase the revenue of the company above that of normal times.

"It is true, as you say in your communication, that in hundreds of other cities, provision has been made for continuing the wages established by the war labor board, but this has been done by increasing rates of fare as recommended by the war board. We agree with you that it is unfair to ask you, as employés, to bear part of the unjust burden of attempting to maintain our transportation service at less than cost. We believe you will agree with us that it is also unfair to ask the companies to continue under present conditions to pay the present wage scale, which was granted upon the recommendation that an adequate increase in fares should follow.

"We wish to assure you that upon the proclamation of peace we will try to meet the very difficult conditions facing us with the utmost fairness to all interests."

DIVING (?) VENUS

She's All Posed, and in a Few Years She Probably Will Dive.

Betty Lou Dickson

See, class, what is the little girl doing?

The little girl is preparing to do an Annette Kellerman from a piling on the Evanston lake shore.

And what is the little girl's name?

The little girl's name is Betty Lou Dickson. She is 2 years old. And her mamma and papa are Mr. and Mrs. R. C. Dickson of Evanston.

And will she do the Annette Kellerman?

No, she will not do the Annette Kellerman.

Why?

Because the lake is too chilly.

And what happy bit of verse does this recall to the mind of the inspired reporter? All together, now, class:

"O, mother, may I go out to swim?
Yes, my darling daughter;
Hang your clothes on a hickory limb,
But don't go near the water."

ROGER'S BISCUITS STAR IN COUNTY BUILDING STORE

What Sullivan Says Goes, Clerk in Courthouse "Grocery" Explains.

Housewives, if the high cost of living has started you on a gallop to the poorhouse, have your husband drop in at the "County building grocery store," room 225 County building.

Yes, it's a funny place to run a store; right under the nose of County Clerk Sweitzer, Sheriff Peters, and President Peter Reinberg of the county board. But it's doing a rushing business.

A reporter sauntered in yesterday. On the door was a sign, "Coffee, Cakes, and Crackers."

"Aha," said the clerk, "after something tasty for the wife?"

"You said it."

"Well, we've got some first class Sawyer biscuits, and some dam fine coffee. It's the chance of a lifetime."

"How about something for the kids?"

"Just what you want—a keg of Crispo ginger snaps, 29 cents. Outside you'll pay 35."

"How's the coffee selling?"

"A pound of the best for 45 cents. It's Hathaway's—has 'em all trimmed."

What Roger Says Goes.

"Let's have a look at your crackers." The clerk hauled down a large box.

"Selling at 59 cents. Your grocer is asking 75. Look at the label."

"Sawyer Biscuit company" stared the reporter in the face.

And so it went. Bargains on every hand.

"How do you get by?"

"Simple, friend. Whatever Roger Sullivan says around here goes. Some boy, Roger. Never overlooks a bet for his Sawyer Biscuit company."

"I suppose you get the business of the boys in the building?"

"Yep. Here's a sack of coffee Bob Sweitzer will call for tonight."

"Is the mayor a customer?"

"Not that I know of, but I wouldn't be surprise if he was sending some one around for the stuff. All the judges know us well."

Rent Free; Just a Permit.

The room used appears to be a storeroom for lighting fixtures and discarded hat racks. From what the reporter could learn, the salesmen are operating with free rent. All that is needed is a permit from the county custodian.

Custodian George Peters, a brother of Sheriff Peters, could not be reached. Neither could Peter Reinberg.

LAKE BLUFF YANK WINS COUNTESS BRIDE IN FRANCE

Lieut. Richard Grant of Lake Bluff is expected home soon from France, bringing with him his bride, the Countess Du Pours du Pons of Paris.

Lieut. Grant entered the army with the rank of second lieutenant soon after the United States went to war. For bravery at Chateau Thierry he was advanced to first lieutenant. Lieut. Grant was wounded and was in the hospital for a month.

Just how his romance began Mr. Grant's family has not yet learned.

Lieut. Grant belongs to the regular army. His younger brother, Stuart, is now awaiting his discharge papers. He volunteered and has seen twenty-two months of active service with the Thirteenth engineers.

"GEORGE" TO GIVE OAK PARK "NO POLITICS" RULE

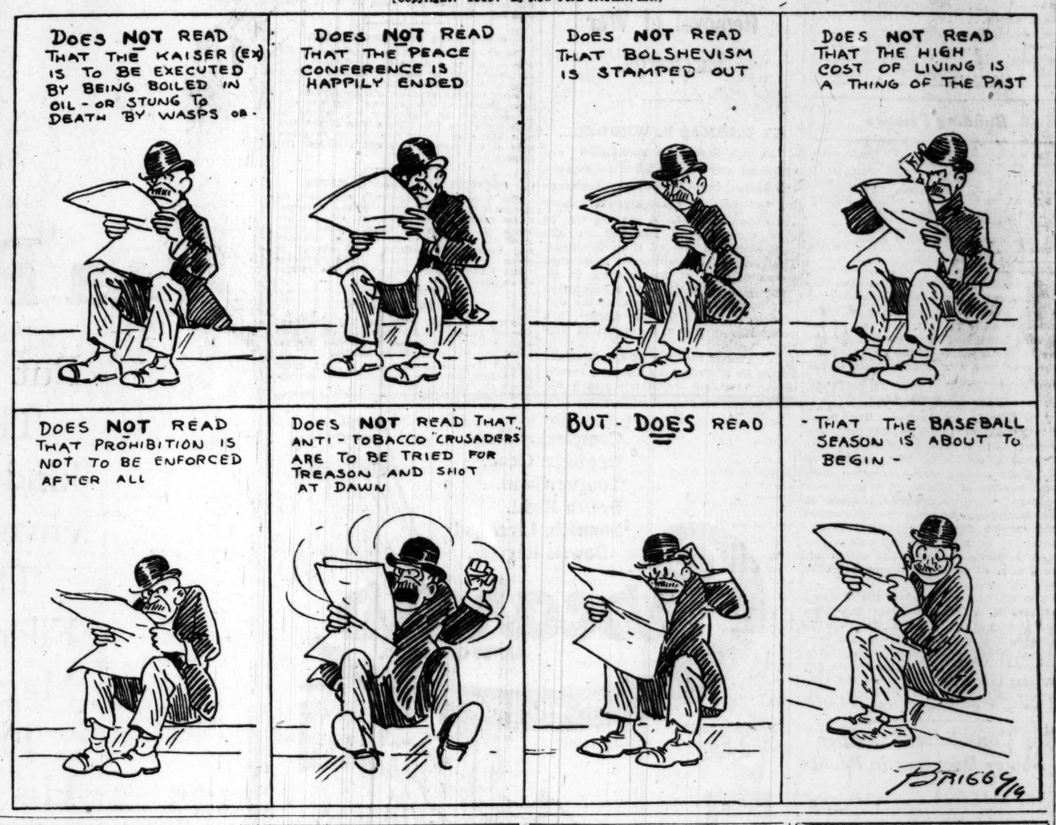

"Clean government, free from politics" was promised the village of Oak Park last night by its new president, George W. Pyott, when he was sworn into office. He has requested the village to address him as "plain George."

"Village employés who are efficient will hold their jobs," he said. "Those who are not efficient must make way for others who are."

More than 500 residents of the west side suburb gathered to witness the ceremony, and "George" was greeted with applause when he arose to take the oath.

INDICT MAN ON GIRL'S STORY OF POCKETPICKING

If Albert Jacobs, alleged pickpocket, had stuck to plying his trade on men he might have—but Jacobs didn't, and so he was indicted by the grand jury yesterday for larceny.

MISS GENE OSSMAN
PHOTO BY EDWARD FOX

It happened that Jacobs got himself caught in the same compartment of a Boston store revolving door not long ago with Miss Gene Ossman, 3549 Diversey boulevard. There he extracted $28 from Miss Ossman's purse, according to her story. Before he could get the money in his pocket, however, Miss Ossman says she neatly lifted it from between his fingers.

Jacobs got away before Miss Ossman could call a policeman. About fifteen minutes later she accidentally bumped into him again at State and Madison streets. This time she had him arrested. She told her story to the grand jury yesterday. Miss Lillian Larson, 3324 Belden avenue, who was with Miss Ossman at the time, clinched the identification of Jacobs.

When Jacobs was arrested there was found in his pockets a woman's Elgin watch, case No. 761220, works No. 4545427, with a chain on which dangles a silver pencil; $90 in money, and a powder puff. The grand jury is anxious to have the owner of these come forward and claim them—so they can hang a few more counts of larceny on Jacobs.

Toy Factory to Employ War Cripples Advocated

A factory on the north shore where maimed soldiers will be taught to make wooden toys is one of the latest "reconstruction" schemes advocated in Chicago.

Mrs. S. E. Delevan, who has been working at Fort Sheridan, where disabled soldiers are being taught the use of machinery, asked the help of the American Toy Manufacturers' association last night in carrying out the plan.

The association is in session at the Hotel La Salle.

CLEAN UP

Annual Institution, May 11 to 17, Changes Name to Health Promotion Week.

MAY 11 to 17 is to be "Health Promotion week." Last year it was cleanup week, and the same in years previous. But this year it is to be on a bigger scale. Hence the change in name.

Plans for the week, when every householder will be asked to help out by cleaning up his back yard and piling up the débris in the alley and street, are being made by Health Commissioner John Dill Robertson. Clergymen, medical men, members of civic and public organizations are to be enlisted. The health commissioner, Mayor Thompson, and Commissioner of Public Works Charles R. Francis will get together with them and settle upon a scheme for health promotion and a general cleanup. The meeting will be held in the council chambers next Tuesday afternoon at 3 o'clock.

WIFE PRODUCES SOME LETTERS BY 'BLUE EYES'

"Dear Blue Eyes."

"Your little French wife."

"The girl of your dreams."

These are three phrases that caused Herbert L. Van Valen, pillar of the Austin Methodist church, to be adjudged a "wild man" by his wife, Mrs. Jane Van Valen, 604 North Central avenue, Mrs. Van Valen said so yesterday.

"I found letters from several girls in his pockets," Mrs. Van Valen told Judge Jacob H. Hopkins yesterday as she testified in her suit for divorce.

"When I found the notes I took them to the Rev. J. S. Ladd Thomas and he called my husband in for a conference.

"My husband promised to reform, but he didn't.

"The one who signed herself 'your little French wife,' had such a hold on his heart that all of the advice and wives in the world couldn't break it."

Here's "Blue Eyes'" letter:

"To you dear Herbert, the dearest man in all the world . . . I am almost wild to be there with you. I would hardly give you time to breathe. You are a prince of a sweetheart, and I will have to admit it."

"The little French wife" wrote:

"Dearest, sweetest Herbert—How I wish I were with you—I don't care where—just so we could be alone."

Judge Hopkins indicated that he would grant a divorce.

SUITS FILED TO WIN CHICAGO PLACE IN SUN

City Prosecutor Harry B. Miller and Smoke Inspector William H. Reid have joined forces to rid Chicago of the smoke nuisance. For a month they have been working quietly and yesterday it became known that more than a score of suits have been filed against real estate operators and owners of downtown buildings. Violators of the ordinances in the residence districts are not to escape. Some instances of these are contained in the suits already filed, and action against many more is contemplated in suits now in course of preparation. The suits were filed in the Municipal court.

Violators are liable to a heavy fine for each offense proven. The suits filed are the first of more than fifty cases in which the smoke inspection department has gathered evidence.

The remainder will be filed before the end of the week or the early part of next week. Hearings in those suits already filed will begin April 21 in room 802 of the city hall.

Among the owners and buildings cited, are:

Ashland block, Chicago Title and Trust company, Plymouth hotel, 4720 Broadway; Saratoga hotel, Hotel Britanny, Adams Express company, Reliance building, McKee & Poague, real estate dealers, and the John R. Thompson company.

Four suits were brought against the real estate firm of McKee & Poague, for violations by apartment houses in their hands. The John R. Thompson firm is named in two suits.

SWIFT, SPEEDING HOME FROM WAR DUTY, FINED $25

Louis F. Swift Jr., son of Louis F. Swift, the packer, Lake Forest, returned yesterday from eight months' duty overseas and in his haste to reach his father's home in Lake Forest tried to speed through Kenilworth at thirty-seven miles an hour. His trip was interrupted by Policeman Clement Ley.

When arraigned before Justice D. M. Mickey of Wilmette he pleaded guilty to the charge of speeding and was fined $25 and costs.

As the defendant stepped from the courtroom he was heard to remark to a man said to be W. E. Swift, his brother:

"He certainly charged me enough."

WANTS SIX COUSINS PAGED; WOULD USE POLICE AS BELLHOPS

MYRIAD mysteries daily challenge the trained skill of a big city's police department. It was the following telegram that put reporters and sleuths on tiptoe yesterday:

"Chief of Detectives James L. Mooney, Chicago, Ill.:

"Please locate Laura and Fred Linkhugel, Fred and Yetta Meier, Carl and Fred Endress. They are somewhere in Chicago. Answer immediately.

"MRS. JOHN BUSAM,
"221 East Virginia street, Evansville, Ind."

In a trice the vast machinery of the detective bureau was in motion. Likewise the telegraphs hummed with dispatches from Chief Mooney and the newspapers seeking additional information concerning the inscrutable and summary request. A reporter for THE TRIBUNE reached Mrs. Busam by long distance telephone last night.

"Yes," said Mrs. Busam, "we want to find them. They are my husband's cousins. My mother is coming to Chicago to visit them and wants their addresses."

BOYS SHOOT GAS METER; 2 DEATHS ARE THE RESULT

Two men were found dead last night from gas at 1829 North California avenue, each dying in the kitchen of bachelor quarters on different floors. They were August Ehlers, 70, a widower, and Thomas Fisher, 61, married but not living with his wife. Ehlers lived on the first floor and Fisher on the second.

The police of the Shakespeare avenue station investigated the deaths and gave out this explanation: John McClellan, 14, son of Frank McClellan, owner of the building, and his chum, Elmer Rutertus, 14, who were shooting at tin cans in the back yard on Wednesday with a small rifle, also had been shooting at targets in the basement and punctured the gas meter. They told the elder McClellan, who plugged up the hole with a cork, but the gas had apparently spread through the building.

Walter Werner, a gas company employé, was sent to the place last night. He could not get in the basement and went up to Fisher's quarters and saw through the window that he was dead. He broke into the place and discovered Ehler's body.

LABOR IN SADDLE, FARMER HOPE OF U. S., SAYS TEXAN

Union Label Supplanting State Seal, Lumber Head Asserts.

America's destiny in a time of increasing peril rests in the voice and vote of the American farmer.

Warning against Socialistic tendencies of the government and dictation to Washington by the American Federation of Labor, John H. Kirby, president of the National Lumbermen's association and a Texan, addressed the Illinois Manufacturers' Costs association at its fourth annual dinner in the gold room of the Congress hotel last night.

"The American farmer is getting tired of having labor and capital get together, compose their differences, and send the bill to him," the speaker declared. "I appeal to you as American citizens jealous of your liberty to take note of your surroundings.

Farmer Nation's Hope.

"If this country is destroyed it will be from within. If this government ever goes down and you loose your freedom it will not be by an armed force from without.

"I recommend you to the American farmer to counsel and protect you from even the shadow of conditions which imperil Russia. Will you act with him? You can trust him. He is not always informed, but you can inform him. There is peace and patriotism in the country home. There's not riot against law and no rebellion against constituted authority; no assembling in dark halls to plot to destroy the country. I commend you to the coöperation of the American farmer in this hour of national peril."

The foregoing is the gist of the address that brought several hundred manufacturers to their feet in an outburst of applause.

Sees Labor in Saddle.

Mr. Kirby scored congress for "usurping the rights of the states." He pictured the American Federation of Labor in the saddle at the capital.

"It has come to pass that in the great commonwealth of Illinois the people have not the right to say who shall and who shall not vote for even so small an office as that of constable," he said in regard to federal control of franchise. "And in so far as legislation establishing rates of pay and hours and conditions of labor the power lies exclusively with the state. There is nothing—not a line—in the constitution that bestows any control over industrial affairs on congress. Yet the Democratic congress passed the child labor law. Set aside by the Supreme court it was attached to a revenue bill. It is federal usurption of state rights.

"Democratic Carpetbagging."

"Texas gets lots of abuse, but I can say with perfect sincerity that we're not proud of our folks in the cabinet. A cabinet officer has sent emissaries all over the country, presumably aiding industry but really proselyting for the American Federation of Labor. His agents have no right to come into your industries, creating disturbances between employers and employés. After the war in the south we organized the Ku Klux Klan to put carpetbaggers out of business and we should organize to end carpetbagging now. We condemn the Democrats in power for reviving carpetbagging.

"What is it going to result in in these days of bolshevik propaganda, unrest, and disturbance? Should we not take counsel and protect ourselves? Doubtless you read that when Mr. Debs of Chicago riot and other fame stood in the doorway of the jail he said, 'I bid you be of good cheer. We shall yet triumph in our conquest.' What conquest? Why, the conquest for the destruction of orderly society.

Labor Running Country.

"You busines men have tried to combat this tendency. Have you been successful? Who's running the government today? Is there a privileged class in this country?

"If so, what is this privileged class? It is that class which instead of the great seal of the state as the power of government takes the union label. It is dictated by the American Federation of Labor. The A. F. of L. maintains a lobby at Washington. Your representatives go to Washington and if they don't do the bidding of the American Federation of Labor they are hounded off the face of the earth. The only voice they can hear is the voice of that lobby.

"Under cloak of assisting soldiers to get jobs $14,000,000 was to be appropriated. It was reduced to $10,000,000, and when the farmers heard about it it went out of the bill. You business men have tried to promote legislation fair to capital and labor. There is a combat coming."

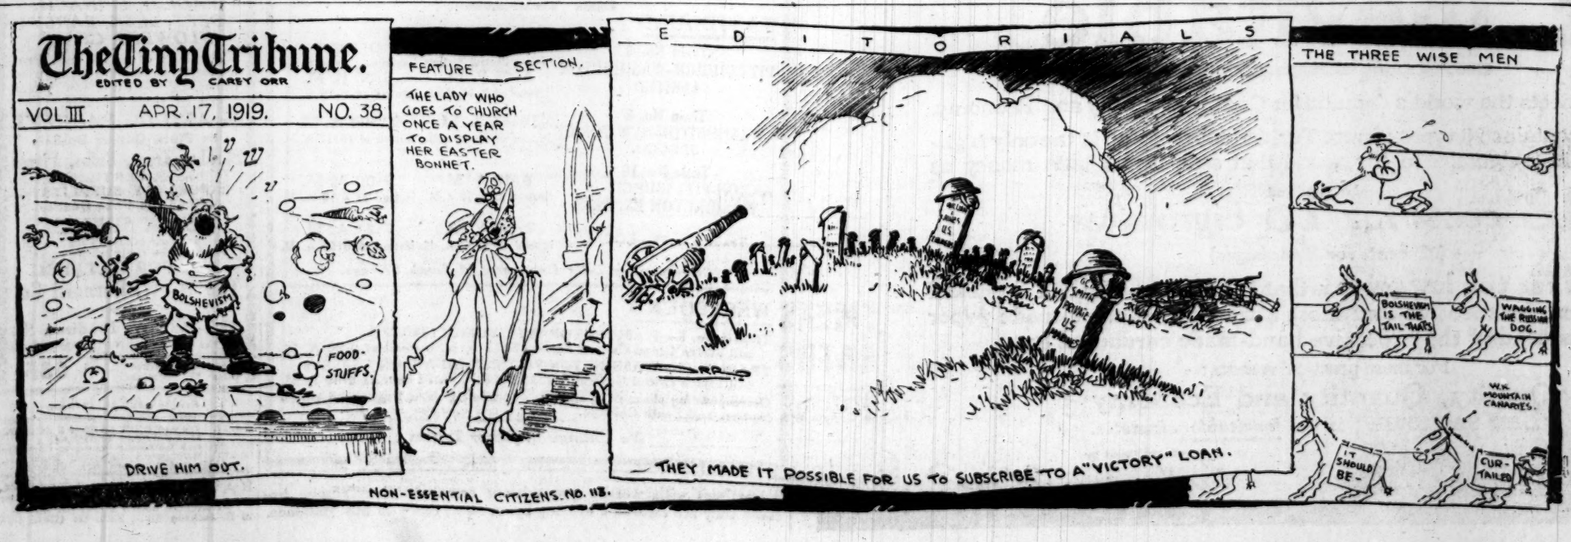

Income Tax Explained.

Chief Commissioner Daniel C. Roper, head of the internal revenue department, was introduced by Col. William Nelson Pelouze, the toastmaster. He ascribed the parentage of the income tax law to war and prohibition and said the nation's problems are bound up in the tax.

STATES TO EMPTY RUM CELLARS.

Washington, D. C., April 17.—[Special.]—Seizure and confiscation by the states of private stocks of intoxicating liquors accumulated in anticipation of nation-wide prohibition will be possible and probable after the prohibition law goes into effect.

This is the opinion of Wayne B. Wheeler, general counsel of the Anti-Saloon league. Although the league has taken no steps to this end, Mr. Wheeler believes the states themselves will take action, and the latest decision of the Supreme court is that the states have the right and the power to prohibit possession of intoxicating liquors.

KENWOOD TRACT IS BOUGHT FOR $400,000 PLANT

Piano Player Company Pays $100,000 for Factory Site.

The Kenwood Manufacturing district in the southwest part of the city is to have another large industry as the result of a deal just closed in which John S., Henry C., and Howard Phipps of New York have sold to A. Nicholas Page the vacant northeast corner of Kedzie avenue and Forty-eighth place, 500x509 feet, comprising about six acres, for a reported consideration of about $100,000. The property is to be used as a site of a large plant for the Q. R. S. company, a subsidiary of the Melville Clark Piano company, manufacturers of music rolls for piano players, and the proposed building and equipment will cost about $400,000. The transaction was negotiated by J. H. Van Vlissingen & Co., Paul C. Loeber & Co. being associated.

Plans for Building.

Plans for the building have been prepared by Mundie & Jensen, architects for the district, and the contract has been let to the R. F. Wilson company. It will be three stories high on the frontage of 215 feet on Kedzie avenue, the remainder of the building being two stories high, in the form of an oblong square, with a large court in the center, extending back 550 feet. It will contain 150,000 square feet of floor space. The purchasing company is said to be the largest concern in the world engaged in the manufacture of music rolls, doing a large export as well as domestic business. It has been in business for eighteen years, and the new plant will furnish employment to 500 persons.

Apartment Building Sold.

Barbara E. Kellner has sold to Kate Mary West the three story brick store and apartment buildings at the northeast corner of Webster avenue and Bissell street, 48x125 feet, and the southwest corner of Fremont and Clay streets, 24x125 feet, the improvements comprising three stores and fifteen apartments, for an aggregate consideration of $31,500. Paul Steinbrecher & Co. were the brokers.

There was filed for record a quitclaim by Frank Donnelly to the Clarendon Hotel company of the hotel property in Wilson avenue, 256 feet west of Clarendon avenue, 126x124 feet, for an indicated consideration of $70,000, according to the revenue stamps on the deed. The hotel is a four story structure containing 142 rooms.

Pays Cash for Land.

J. K. Harris has purchased from Samuel Lerman of Los Angeles, Cal., the vacant 50x167 feet at 3433-37 West Twelfth street, being 225 feet east of St. Louis avenue, for a reported cash consideration of $30,000. The purchaser conducts a men's furnishing store at the southwest corner of Twelfth street and Homan avenue, and plans to improve the property acquired with a two story building, covering the entire lot, at a cost of $50,000. Seymour Marks was the broker.

The six flat building on the Midway at 1441 East Sixtieth street has been sold by the estate of S. D. Foss to Thomas Walsh for a reported cash consideration of $25,000, subject to $7,500. It is one of the few properties on the Midway that is not owned by the University of Chicago. A. G. Hales of H. O. Stone & Co. was the broker.

Real Estate Transfers

Real estate transfers yesterday totaled 293, including 28 Torrens, and involving a total consideration of $367,920. There were 229 in the city and 64 outside, as follows:

Ray Consolidated Copper Shows Decrease in Profits

New York, April 17.—[Special.]—Ray Consolidated Copper company has issued its pamphlet report for the year ended Dec. 31, 1918, showing net profits before depletion charges of $4,653,455, equivalent to $2.94 a share (par value $10.00) earned on the $15,771,790 capital stock, as compared with net profits of $9,701,170, or 6.15 a share in 1917.

INSURANCE NEWS IN ALL BRANCHES EAST AND WEST

Fire Companies Oppose Removal of War Surcharge.

BY THOMAS R. WEDDELL.

The fire insurance companies are opposing any local efforts to remove the 10 per cent temporary surcharge for war costs till those abnormal costs have been reduced. A hearing will be held tomorrow at Lansing on the proposition to rescind it in Michigan. The national convention of insurance commissioners at its meeting in St. Louis this week defeated a resolution to recommend the removal of the surcharge, and referred the matter to a committee of seven, to report in September.

The recent meeting of the Western Union in Philadelphia adopted resolutions expressing the earnest conviction of the members that the emergency surcharge should be continued as long as the existing abnormal costs of transacting business continue. The resolution said:

The elements contributing to such abnormal costs have not been eliminated; on the contrary, some have been aggravated. The necessity and duty of providing sure indemnity and unquestioned protection against fire disaster, as well as increased service to property owners, were never more important than during this period of industrial and commercial uncertainty. Any proper or wise treatment of this subject must be nation-wide rather than local or state-wide. We, therefore, believe it to be our duty, to the public as well as our companies, to oppose by every proper and lawful means any attempt to hasten in any particular state or locality the removal of the surcharge until the existing abnormal costs of doing business shall be reduced.

CINCINNATI FIREMEN STRIKE.

The fire protection of Cincinnati is seriously demoralized by a strike of the firemen, who are asking for an eight hour day. For a time after the firemen went out there were a large number of false alarms sent in by sympathizers of the strikers, but the city stopped this by stationing boy scouts at each fire alarm box. The places of the firemen have been taken temporarily by members of the home guard and volunteer citizens.

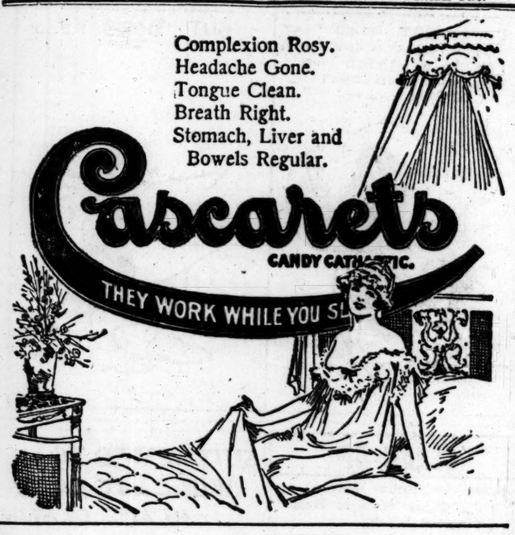

PRUDENTIAL INCREASES RATES.

The Prudential Life, which suspended its dividends this year because of the abnormal losses suffered in the influenza epidemic, has made an increase in rates, taking effect April 15, applying to all forms of ordinary and intermediate policies. No change is made in industrial rates. The increases range from 5 to 10 per cent of the former premiums.

INSURANCE NOTES.

Samuel G. Parks, who has had charge of the automobile department of the American Central, has been appointed special agent for the company in Kansas.

John Underwood, formerly a local agent at Bedford, has been appointed Indiana state agent for the Central National Fire.

CHEERS OF FANS FOR WAR HERO AS SOX TRIM NASHVILLE, 5-3

CATCHER STREET, NOW IN MINORS, GIVEN BIG HAND

Gleason's Men Hurry the Combat to Escape from Cold Atmosphere.

BY I. E. SANBORN.

Nashville, Tenn., April 17.—[Special.]—It was a raw, cloudy day, so the White Sox Regulars romped through their game here as fast as possible and made as few runs as they could, but had to compile a score of 5 to 3 to win.

Starting with Williams on the slab, the Gleason tribe thought two tallies would be enough, so made them early, but Williams was nearly frost bitten in four rounds, so Benz was sent to his relief. The locals pounded Joe hard enough to take the lead in the seventh. That gave the Sox more work to do. They waited until two were out in the ninth, then whaled in three runs and cinched things. Shellenback worked the last half inning, as Benz was half frozen by that time.

Cold May Be Damaging.

Only their fighting spirit was developed today, but otherwise the two games here and in Memphis may do the Sox more harm than good if they contract a few colds or bad arms.

The Nashville team has the real baseball hero of the late war in the person of Sergt. Street, formerly known as Gabby, and the old time battery partner for Walter Johnson. Street enlisted in the gas and flame division of the chemical war service in 1916 and was in service fourteen months, almost twelve of them on the front in France and Belgium. His gas regiment of six companies was split up and a platoon assigned to each American division that saw active fighting. Consequently Street got into most of the important battles in which American troops were engaged.

In Four Big Battles.

Street's first experience was with a British division, when the big retreat carried the line almost back to Amiens. Afterward Street was in the thick of it at Chateau Thierry with the United States marines, then at Soissons, at the St. Mihiel drive, and in the Argonne forest. He spent forty consecutive days in the Argonne.

Street was gassed slightly when giving first aid to a wounded boy in his platoon, and later in the Argonne forest was wounded by a machine bullet which tried to remove his nose, but resulted in the loss of the bone only. In one attack Street went out with thirty-four men to squirt liquid fire into the boche trenches. They ran into a stiff machine gun fire, which exploded several of the tanks they wore on their backs. Only four of them, including Street, came back from the attack. Eleven were killed outright and nineteen wounded. They rescued the nineteen after dark.

Signs Up with Nashville.

Street was invalided back to the United States the latter part of January and was discharged honorably at the end of February, just in time to sign to catch for the Nashville team again. The crowd, which was small on account of the weather, showed its appreciation of their diamond hero by cheering his every move during the four innings he caught Decatur. Score:

HAAS AND RUNGE SENT TO BREWERS

Ensign Bruno Haas and First Baseman George Runge were released to Milwaukee yesterday by the White Sox. Haas is the former naval aviator, who has been trying for an outfield job with Gleason's team. Runge is a Chicago semi-pro.

The transfer of these two men practically completes the deal whereby the Sox secured Pitcher Lefty Kerr from Rowland's team, according to Secretary Harry Grabiner. Milwaukee was promised three men for Kerr. Mel Wolfgang was sent last week.

Cubs Have Best Slab Staff, but Task Exceeds Last Year's

BY HUGH FULLERTON.

Cleveland leads the American league in pitching strength, according to the dope, with the Boston Red Sox a close second and Chicago trailing over 100 points behind them. In the National league the Cubs, of course, show the lead, but after them the dope is a series of startling surprises.

Brooklyn, looked upon by most of us as a hopeless team, ranks second to the Cubs and not so far behind but that the Dodgers have a chance. Just behind Brooklyn come the Pirates with a sudden show of strength, and, down in fifth place we find the New York Giants, showing the hard task McGraw faces to make the playing and attacking strength of his team offset the weakness of the pitching staff.

The return from service of many excellent pitchers is the chief element in the overturning of the pitching dope.

Cubs Face Harder Opposition.

Eastern critics are very largely figuring the Cubs as strong favorites to repeat their victory of last year. They are not doping carefully. The fact that Alexander is returning and is reported to be near pitching condition undoubtedly gives the Cubs the strongest pitching staff in the country, strong in the very essential for beating its closest rival, which is good left handed pitching.

But any one who figures the Cubs pitchers to be as effective as they were last year, has not studied the National league. Before the end of the abortive season of last year scarcely a team was left with punch enough to harm a really good pitcher, and the Cubs were fortunate enough to hold their great staff intact.

Cubs Not Run Getters.

Allowing that Vaughn, Tyler, and Hendrix pitch just as well this year as they did last, that Alex returns to his form of two years ago, and that Douglas is much improved, the fact remains that they will be pitching against a handicap which will grow greater as the teams round into form.

That handicap lies in the fact that the Cubs cannot, against good pitching, average within a run a game as many runs as the Giants will make, and probably Cincinnati and Pittsburg will score close to a hundred more runs in 140 games than the Cubs will.

Red Sox Better than 1918.

Boston's pitching strength is slightly increased, and the attacking strength of its pitching corps is added to by the acquisition of Caldwell. Caldwell's arm was bad last year, but got better. If Ruth confines himself entirely to pitching the staff will be even stronger than last season.

The Yankees show the greatest increase in pitching strength of all the American league teams. Securing Shore and Leonard makes the team stable at least. Last year Huggins never was sure of any pitcher. They came into form, pitched great ball and exploded as suddenly as they came.

The real big pennant hope of the team, it seems to me, lies not in the vets secured from the Red Sox, but in Thormahlen. This fellow startled the American league for six weeks last summer and was as good as any pitcher in it, then he went wrong and never regained his best form.

Sox Youngsters Promising.

The White Sox have recovered part of their losses of last year, and Gleason is working with promising youngsters. Philadelphia now shows respectable pitching strength, and if Naylor develops as he promises to do, the Athletics may figure ahead of Detroit within a month.

In the National the return of Earl Hamilton makes Pittsburgh formidable, and the news that Ponder is coming back is cheering. Brooklyn already has recovered a lot of pitching talent. The team had ten strong pitchers taken into service last year, and a month from now may have a lot of excess talent to trade and strengthen weak spots on the team. By the way, in the individual figures Leon Cadore figures to be close up to Alexander, Vaughn, and the other great stars.

Surprises in Dope.

There are some surprises in the dope. For instance, Coveleskie of Cleveland figures as the best pitcher from the standpoint of value to his team in the coming race in the American league, leading Walter Johnson by seven points.

This concludes the study of the comparative study of position values. In the next article I will add up, give the amended figures, including changes since the spring training started, and we will find out which are the strongest teams.

Aleck Welcomed Back to Chicago Under Heavy Fire of Camera Fleet

BY JOHN ALCOCK.

It looked as if Chicago were preparing to entertain a new president when the Twentieth Century Limited rolled into the La Salle Street station yesterday. There was a big battery of camera men—movie and still variety. There was a great gathering of reporters. And there were commoners galore—too many to count.

It wasn't a new president that drew this outpouring. It was Grover Cleveland Alexander, erstwhile sergeant of heavy artillery with Uncle Sam's forces in France. It wasn't his war activities that drew the crowd, either. Mr. Alexander is Aleck the Great, premier hurler of baseball. He belongs to the Chicago Cubs. Hence the photographers, the reporters, and the commoners.

Returns to Chicago Tuesday.

Aleck's head was not turned by this demonstration. It was only a repetition of what they gave him in New York. When he and his wife left last night for St. Paul, Neb., to visit the home folks, Aleck was the same quiet Alexander of his baseball days. He'll be back Tuesday to climb into uniform when the Cubs open the season Wednesday. But he probably will not be in shape to pitch for a couple of weeks.

Concerning his own part in the war Alexander has little to say. He was under fire for seven consecutive weeks with Battery F, Three Hundred and Forty-second field artillery, Eighty-ninth division. His idea of a man's feelings when under fire for the first time sounds rather new.

Thoughts Not on Baseball.

"It happened at night," Aleck says. "We were in our pup tents when the shells started hitting around us. I just rolled over and over all night. Guess I was trying to figure whether I'd rather get it in the back or in the face. Most of the boys did the same thing, too. I thought of baseball for just one minute. If they were going to get me I wanted them to do a good job of it. I didn't want them to cripple by pitching arm and let me live.

"That rolling stunt probably helped keep the boys from talking on extra weight. It might be a lesson for women inclined to be fleshy."

Aleck a Good Sailor.

Grover was a good sailor. "Never seasick a minute, going or coming," he relates. "And we sure had one tough time in the English channel. We went over in one of these old sidewheelers. The water was the roughest I ever saw. So many men were ill there weren't enough left to act as guard.

"Clarence Mitchell, the Brooklyn pitcher and first baseman, was on guard duty. He couldn't muster his squad. He reported to his captain, and the captain said he didn't give a so-so if they never did have any guard again. 'I'm the sickest man on this ship myself,' the captain complained."

Wrigley's Wonderful Vision.

Alexander jumped from the channel to his reception at New York on Monday: "Wrigley was at one of his warehouses, half a mile from where we landed. He was watching with a field glass, trying to spot me on the boat. With all those thousands wearing the same uniform he didn't have a chance, of course. But one of the hands there asked Wrigley if he could see me. 'Sure; there he is,' Wrigley answered. Then he dashed over to the wharf and took care of us after that."

Baseball players who went into the greater game are withholding judgment on the men who didn't go. "We didn't get much information over there," Alexander says. "Of course we pretty nearly knew which men went in. We didn't know much about the fellows that are said to have dodged service. Some of the boys over there were rather dubious about the fellows who leaped into service when the war was practically over and grabbed fat commissions. I don't think there is much feeling, though."

CUBS' SPEED HURLING STOPS FOE DEAD, 4-0; AEROPLANE STEAL!

BY JAMES CRUSINBERRY.

Oklahoma City, Okla., April 17.—[Special.]—With Claude Hendrix and Phil Douglas trying out their arms at a big league pace, the Oklahoma Western leaguers were quite helpless with their bats today, and the Cubs took the second and final game of the series, 4 to 0. Claude allowed the locals one blow in four rounds and Phil allowed one in five. Both were using plenty of steam, spitters, curves, and everything, but Phil had better control than Hendrix.

Phil walked no one and Claude passed four men. It was by far the best pitching turned out by any of the Cub hurlers so far this spring and Boss Mitchell felt tonight as if his staff will be in fair condition for the start of the pennant race next week.

Aerial Stolen Base.

In the first inning, two aeroplanes passed over the field several times, not over fifty feet from the ground. When the first one came over some of the players ran to shelter, the thing was so low. It looked like the pilot was aiming at a seat in the grant stand, but he swerved up over the roof and the third baseman having run away from his position, Fred Merkle, then on the sacks, sneaked an extra base.

Three wild but speedy pitchers took turns on the slab for the Oklahomh team and the Cubs didn't do a lot of slugging because much of the time they were dodging bean balls. They gathered only five blows, but that number, along with four miscues by the locals and six free passes to first made it an easy matter to win the game.

Attendance Is Small.

Although this was the first town in organized ball struck since the Cubs left San Francisco, they had a smaller attendance than any other place they played all spring. There weren't more than 1,200 persons who paid for both games of the two days here.

Notes of the Cubs

Oklahoma City, Okla., April 17.—[Special.]—The Cubs departed late tonight for Tulsa for an exhibition tomorrow, after which they move to Kansas City for Saturday and Sunday games to put on the finishing touches for the opening.

Muscle Merkle stole home cleanly with the first run in the first inning. Hollocher and Mann executed a double steal of third and second in the sixth.

Charley Pick had an altercation with Umpire Wilson during the game because of the decisions made on balls and strikes, but no blows were struck. Nothing but close glaring at one another took place.

Doc Potter, famous half back of the Northwestern university team in '96 and '97, now a prosperous dentist here, acted as chauffeur and guest of the Chicago war scribes at the game.

INTERVIEWING ALECK.

Chi., April 17.

Friend Harvey:

This P. M. I come into the office by mistake and I of your baseball writers name John Alcock was setting there and I know him pretty well so I said "Hello Mr. Alcock," and he answered me back in the same strain and finely he said "Do you know Alexander the Great?" So I said "Yes, I did know him before he died." So he said "Oh, no, this bird is not dead because Mr.

Wrigley just brought him back from N. Y. city." So I asked him if he meant a baseball player or something, and he said yes.

* *

Well, the next thing he said he was assigned to meet Alexander the Great and get an interview out of him but he couldn't find him, so I asked him did he know where he was stopping and he said yes he was stopping at Rm. 921 Sherman Hotel but he had called him up there and couldn't get him. So he wanted to know if I knew how to get him. So I said if he is stopping at Rm. 921 Sherman Hotel I think the best way to get him is call up the hotel and ask for the Rm. So we did that and he had never thought of it before, so Aleck answered the telephone and said sure come right over. So that shows you what I do for the baseball writers.

But in the mean time it took us half an hour to get there and talk to Mr. and Mrs. Aleck and I had nothing written so I asked this baseball writer if he was going to use the interview he had with Aleck and he said yes so I said what am I going to use and you have wasted all my time. So we were quarreling about that when we run into a man which I won't tell you his name, but he said he use to work on the paper and said he got married Monday and separated Tuesday. So I asked him why he got married if he was going to get unmarried so soon and he said because the girl asked him to marry her last Wednesday and he couldn't very well refuse and be polite.

* *

"But," he said, "when I married her I thought I was marrying a girl and

not a whole family but as soon as I got married to her she rung in her family and friends and a chum and said I had married them, too. So I decided to get separated."

So that's the awful story I have got to write because if I wrote the story about Aleck, Johnny wouldn't have any story to write, but you can see how it is.

CADDOCK TO MEET STARS OF ALLIES IN MAT TOURNEY

BY WALTER ECKERSALL.

After Ed (Strangler) Lewis finished his training at the C. A. A. yesterday for his finish match with Wladek Zbyszko at the Coliseum April 28, he was shown a letter received by Instructor Martin Delaney from Capt. Jack McCort, who has charge of athletics ni the Second army at Toul, France.

Sergt. Earl Caddock, world's heavyweight champion, is attached to this army, and already has won the right to represent America in the inter allied contests. Capt. McCort said Caddock had taken on weight, but has not lost any of his speed. He won every fall in less than five minutes in army bouts. He expects to return the latter part of June.

Capt. McCort said the Americans would be unbeatable in the inter-allied games. McCort was one of the best all around athletes developed at the University of Illinois, and a member of the second officers' training camp at Fort Sheridan.

MILLIONAIRE KID IN BOXING BOUT

Philadelphia, Pa., April 17.—[Special.]—Daniel Guggenheim Jr., son of the New York copper magnate, participated in a boxing tournament at a local gymnasium today and went to the finals after an elimination in which forty boys of the Haverford Friends school participated. In the final bout, however, Guggenheim lost to Francis Donalson of this city.

Guggenheim, 12 years old, weighed in at 82¾ pounds. His opponent, one year his junior, tipped the scales at 72.

A pool of $7,000 was wagered on the bouts between New York and Philadelphia clubmen in attendance. The boys were not aware any bets had been placed.

MAUPOME STILL AHEAD OF AUGIE

Starting the second half of his match with Pierre Maupome with a deficit of fifteen points, Augie Kleckhefer won the afternoon block at Mussey's Monroe street room, 52 to 50, in fifty-five innings. He had high run of six and four fours. Maupome had four fives. He made two fives in successive innings and took the lead, 41 to 38, but Augie beat him to the wire.

Maupome won the night block, 50 to 44, and now leads, 400 to 381. The game went fifty-four innings, Augie getting two fives and Maupome a four for high. Blocks will be played today at 2:30 and 8 o'clock.

AT THE BILLIARD ROOMS.

Sidney Cole [100] and Clarence Safford [125], who rate as the best players in the pocket tournament at Burdick's, met last night, Cole winning, 100 to 37, by a fine display of steady shooting. His high run was 18. Tonight Kelly will meet Burns.

William Burdick has leased a room at 167 West Monroe street and will vacate his Jackson boulevard room. The new room will have twenty-four tables and will be opened around June 1.

Woods and Waters

MORE SALMON DOPE.

STILL the salmon inquiries come in but please do not get unduly excited about Lake Michigan salmon. Sad as it may seem, the run is much smaller this year than usual.

Ordinarily these fish frequent the shallows as soon as the ice leaves and stay until the latter part of April; then they light out for deep water and nothing is seen or heard of them until the following spring. If they do not come in greater quantities than they have so far, this is going to be a poor salmon year.

One reader wants to know if these fish breed in Lake Michigan. Apparently they do as minnow seiners have caught fry and fingerlings when making hauls for bait. Another asks if it is necessary to use salmon rods and tackle to catch them. We would say not, since one can cover much more water with bait casting or trolling tackle.

Catching salmon in Lake Michigan has been too little studied for anyone to set himself up as an authority on proper tackle, but our suggestions would be. Strong casting rod, multiplying reel with at least fifty yards of silk casting line, testing about sixteen pounds. If trolling is done we would use at least three feet of heavy bass or salmon gut on which we would tie the hook. On the end of the line we would tie a half-ounce dipsey and fasten the gut about two feet above the sinker.

As to baits we would advise a variety: Twin spinners, small, light colored plugs, phantom minnows, metal and pearl wobblers, ordinary spinners and bass flies, and a few of those fish-shape pieces of metal that dart hither and yon when being trolled or reeled—a horse shoe, four-leaved clover and rabbit's left hind foot might help a little.

LOCKER CHARGES VS. FEE SYSTEM

Chicago, April 17.—[Editor of The Tribune.]—If it is true that the park board has about decided to charge no fee for playing at Jackson park, it simply means that the course is to be turned over to children and idlers (men and women), for the time is slowly approaching when the man whose time is worth anything to himself or anybody else cannot afford the wait required to play at this course. The locker fee is inconsequential. Two rounds of golf on a good course are of more value than a year's use of a locker.

Milwaukee Girl Breaks A. A. U. Swimming Record

Milwaukee, Wis., April 17.—Helen Thomson, swimming under the colors of the Milwaukee A. C., established a new record of 1:32 1-5 for women in the 100 yard breast stroke event under the auspices of the Central A. A. U. The former record was 1:34.

In a 150 yard swim against the world's record Norman Ross completed the distance in 1:29 4-5, four-fifths of a second behind the record.

A. E. F. GOLF CHAMP PICKED UP ABILITY ON LINKS ABOUT CHICAGO

Sergt. William Rautenbush, who won the golf championship of the American expeditionary forces at Nice, France, Wednesday, is a product of the Garfield park public course.

"Big Bill's" greatest performance in the golfing line was in the national open championship at the Midlothian Country club in 1914, when he finished in eleventh place with 301, eleven strokes behind Walter Hagen, winner, who had 290. Rautenbush was third among the amateurs, Charles Evans Jr. being first with 291 and Francis Ouimet third with 298. Among those who finished behind Rautenbush were Jim Barnes, present western champion, and Tom McNamara.

Chicago City Champion.

The same year Rautenbush won the city championship at Jackson park, defeating J. N. McDonald 1 up in forty-six holes after being 3 down and 9 to play. Previous to this he competed in the western amateur championship at Grand Rapids, but was defeated in the first round by D. Edward Sawyer, the match going twenty holes.

Rautenbush competed in the western amateur championship at Cleveland in 1915, representing Glen Oak. He lost to William Diddel of Indianapolis, 4 and 2, in the first round.

Harry Rautenbush, a brother of the new army champion, is also a fine player. The family boasts eight golfers.

Hubbell from Des Moines.

Lieut. James Hubbell, runnerup to Rautenbush at Nice, is well known in midwestern golf circles. He comes from Des Moines. In 1915 he was runnerup to Harry G. Legg of Minneapolis in the trans-Mississippi tournament and last year was runnerup in the Iowa state Red Cross championship event.

In 1916, while a student at Harvard, he won the eastern intercollegiate championship at Oakmont, Pittsburgh.

U. S. CREW NAMED TO RACE ON SEINE

PARIS, April 17.—The roster of the American crew which will take part in the international regatta on the Seine, April 27, reads like an all-American selection, and college yells, more familiar to Poughkeepsie than to Paris, will startle the natives on racing day. The American crew is made up as follows:

Bow, Sergt. Collis S. Cole, Yale; 2, Private Royal Bird, Cornell; 3, Sergt. Howard McHenry, Yale; 4, Capt. James Brinkerhoff, Cornell; 5, Lieut. Tommy Jefferies, Harvard; 6, Capt. Royal Ellen, Washington; 7, Capt. Harry Cabot, Harvard; stroke, Lieut. H. S. Brooks, Cornell; coxswain, Lieut. Guy Gale, California.

BURMAN RETURNS FOR TRAINING.

Joe (he hasn't changed it to "Joey" yet) Burman returned to Chicago yesterday to start training for his ten rounder with Dick Loadman to be held at Milwaukee next Wednesday night. Burman will do his work at the Arcade gym.

REAL MARATHON GOLFING RECORD 216 HOLES IN DAY

2 Chicagoans Also Have Beaten Recent Mark of Quaker Player.

BY JOE DAVIS.

When the news was wired from Philadelphia that Fred W. Knight Jr. had "broken all known American records" by playing 144 holes of golf in one day at the Whitemarsh Valley club, it was evident the list of records is limited.

About ten years ago George H. Lytton and Andrew McCaughey of the Exmoor club decided to test their respective powers of endurance. Starting at 4:30 in the morning and stopping at 7:50 p. m., when it was too dark to follow the balls, they totaled 153 holes, so that irrespective of having played later in the year than Mr. Knight, they beat his mark by nine holes.

Record Made in Scotland.

The world's championship appears to be held by H. B. Lumsden, who in June, 1910, played 216 holes over the Aberdeen golf course in Scotland, starting at 2:20 a. m. and finishing at 9 p. m. It is estimated he walked over forty miles. He averaged 82 for each round.

Some years ago Slason Thompson, veteran member of the Onwentsia club, engaged in a Marathon, but his exact record is not recalled.

Wood to Test Tourney Course.

Warren K. Wood and several Flossmoor golfers will play over the Sunset Hills Country club course at St. Louis Sunday. The Chicagoans desire to get a little practice over the course on which the western amateur championship is to be staged in June.

Ned Alias of Milwaukee, who was runner-up to Warren Wood in the western amateur championship at Flossmoor, has returned from France, where he held the rank of sergeant. He was unable to get a game on any of the French courses, as he spent all his time at Brest in the administration department.

THREE MAROON TEAMS AT DRAKE

Coach A. A. Stagg and Trainer Tom Eck will pilot three relay teams of the University of Chicago to the annual Drake university relay games at Des Moines tomorrow. The runners will leave today. Makeup of the relay quartets:

One mile team—Speer, Kennedy, Hall, Harris.
Two mile team—McCosh, Moore, Lewis, Speer.
Four mile team—McCosh, Moore, Long, Lewis.

Purple Coach Will Lead Runners to Drake Today

Coach Bachman will leave at noon today with five Purple trotters for the Drake relays at Des Moines tomorrow. Hamilton, Spray, Weber, and Gindick will go in the mile, and Pollak, Spray, Weber, and Spray will cover the half.

Racing Planned in Berlin; Rich Purses on Program

BERLIN, April 17.—Berlin plans to have its annual racing notwithstanding disturbances the Spartacans, Independents, and strikers may create. The Grimewall program, published today, shows forty-three chief events of the turf from April 30 to Oct. 12. The schedule includes the Berlin Grand Prix and Gladiator stakes, each for a purse of $25,000, and five races with purses of $12,500 each.

TOM BRADY BACK FROM WAR.

Thomas V. Brady, well known in lacrosse circles, who served as a private in the One Hundred and Forty-ninth regiment, returned to Chicago yesterday, having received his discharge at Camp Grant. He was in action at Luneville on the Marne, and in two phases of the Meuse-Argonne battle. He was stricken with typhoid fever and was for many weeks in a hospital at Beaune.

Some People Think Miss MacLaren a Great Actress

"THE AMAZING WIFE."
Produced by Universal.
Directed by Ida May Parks.
Presented at the Casino.
THE CAST.
Cicely Osborne .....Mary MacLaren
Lieut. John Ashton.....Frank Mayo
Claire Marston .....Ethel Lynne
Phillip Ashton ....Stanhope Wheatcroft
John Ashton, laborer ....Seymour Zelliff
Mrs. Ashton, Sr.....Mollie McConnell

By Mae Tinée.

After an hour spent observing "The Amazing Wife" I am more than ever at a loss to understand why some people think Mary MacLaren an actress. To me she seems merely a pleasant looking, rather diffident little girl, dreadfully at a loss as to what to do with her hands and feet. Her work in this release decidedly reminds one of Louisa M. Alcott's description of Amy's efforts in the amateur play given by the "Little Women" one Christmastide. Beautiful golden curls had Amy, and Amy could do many things better than the rest of the world, but Amy could not act.

In all fairness it must be said, however, that Miss MacLaren can do better than she does this time—which indicates that the director should share part of the blame.

The plot of "The Amazing Wife," while not a direct steal, is much on the order of the Madge Kennedy picture, "The Service Star." It also most decidedly smacks of "The Way of a Woman" and "In Another Girl's Shoes." The motif of all of these is the young woman who for reasons of her own passes herself off as the widow of a man of well to do family, and is brought to bay by the unexpected return of the supposed deceased.

The real heroine and actress in the picture to me was Mollie McConnell, who plays the part of the mother of the boy supposed to have died in battle. It is always a joy to see "Mother" McConnell. With her crown of snowy hair she is a beautiful thing to look upon, and her mellowed, slightly wistful dignity is very winning. Stanhope Wheatcroft as a he-vampire is not so bad, either. But—well, here's where I have a heart and stop!

Tribune Cook Book

BY JANE EDDINGTON.

April Strawberries.

If we could have April and June strawberries alongside each other, the April berries would suffer complete neglect. As it is now, I fancy more of the berries of this month are wasted than can possibly be justified.

These green, sour berries, cooked without any water and sweetened, are highly palatable, and on some of the Saturdays when they are offered at low prices it might pay to preserve them for summer use in drinks, with ice creams, etc., for often of a hot day the berry market offers no attractions.

Another use for berries put up in this fashion is to cook apples in them to that delicious pink so characteristic of the cosmopolitan pink fruit compote. Pink pears are what we most often see served, but pink apples are pretty and delectable as well, with whipped cream, especially when they have the strawberry seasoning.

If used raw the strawberries of this month's market should be sliced and well sugared. They are crude things served whole, but dainty and agreeable sliced even when no more than the top half has been reddened by the sunshine.

To prepare strawberries carefully for the table it is best to slide them gently into a pan of water, and immediately skim them out before hulling them. If that water is cold perhaps we can see in it convincing proof of why it might be just as well to slide them first into boiling water and then into cold.

Strawberries gather a good deal of dirt in growing, some in being picked, and some more in the markets. Putting them into boiling water is none too precautionary a measure if we have in mind in preparing all food that we wish to maintain our health over long periods of time. After the boiling water the soft spots show up as they are fairly cooked, and can be easily cut out without wasting much of fine large berries. Handled carefully they lose nothing that they are not the better for losing, and after being hulled and set in the icebox for an hour they are like new.

To take such pains is like double locking your door every time you leave your house. When you return home some day and find that the "jimmy" was ineffectual you are mighty glad you have taken the trouble.

Actors in Fete for Gold Star Bazaar

A drive in behalf of the 2,500 gold star mothers of Chicago will be launched this afternoon in the Olympic theater by an entertainment by prominent actresses and actors now appearing in the city, and by speeches by prominent citizens.

The entertainment will open the sale of tickets for the victory bazaar to be held by the gold star mothers in the Coliseum May 24 to June 1.

The funds collected from the bazaar will be used to furnish rooms for the entertainment and comfort of mothers left destitute by the death of their sons, and for the aid of wounded and unemployed soldiers.

First vice president—Mrs. H. S. Johnson.
Second vice president—Mrs. Paul Megelin.

REAL LOVE STORIES

Do you know a real love story—one that is stranger than fiction? It is the idea that is wanted. No attention will be paid to literary style. "The Tribune" will pay $5 for every story published. No manuscripts returned. Address Doris Blake, "The Tribune," Chicago.

Mother's Choice.

There were two men who were in love with my mother. She liked both of them, and when they proposed to her in the same week she could not tell which one she really loved well enough to marry. "If only I knew which one cared the most for me," she said to my grandmother. "That would help me to decide, I'm sure."

That was early in the spring. In June they were both still coming to see her, both trying to get her promise to marry. And mother—well, mother was waiting for that "something" which would prove which one cared the most for her.

One night John came. He was unusually entertaining, and mother almost decided that he was the right one. The fact that Henry had not visited her for almost a week helped along with the decision she was making. But the next evening Henry came, silent, reserved, almost disinterested, it seemed. Mother and he were sitting on the front porch together—she talking and he answering in short, monosyllabic answers. Suddenly the answers stopped altogether. Mother looked up to discover that Henry was asleep.

Then she was furious. She tiptoed into the house, got his hat, and laid it down on the settle in which Henry was sleeping. "When he finds the lights out, the door locked, and his hat beside him he'll know the answer to his proposal," she stormed to herself. "I know how much he loves me now—not enough to keep awake while I'm talking."

She went to bed and was awakened early the next morning by her older brother. He had discovered Henry still sleeping on the front porch, and wondered. Mother stormily gave him the explanation. And then came her brother's rejoinder, "Well, for myself, I think he's pretty fond of you. Henry's father has been sick and he hasn't had any sleep for three nights. His brother was telling me about it yesterday. If any fellow in the state he was in cares enough for a girl to take his first time off to come and see her instead of taking the sleep for which he is dead I think she is pretty lucky."

And mother did, too. Again she tiptoed out onto the porch, secured Henry's hat, put it back into the house, and, going back onto the porch, quietly curled up in the other side of the settle, so that Henry would think that she had been a faithful watcher. And Henry—well, Henry is my father. So you see he appreciated her faithfulness. M. M.

DORIS BLAKE'S ANSWERS

Nothing to It.

"Dear Miss Blake: Would you kindly tell me the significance, if there is any, of letters written in red ink? My girl friend and myself have received letters from boys written in red ink, but addressed in blue ink. She says it has a serious meaning. V."

I never heard of any meaning, serious or frivolous, attached to the red ink bottle. It isn't good taste to write in red ink, because it doesn't look well and it isn't as legible as dark is.

A Friend in Need

Sally Joy Brown

I want to be the medium through which the friend in deed and the friend in need may be brought together. It may be you have some discarded article which has not outgrown its usefulness that will make some less fortunate one happy, and you would gladly give it if you knew how to go about it. Write to me and I shall be only too happy to be of service to you. Please write on one side of the paper.

When information is wanted by mail a stamped, addressed envelope should accompany the request. Please do not send parcels to "The Tribune," but write for the address of the applicant and send direct.

In Need of Clothes.

"I am 25 years of age and have tuberculosis; have been in bed for a year, but now I am able to walk around a little. I am much in need of clothes, especially a suit. I wear size 36 and would greatly appreciate anything given to me. J. S."

The case of this young man is a hard one and I trust there is some one who can supply his moderate needs.

Typewriter Would Help.

"I come again with an earnest appeal for a typewriter. I am unable to do outside work because of an accident; have not been able to work for nearly two years, and have a wife and daughter to support. I am assured of steady addressing if I have a machine. I am so anxious to do something. This is a great favor I am asking, and will be greatly appreciated. T. S. S."

Offers Old Magazines.

"We have twenty-five copies of a woman's magazine which we would be glad to send to any one who would care for them. C. P."

Do not forget the stamped, addressed envelope when asking for the magazines.

Bright Sayings of Children

A neighbor's little boy was playing in the yard and a squirrel came down the tree. The little fellow looked

at it a while, trying to think what it was, and finally hollered out, "Hello, dog." C. O.

Grandpa visited us for a month and gave Billy a dime a week, advising him to put it in his bank. Yesterday, before leaving for his home, grandpa asked the little fellow how much he had in the bank. Billy was silent for some time, then: "To tell you the fack, granpa, my bank's clean empty, but you bet I've had a grand and glorious time for a whole month." C. D.

A doctor who is the father of three girls had delivered a baby boy at the home of one of his patients a few days before, and on making his calls a few days after had taken one of his little girls with him in the machine. Upon stopping at the home of the new arrival he said to Dorothy: "They have a nice baby boy in here and I don't believe they want him; shall I ask if I can take him home to mother?" Dorothy answered: "No, I think mother would rather have a brand new one that's never been used." B.

"The Tribune" will pay $1 in thrift stamps for each childish saying printed. The story told must never have been printed in any magazine or paper. It is not possible to acknowledge or return unavailable contributions. Please write on one side of the paper. Address bright sayings to Aunty Bee, "Tribune," Chicago.

BEAUTY ANSWERS

BY ANTOINETTE DONNELLY.

MOSE: WHAT'S GOOD FOR YOUR wife is good for you. Why didn't you start to reduce when she did? She was right when she said my instructions were as good for you as for her. You would better get to work on them or with her late bereavement of twenty pounds—well, she may be casting glances toward a more slender gemmen. Remove the temptation, Mose, by making yourself the slender "gemmen."

ANTONIO: LIGHT WEIGHT switches are not damaging to the hair if they are kept scrupulously clean by frequent washings and aired every night after the day's wearing. Brush out as carefully as you brush your hair every night to remove the day's dust and grime.

Hot Cross Bun Sale at Shop of League for the Handicapped

Hot cross buns will be on sale today at the little shop of the Service League for the Handicapped, 7 West Adams street, where the annual sale of articles made by pupils of the Henry B. Favill school is being held. Doughnuts and home made cakes also will be offered for sale. Mrs. Frank Allport, Mrs. George W. Dixon, Mrs. Chauncey Keep, and Mrs. H. H. Merrick are among the women interested in the shop.

Notices have been sent out asking the friends of St. Luke's hospital to attend and send donations to the linen shower to be held at the hospital next Thursday afternoon from 3 to 5 o'clock. Mrs. Harold Eldridge, Mrs. Henry H. Walker, Miss Helen L. Carter, Mrs. John De Koven and Mrs. Joseph H. Defrees are on the committee in charge.

Mrs. Joseph Winterbotham Jr. of 212 East Superior street, who has been in France with the Y. M. C. A. since last May, will sail on Monday for America. Mr. Winterbotham and their young daughter will go east to meet Mrs. Winterbotham, and the family will spend some time visiting Mrs. Winterbotham's mother in Morristown, N. J. Later they will proceed to York Harbor, Me., for the summer, not returning to Chicago until the early fall.

Capt. S. L. Beals, commandant of the Chicago High School R. O. T. C. unit, entertained at luncheon yesterday at the Union League club for Count Rosen of the Swedish legation in Washington, the consul general of Sweden and his wife, Mr. and Mrs. de Goes, and Countess de Longercrantz, and Mr. de Longercrantz of Sweden.

Covetous glances need no longer be cast toward a berth in the flower bearers' sextet in the Junior league-overseas revue performances. The choice of six terpsichores was made known yesterday, and they are: Miss Doris Russell, who two years ago was the leading lady of the revel, Miss Margaret Bullman, Miss Emily Bissell, Miss Cordelia Carpenter, Miss Mary Cook, and Miss Harriet Pardridge. Miss Katherine Blossom and Donald Kimbark will stage a duet, and a foursome will give exhibitions of the newest dances. Miss Helen Hoyne and Miss Isabel Robbins will be the ladies fair, but the identity of their dancing partners has not been disclosed, other than that they are two of the best danseurs in town. The sale of tickets began yesterday, and they may be had at the box office or by calling Miss Harriet McLaughlin, Superior 5032.

Mrs. Russell Tyson of 20 East Goethe street will leave today for her old home, Rice farm, at Brattleboro, Vt., to spend Easter Sunday. On Tuesday Mrs. Tyson and Mrs. Arthur Ryerson will be present in New York City at the meeting of the hospital committee of the American Fund for French Wounded, and on Wednesday at the convening of the National council.

Mrs. Henry Dibblee, who returned early in the week from Palm Beach and White Sulphur Springs, has been at the Blackstone until yesterday, when she moved to her apartment at 1100 Lake Shore drive, which had been leased for the winter to Mr. and Mrs. George A. McKinlock of Lake Forest.

Mr. and Mrs. Kenneth Edwards of 2614 Lake View avenue are being congratulated on the birth of a daughter Wednesday.

Mr. and Mrs. Norman A. Street of 429 Wrightwood avenue have returned from a month's fishing trip along the west coast of Florida.

Mrs. Ogden T. McClurg and children of 999 Lake Shore drive will return today from California, where they have spent six weeks.

Mrs. Halstead G. Freeman, who removed to New York City to reside a few months ago, will arrive tomorrow for a visit with her parents, Mr. and Mrs. David R. Forgan. Mr. and Mrs. Forgan have been at the Blackstone since returning from an eastern trip, but will return to their residence at 1112 Greenwood avenue, Evanston, the first of the week.

Mr. and Mrs. William A. Yager have returned from an eastern trip and are at the Blackstone until they open their residence in Lake Forest the latter part of the month.

Mrs. Robert P. Lamont and daughters, Dorothy and Gertrude, of Evanston, have returned from a several weeks' stay at Lakewood, N. J.

Mr. and Mrs. George Sturges of 521 Stratford place went to Lake Geneva yesterday to spend the summer. Their house in the city has been taken by Mr. and Mrs. Jackson K. Dering.

Mr. and Mrs. Joseph Tilton Bowen of 61 East Oak street arrived home Wednesday from New York, where Mr. Bowen landed early in the week from several months' service overseas. Mr. and Mrs. Bowen will open their Lake Forest residence next Thursday.

Dr. and Mrs. W. S. Phillips will give a dinner dance this evening at 8 o'clock at the Edgewater Beach hotel for their son and his wife, Lieut. and Mrs. Willard Dedrick Phillips. Mrs. Phillips was Miss Gwendoline Oliva Gregg of London, England. She and Lieut. Phillips were married in Paris Nov. 11, 1918, and have only recently come to Chicago.

Mr. and Mrs. William H. Fahrney of 6171 Sheridan road have returned from a two months' cruise on their houseboat "Willena of Chicago."

Mrs. Joseph Fish, formerly of 1811 Prairie avenue, who has been living in New York City for two years, spent Wednesday and yesterday at the Blackstone, leaving last evening for Atlantic City. Mrs. Fish has taken an apartment at 5490 South Shore drive, which she will occupy upon her return from her country place at Minocqua, Wis., at the end of the summer.

The free French lecture to be given under the auspices of the Alliance Francaise at Fullerton hall, next Saturday at 12:15 o'clock, will be of exceptional interest, for the speaker will be Dr. Georges Debelly, first assistant to Dr. Carrel of Rockefeller institute, New York. Dr. Debelly will talk on his experiences in France, Russia, and Roumania. He was sent to the latter country during the typhus epidemic. After the lecture Dr. and Mrs. Debelly will be entertained at luncheon at the Woman's Athletic club by the alliance. At 3:30 o'clock a reception will be given for them in the rooms of the society, 406 Fine Arts building, at which M. Antonin Barthelemy will preside. Mrs. George W. Dixon will pour tea.

The engagement is announced of Miss Clara Agnew, niece of Mrs. Frances Agnew of 5409 Calumet avenue, to John L. Buckner Jr. of La Grange. The wedding will take place in June.

ANNOUNCEMENTS

The Art circle of the College club will visit the exhibitions of Gari Melchers, Robert Henri, Boris Anisfield, Canadian painters and American etchers, at 11 o'clock this morning.

The Chicago alumnæ chapter of Kappa Alpha Theta sorority will hold its regular monthly luncheon at 12:30 o'clock tomorrow at Field's.

The annual meeting of the Catholic Woman's league will be held tomorrow afternoon in the Fine Arts building. The elections committee will report the officers for the ensuing year.

The Santa Maria council, Knights of Columbus, will give its grand victory military ball in South Chicago Masonic temple a week from this evening. A war relic exhibit will be a feature of the entertainment.

The next concert of the Mu Phi Epsilon sorority will be given Tuesday at Ziegfeld theater at 11 o'clock.

Dr. Lynn Harold Hough, head of the department of historical theology at Garrett Biblical institute, Evanston, who has just accepted a call to fill the pulpit of City temple, London, will speak at the Sunday Evening club in Orchestra hall Sunday on "Finding a Permanent Passion."

NEW YORK SOCIETY

New York, April 17.—[Special.]—Mr. and Mrs. George Dupont Pratt, who have been passing the winter at the Plaza hotel, gave a dinner party there last evening.

The wedding of Miss Elsie Litton, daughter of the late George Greenhall Litton of Warrington, England, and Claude K. Ledger, British vice consul in this city, will be solemnized on the afternoon of May 1 in St. James church, Madison avenue. A reception will follow at the home of Mrs. Harry Guggenheim, 870 Madison avenue. The bride will be given in marriage by Frederick Watson, acting British consul general. Lieut. Horace Radmore, R. N., will be best man and the ushers will include Lieut. G. A. Whitfield, R. N.; Lieut. Commander R. H. Rowley, R. N.; G. Harrington, and M. M. Richardson.

WASHINGTON SOCIETY

Washington, D. C., April 17.—[Special.]—The members of the special Chilean commercial mission were the guests of honor at a luncheon given today by Dr. L. S. Rowe, assistant secretary of the treasury, at the Metropolitan club, and Mrs. Henry P. Fletcher, wife of the United States ambassador to Mexico, who is acting as the official host for the special Chilean mission, entertained at luncheon in compliment to the ladies of the mission, Senora Yanez, Senora Tocornal and Senora Villaneuva.

Owing to the death of her uncle, Robert S. McCormick, the Countess Gizycka today recalled the invitations for her dinner tonight in compliment to the British ambassador and the Countess of Reading, and has canceled all her social engagements.

J. C. CRAIG, pioneer Chicago florist and one of the first to introduce the American Beauty rose into the west, is dead at his home, 738 South Oakley boulevard. Born here sixty-two years ago, he had lived here all his life, and had operated a retail floral shop in the loop since 1874. He was a member of the Florists' club and the Retail Florists' association, and belonged to Lincoln Council No. 68, National union.

Buddhist Temples in U. S. Number 74, Is Warning to Clergy

"The Pan-Islamic dream is as much of a menace as was the Pan-German dream," said Dr. Rockwell Clancy of Albion, Mich., in a letter to the centenary headquarters of the Methodist Episcopal church in Chicago yesterday.

"Thrice every day 8,000 followers of Mohammed in America turn their faces toward Mecca and pray," wrote Dr. Clancy. "And where the American flag floats over the Philippine islands 340,000 persons are followers of Islam. Buddhism also had set up its cross legged god in our west. There are seventy-four Buddhist temples in the United States."

Commenting further on what he styles the Mohammedan menace in America, Dr. Clancy wrote that Japanese brides-to-be are met at the ports in the west by Buddhist priests and the marriage ceremony is performed according to Buddhistic ritual.

"It is the plan of the centenary movement to have ministers of the Christian religion meet these ships," wrote Dr. Clancy. "The world reconstruction program of the centenary makes provision for neutralizing and ultimately removing other non-Christian influences in the religious life of the country."

MATTERS OF MUSIC

Mr. Stock last night took the Chicago Symphony through the ninth Pop to a gay and shining finish of the season's series, which the autumn's flu cut short by one concert. As has been observed ere this in THE TRIBUNE, the world's best musical bargain is in these Pops, which have been part of the Orchestra's schedule for little more than five years. Dvorák's fifth symphony was the big item of last night and was accepted with joy, although Mr. Stock has been warned repeatedly by some of the musical roundsmen that the Pop clientèle for years and years to come must be fed the big works a spoonful at a time. His reading of "From the New World" is far more lyrical than Victor Herbert's, an interesting exhibition in that composer's recent visit with the Orchestra.

Liszt's second Hungarian rhapsody was put across with blazing color and exuberant spirit; all that Tschaikowsky put into his Italian Caprice was extracted and placed in aural circulation; and there was a full measure of light, merry filler in two waltzes, Bolzoni's melodic minuet, Steck's "Flirtation," and Grainger's "Shepherds' Hey." The two waltzes were Kreisler's in the Vienna style and Johann Strauss' "Blue Danube," which, perhaps, established the style. One of the eternal tunes, this, though dedicated to a Danube which is neither beautiful nor blue.

A change in the Orchestra's Friday-Saturday program is made necessary by the nonarrival of instrumental parts for one of Sophie Braslau's numbers—an aria from an old opera of Méhul. She will sing in its stead the familiar "My Heart at Thy Dear Voice" from "Samson and Delilah"; and there is no reason for believing that both this afternoon's audience and tomorrow night's will not be just as happy.

GIRLS! LOTS OF BEAUTIFUL HAIR

A small bottle of "Danderine" makes hair thick, glossy and wavy.

Removes all dandruff, stops itching scalp and falling hair.

To be possessed of a head of heavy, beautiful hair; soft, lustrous, fluffy, wavy and free from dandruff is merely a matter of using a little Danderine.

It is easy and inexpensive to have nice, soft hair and lots of it. Just get a small bottle of Knowlton's Danderine now—it costs but a few cents—all drug stores recommend it—apply a little as directed and within ten minutes there will be an appearance of abundance, freshness, fluffiness and an incomparable gloss and luster, and try as you will you can not find a trace of dandruff or falling hair; but your real surprise will be after about two weeks' use, when you will see new hair—fine and downy at first—yes—but really new hair—sprouting out all over your scalp. Danderine is, we believe, the only sure hair grower, destroyer of dandruff and cure for itchy scalp, and it never fails to stop falling hair at once.

If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Danderine and carefully draw it through your hair—taking one small strand at a time. Your hair will be soft, glossy and beautiful in just a few moments—a delightful surprise awaits everyone who tries this.

Knowlton Danderine, Wheeling, W. Va.

FASHION'S BLUE BOOK

Trade Mark Reg. U. S. Pat. Off.

BY CORINNE LOWE.

NEW YORK.—[Special Correspondence.]—In this evening gown of black and gold brocade from Beer we have a perfect example of the well trained train. Quite a new movement is described here by draping the train from either side of the waist line, where it falls in loops over the hips. The section of the skirt revealed by the train shows an odd, effective crossing of black satin bands terminating in black silk tassels.

It is only one of the many train fancies of the year. Some of the new evening frocks have pointed trains, others square ones. Some are detachable and some are firm. A few jut out at the side in a serpentine way and even fewer are two of 'em, one on either side.

This gown shows the low V in the back and the sleeveless mode so prevalent just now.

OBITUARY.

Alice Bradford Smith, Club Worker, Is Dead

Mrs. Alice Bradford G. Smith, mother-in-law of John W. O'Leary, former president of the Chicago Association of Commerce, died yesterday morning at the Wesley Memorial hospital. Mrs. Smith was 63 years old, and was the widow of Edward E. Smith, who died last November. She was born in Kentucky. She was a member of several patriotic societies. For many years she was an active member of the Jackson park sanitarium board. She was also active in the Arché, Crysolite, and the Daughters of the Confederacy.

MRS. ALICE BRADFORD G. SMITH

Much of Mrs. Smith's life was devoted to charity and club work. She assisted in founding the Florence Crittendon home in Chicago, Atlanta, Georgia, and San Francisco. For many years she was an active member of the Jackson park sanitarium board. She was also active in the Arché, Crysolite, and the Southern Woman's club. She is survived by three children, Austin R. Smith, Mrs. Edna Gonzales, and Mrs. John W. O'Leary, and eight grandchildren.

The funeral service will be held at 4 o'clock this afternoon at Boydston's chapel, 4227 Cottage Grove avenue. Interment will be at Lafayette, Ind.

MRS. MARTHA MARIA DAVISON died yesterday at the age of 89 years at her home, 2320 Jackson boulevard. She was the mother of Dr. Charles Davison, head of the county hospital staff and head of the department of surgery, college of medicine, University of Illinois. She had been active in Red Cross work and recently was given a distinguished service medal by the Red Cross.

The Successful Home Garden

BY J. F. H. HEIDE.

No. 37.

HEAD LETTUCE VERSUS LEAF LETTUCE.

Because it is so easily grown on almost any soil and in almost any spot that might otherwise remain unproductive; because it is relatively free from disease and insect pests; because it is readily made into palatable salads or quickly available for garnishing—lettuce is and has been for 2,000 years the most popular of home garden products. A yard or two yards of garden row to each member of the household, with a new sowing every three weeks, will yield abundantly for all home requirements.

Its quickness of maturing and the small space required by each plant, render lettuce especially well adapted to interplanting between rows and even between plants in the rows of more slowly maturing plants. In fact, many gardeners are opposed to devoting any special bed or row to it at all, arguing that it is distinctly a cool weather plant anyhow, and that it will be harvested before the companion crops demand the entire space.

In general this is true, for lettuce ordinarily runs quickly to seed in hot weather; but special varieties of head lettuce have been developed which grow satisfactorily in midsummer. Even with these, however, it is largely a matter of treatment, simple and readily adapted to any home garden where ample water is available.

Most people prefer head lettuce to leaf lettuce because the inner leaves are blanched, more tender, and "keep" longer without wilting than the more exposed. The plants are not so quick to run to seed. Those who prefer leaf lettuce can use the head lettuce as such before the heads are formed.

Black Seeded Simpson is a favorite variety of leaf lettuce and may be sown broadcast, thinning out by using the larger plants from time to time; but a larger and more uniform development is secured by sowing in drills, one-quarter to one-half inch deep, three to four seeds to the inch, and at least ten inches between rows, to admit of proper cultivation, thinning out for use as wanted. If intercropped with radishes, allow at least a foot between rows.

Grand Rapids, a curly loose leaf variety, is also much favored, particularly by market gardeners.

Either of these may be sown as early as the ground is workable, in this vicinity about April 15, till about June 10, and again from Aug. 13 to 31. The interval between these can be filled only with head lettuce.

For quick germination of any of the lettuce, soak the seeds in water over night before sowing.

OBITUARY.

Robert S. McCormick Will Be Buried Today

The funeral of Robert S. McCormick, who died at his residence in Hinsdale Wednesday afternoon, will be held at 10:30 o'clock this morning at the Fourth Presbyterian church. The Rev. John Timothy Stone will conduct the service. Burial will be at Graceland and will be private.

The honorary pallbearers announced by the family are as follows: Gov. Frank O. Lowden, Carter H. FitzHugh, John S. Miller, Bertram Winston, Frederick Rawson, Chauncey Keep, John J. Glessner, Watson Blair, E. W. Cramer, John A. Spoor, Judge Charles M. Walker, and E. D. Hurlbert.

GRAIN PRICES MOVE IN ONLY NARROW RANGE

Close Comes at About the Best Level of the Day.

BY CHARLES D. MICHAELS.

Grain prices moved within narrow limits, but the feeling was better, with the close around the best prices of the day, showing gains of ⅝c on May and July corn and ½c on September, while oats were ⅝c higher on May, ⅜c up on July, and ¼c better on September in Chicago.

Corn and oats in the southwest gained ⅛c to ⅝c. Oats in Minneapolis closed ⅛c to ⅝c, and Winnipeg ⅜c to ½c higher. Rye in Minneapolis gained 2¼ to 2⅝c, and barley 1⅝c to 1⅜c. A general evening up was on for the Good Friday holiday.

Corn in Firm Close.

Forecast for better weather conditions over the belt created a rather bearish sentiment early, and there was considerable pressure from local traders, and some of the commission houses. Prices dropped ⅝c to ⅝c, September reversing its action of the previous day and leading the decline. Below $1.52 there was persistent buying by a strong commission house, and a rally of 1c to 1¼c followed, the close being at the top to ¼c under. May was $1.59, July $1.52⅝, and September $1.47½.

The cash situation showed no change. Country offerings were light, the poor condition of roads, and the scarcity of cars having considerable to do with this, as has the decline in the prices offered. Indianapolis was credited with having offered corn to the east at about 2c per bu less than Chicago, and failed to sell a car. Local sales were 10,000 bu.

While arrivals here are in better condition, there are increasing complaints from country elevator operators of grain heating, and in view of the fact that Chicago alone is able to handle large quantities of that character corn, a material increase in the receipts is looked for. Sample values were unchanged to ½c higher, with receipts 164 cars. Argentine exports of 1,042,000 bu for the week included 339,000 bu to America, making 772,000 bu cleared for this country in three weeks.

Oats Seeding Delayed.

Oats showed relatively more strength than corn and closed about the top, with May at 69⅛@69¼c, July at 67⅜c, and September at 63⅞c. The delay in seeding in the more northern sections of the belt is becoming a very serious proposition, and even though field work started immediately, it would not be completed until about two weeks later than last year. Experience has shown that the early seeded grain returns the best yield. There was rather persistent buying by commission houses in small lots, and the undertone was firm throughout the day.

Sample values and premiums were unchanged to ½c higher, with receipts 78 cars. No. 3 white sold at May price to ½c over, and standard at ½c to ¾c over. Shipping sales, 30,000 bu. The six leading markets received 224 cars, or 11 cars more than a week ago, and compared with 224 cars last year.

Exporters Buy Ba[rley].

Removal of hedges against export sales of barley made an active and higher market, with the close on futures showing 1¼@1⅝c higher. Bids of $1.18½, track Baltimore, were made by exporters, but this was below a working basis. Spot prices were unchanged, with sales at $1.02@1.13. Receipts, 34 cars. Milwaukee was unchanged to 1c higher, and Minneapolis 1c higher.

Rye was weak and 2⅝c lower, but rallied with futures and closed about unchanged. Millers were the best buyers. No. 2 sold at $1.64¾@1.68¼. Receipts, 18 cars. Milwaukee was firm, and Minneapolis 2⅝c higher.

Pork and Lard Easier.

Lower prices for hogs and the high prices for product created more disposition among speculators and some packers to sell, and closing trades were at losses of 25@50c on pork, 7½@15c off on lard, the latter on May, and unchanged for May ribs to 10c higher for July. Cash business is being done constantly. New York reported that the harbor strike had been postponed.

A little contract product is being made and a fair run of hogs is expected. Shipments of cured meats were 5,696,000 lbs, against 2,130,000 lbs last year. Lard 993,000 lbs, against 750,000 last year. Cash lard sold at 10c under May, and loose lard at $1.00 under May. Hog supplies were moderate. Prices follow:

WORLD'S GRAIN MARKET NEWS

All grain and stock exchanges of the world will be closed today, Good Friday.

As traders on both sides of the grain markets have been unable to get very far in either direction of late, there is a feeling among some operators who have been bearish that the markets are not ready for a big break. The improved prospects for peace, the necessity of feeding Russia, and the advance in cotton, coupled with an improved feeling in many lines of the mercantile trade and the unfavorable weather and lateness of seeding in some sections, has a great deal to do with creating more optimism. Farmers have plenty of money and are not disposed to sell grain freely at present. It is claimed by some of the cash handlers that they have sold about all the corn they are likely to until after corn planting. They do not look for any heavy movement except possibly for a few days at a time, and some predict a better eastern demand.

One of the largest cash handlers here reported that corn is being sent from industries in Illinois to those in Iowa, as farmers in the latter state are not selling freely. An Omaha message said that within fifteen days corn will be moving from east of the Mississippi river into Nebraska. Should this materialize it might change the attitude of many local traders who have been working for a break in corn and waiting for the time when the market is in a condition to respond to the bearish conditions. There has been much bearishness in the news all week, but the market has ignored it. Buying support has developed in all breaks and caused rallies.

Chicago has gone to a good premium on cash corn over Peoria, and is slightly above Indianapolis. No. 3 yellow here sold yesterday at 2½@4½c above Peoria, while No. 4 yellow was about 2½c premium, and No. 3 white 2@2½c over.

Oats are gaining friends, as they are regarded as too low considering the price of corn, rye, and barley. May oats were bought yesterday by cash houses who were free sellers the two previous days. At present weather conditions are a big factor. It is said that oats held for the Wheat Export company are being ordered shipped to the seaboard. A southern buyer wired that central Illinois was offering oats lower than Chicago.

All the wheat, rye, and barley held by the Grain corporation has been sold and is being moved out to the Atlantic and gulf ports as fast as cars can be supplied. This announcement was made by an official of that corporation yesterday. All available cars have been ordered loaded at once, and all cars sent to the elevators by the Grain corporation must be loaded exclusively for them. Shipments yesterday were for wheat and rye to New Orleans, Galveston, and Philadelphia.

The steamer Booth cleared from Duluth on Wednesday with 270,000 bu wheat for Buffalo, the first boat to clear this season.

Interior grain dealers in some sections are finding that the corn they have on hand waiting for cars is getting out of condition. One house had notice that four cars of heating corn was on the way to Chicago. One reason for the limited purchases to arrive of late has been the inability of dealers to ship freely, and under present weather conditions they do not want to take in more grain. Cars were in better supply on the Illinois Central.

A compound lard order for export, aggregating 25,000,000 to 30,000,000 lbs, is expected to be placed shortly. This would make around 110,000,000 lbs bought recently. Compound lard is the chief competitor of pure lard, the former being composed mainly of cottonseed oil and other vegetable fats.

Around 1,000,000 bu Argentine corn is on passage to the United States, according to Broomhall. More steamers are loading at Buenos Aires to bring grain to this country and 340,000 bu cleared for the United States this week. A cargo of Argentine corn is expected at Galveston and one at New York within a few days. The Corn Products company has stopped buying corn here for its eastern plant, which is to be run on imported grain.

CASH GRAIN NEWS

Cash wheat is gradually declining, as mills are receiving liberal amounts of grain shipped from terminal markets. At the same time choice would sell readily at a fair premium. Soft red winter at St. Louis dropped 2c, but that market is still the highest in the country for that grade. Local receipts, 11 cars.

Cash corn sold fairly, with offerings somewhat disappointing. Industries were the best buyers. Prices here were unchanged to ½c higher, St. Louis unchanged to 1c lower, Kansas City unchanged to 1½c higher, Omaha 1@4c higher, Peoria unchanged to ½c lower, Milwaukee strong, and Indianapolis unchanged with No. 3 yellow $1.54½ and No. 3 white $1.54@1.65.

Offerings of cash oats were not large and sold readily, with prices here and at Omaha unchanged to ½c higher. St. Louis and Milwaukee were unchanged, Kansas City unchanged to ½c lower, and Peoria unchanged to ¼c lower. Cash grain prices in leading markets follow:

WEATHER AND CROPS

Dry weather is very essential in the northwest, and even with favorable conditions seeding will be at least two to three weeks later than last year, as shown by reports to the Van Dusen-Harrington company of Minneapolis. A probable reduction of 10@15 per cent in the spring wheat acreage is looked for in many places. Much of the seeding will probably have to be stubbled in. Should the wheat acreage be decreased, barley and oats would no doubt show an increase over that first contemplated. The general outlook indicates a late season. With favorable weather seeding might be completed by the middle of May, which would not be much later than the average of the last ten years.

Iowa weather crop report says three or four days of rainy weather stopped field work except in the southeastern counties, where rains were light. Not more than one-half the intended acreage has been seeded to oats in the central and much less in northern sections. In many cases where oats have been sowed there has been no opportunity to cover them. Acreage will be somewhat reduced unless favorable weather comes soon. Early gathered and carefully stored seed corn is testing well, but there are as many complaints as usual from those who failed to take due care.

COTTON TRADE NEWS

NEW YORK, April 17.—Cotton prices continued strong today, new contracts closing 42 to 62 points higher.

Reports of a rapidly broadening demand for goods, firmness in Liverpool, uneasiness over the new crop prospects, and interest shown by southern spot holders seemed to be the main factors in the advance.

Reports that the department of justice would not take any action against farmers or producers for combining to regulate or stabilize prices may have contributed to the late advance, but most brokers attributed the strength to the reports from the goods trade and the bullish view of peace prospects.

Exports today were 16,372 bales, making 3,692,077 so far this season. Port receipts, 11,983 bales. United States port stocks, 1,241,996 bales. New contracts:

ENGLISH MILLS MAY CLOSE.

MANCHESTER, England.—It was reported on trustworthy authority today that all mills using American cotton will close about April 24. The number of employés that would be thrown out of employment by this action is estimated at 100,000.

HAY AND STRAW

Hay was in active demand, with the local and outsiders buyers, and the market cleaned up. Dealers are looking for higher prices unless there is a letup in the buying and an increase in arrivals. At present not enough arrives to supply the demand. There were 19 cars of timothy and 2 cars Illinois prairie in. No. 1 timothy was $36 to $37, No. 2 at $33 to $34, No. 3 at $28 to $32. No. 1 light clover mixed and standard timothy at $35 to $36. Sample hay $27 to $31. Illinois prairie, $18 to $24, Iowa $20 to $29, Packing, $12 to $16. Straw receipts, 1 car wheat. The range on wheat and oat was $9 to $10, and rye $10.50 to $11.50 per ton.

TALK OF THE STREET

It was announced yesterday that the deal by which the Standard Gas and Electric company expected to take over the C. B. Schaeffner oil properties is off. The matter has been under negotiation for some time and the price of Standard Gas and Electric stock advanced as the deal progressed. The stock has declined during the last two days.

American Steel Foundries shares advanced to 87 yesterday, a gain of 4 points, but reacted to 86. The refusal of the trustees of the Griffin estate to consent to a sale of the controlling interest in the Griffin Wheel company to the foundries company is understood to have been, from the market viewpoint, favorably regarded. The Griffin concern was to have been purchased by a new issue of preferred stock.

The market is waiting some action by President Wilson on the controversy between the railroad administration and the industrial board over the refusal of the railroad administration to place orders for steel at prices fixed by the board. Should the president decide with the railroad administration it would not be considered an immediately bullish point on the steel industry, though any settlement would lead to a revival in steel buying. Admittedly orders for steel products have been withheld or shown a decline within the last thirty days.

The market is now guessing that the Steel corporation directors will discontinue the extra dividend of 1 per cent quarterly at their meeting on April 29, and instead will order a distribution of Liberty bonds now in the corporations' treasury.

DRY GOODS.

NEW YORK, April 17.—Cotton goods today were firm and active. Yarns were firmer. Silk trade showed steady improvement. Underwear buyers ordered more spot goods.

PRODUCE TRADE

Butter prices were 1c higher in Chicago, with an improved local and shipping demand. Arrivals from the country have been restricted by bad roads, but were 4,499 tubs. Sales of 90 point centralized, 60@60½c. New York was up 1½c on the finer grades early, but had a top heavy appearance at the last. Storage holdings decreased 9,000 tubs, and arrivals were 6,881 tubs. Boston reported an active trade in small lots at higher prices. Arrivals, 2,063 tubs. Philadelphia advanced ½c on the lower scores. Upper grades met an active demand at full prices. Arrivals, 1,923 tubs.

Sales of single daisy cheese were at ¼c decline, but the market in general was quiet and unchanged. New York and Boston had a quiet and easy market, while Philadelphia reported active sales at unchanged prices. Longhorns in Wisconsin brought ¼c advance, but other shapes were unchanged, with a good trade.

Best northern eggs brought ¼c advance. Northern lots sold well, but southern dragged. Sales of 1 car storage packed firsts at 42c, delivery by April 28. Receipts here, 25,032 cases, and New York had 30,664 cases. Placed into cold storage here, 23,401 cases. Live fowls advanced ½c, but prices on other poultry were unchanged. Potatoes met a good call, with the market firm. Arrivals, 38 cars, and on team track, 251 cars, with 81 cars outside.

Strawberry receipts were 9 cars, with prices lower. Shipments from Louisiana Wednesday, 19 cars; California, 1 car.

There were 13 cars of tomatoes here on track yesterday, for which the demand was active for choice.

CREDIT SYSTEM NEEDED TO KEEP FOREIGN TRADE

Changes in the Method of Dealing with Europe Advocated.

All important exchanges in the country close today for the Good Friday holiday. Banks remain open.

Those who have made a study of the policies and practices that obtained in the conduct of our trade with foreign countries before and during the war attach the greatest importance to the inauguration of a system of extending credit to foreign buyers if the export business of this country is to grow in accordance with the opportunities now opening.

It was pointed out here a few days ago by Lewis A. Melchior of Copenhagen that foreign buyers will cease to patronize the markets of the United States any longer than absolutely necessary if long term credits are not granted, such as are customary in Great Britain and other foreign countries.

Cash Demanded During War.

Generally, throughout the period of the war American exporters demanded cash for the delivered article and in some instances a deposit accompanying the placing of the order. These terms were and are distasteful to foreign buyers and they continue in the markets of this country only because of necessity. They will continue for a time longer or until Europe shall be again in a position to manufacture. Meanwhile, the opportunity for the extension of American trade at a time when sought, rather than having to be pushed, will pass unavailed of.

This appears especially unwise since the advance in labor costs abroad are rendering possible easier competition than at any time previously existed.

Tells of Dangers.

Vincente Gonzales of the Mercantile Bank of the Americas emphasizes the importance of extending credit in developing foreign business at this time and warns business interests of the danger of restricting trade in general. He s[...] of the feeing which has grown again[st th]e cash policy of American exporters:

"The desire of foreign buyers to turn their trade back to Europe, thus avenging our impertinent demand for cash during the war, has had a great deal to do with the restricted volume of our export trade.

"Those who had long standing credits in England, France, and Germany have been refused even a fraction of such buying facilities in this country when most needed. They have become utterly disgusted with our narrow mindedness and has decided that as soon as Europe is on its feet again they will get even. In a way they have begun to do so now.

"In the last two years the little credit granted in some countries made us a few friends, but these are certainly not going to pay more than they have to and will not stay with us any longer than prices elsewhere will offset the inconvenience, from their viewpoint, of trading with the United States."

Banks Buying Paper.

The liberal buying of commercial paper by country banks, in the face of the coming Victory loan, may be in large part explained by the fact that the treasury certificates bought against the loan now exceed in amount the size of the offering. The assumption of the banks of the country was that the loan would be for $6,000,000,000. Treasury certificates to the amount of $4,920,216,500 were bought by the banks prior to the offering of the $500,000,000 a few days ago. This last offering brings the total to be taken by the banks to over $5,420,000,000. But the amount already bought and paid for exclusive of the last offering is $500,000,000 in excess of the Victory loan and the banks outside a few large centers feel free to invest in commercial paper. The rates quoted now are 5¼ to 5½ per cent, though the few Chicago banks in the market will not buy paper under the 5½ per cent rate.

CHICAGO STOCK TRANSACTIONS

Chicago stocks were generally lower, though the declines were but fractional. The packing house shares, especially the Swift issues, developed no enthusiasm. Cudahy on small trading was up 2 points and Wilson gained ⅛. Booth Fisheries was slightly lower, but still ruled above 20.

Stewart-Warner advanced a little better than 1 point on a moderate volume of trading. Commonwealth Edison, Pneumatic Tool, Union Carbide, and Armour preferred all closed below the previous day. Shipbuilding common advanced 3 points. For some time the stock has fluctuated between 112 and 115.

JOHN V. FARWELL CO. REVIEW.

John V. Farwell company in its weekly review of trade says:

"The general firming up of the markets in textile lines is bringing buyers to market in large numbers, the report of arrivals for the month showing very noticeable gain over corresponding period last year. There is a much better demand for cotton goods. Wool is advancing all over the world. Cotton has advanced about $20 a bale during the last month. One of the leading percale mills advanced prices 1 cent a yard this week. Percales are very active. Some gray cloths used in the manufacture of fine white goods have been advanced by the mills about a cent a yard. Kid gloves also have advanced in price. Knit gloves and silk gloves have not changed in price. Market on domestic work gloves, such as horsehide, hog skin, etc., is very stiff. Canvas gloves are not any cheaper."

REALIZING SALES ABSORBED WITH EASE BY MARKET

Some Issues Sag, but General Conditions Are Same.

The New York Times

New York, April 17.—[Special.]—Realizing sales of stocks put through today on the eve of the Good Friday recess in the markets were absorbed with a fair degree of ease, and the ragged price list at the close reflected no new developments.

Some issues, including steel shares, which acted uncertainly the day before, continued to sag, but sufficient new speculative energy for the rise appeared among others to leave the underlying supports of the market in the same condition that had been in evidence for ten days or more.

In fact, it would be difficult to point to any especial group of stocks as having altered in their general aspects from what they had been for the last sixty days. The stock market all along has been one unaffected by current events or by events in immediate prospect.

Reasons for Pessimism.

If this were not the case a galaxy of factors of market import could be referred to which would be potent not for constructive, but for destructive effect among quotations. There is the steel market, for example, with mill operations steadily on the decline and quarterly earnings statements showing sharp recessions from those a year ago. The copper market, overfull of marketable metal, was lying in a state of quietude such as has not been since the earliest days of the European war.

The railroads are facing further increases in monthly operating deficits and security owners are not yet able to foresee the attitude likely to be taken by congress in regard to the control of their properties when the war emergency ends.

If the stock market was always governed by matters of current moment, the combination of these three unsatisfactory situations would be enough to send stocks down.

Have Broad Outlook.

But speculators during the last sixty days have been looking ahead at the broader outlines of industry, as they have done on many occasions in the past, and the rise of prices has emphasized faith that temporary embarrassments are to be only remotely considered against prospects of good business and the correction of financial difficulties in the future.

Distillers' Securities.

J. S.—The Distillers Securities corporation has been disposing of its stock of whisky at high prices, making large earnings. Last year it sold a number of plants at a heavy loss in book value, but as this loss reduced war taxes the transaction was profitable. Earnings in 1918 figured out at 31 per cent on the $32,439,432 of stock, making 55½ per cent earned in the last three years and only 14 per cent paid in dividends. Bonded debt has been reduced to $6,648,855. Recently it was decided to change the name to United States Food Products company and to handle cereal food products and manufacture denatured alcohol after July 1. On Dec. 31 the surplus amounted to 32 per cent on stock and nearly half of it was in cash and Liberty bonds.

Cincinnati Abattoirs.

J. H. R.—The Cincinnati Abattoirs company has been operating for many years and has paid dividends on its first and second preferred stocks regularly. Average net earnings for the last three years are officially said to have been $243,440. It is now issuing $1,000,000 of serial notes. It contracts to keep its net quick assets equal to at least 150 per cent of notes outstanding. There is no mortgage debt. The notes appear well secured, but of course, they are rather a business man's investment rather than one for savings.

Fulton Motor Truck.

O. A. L.—The balance sheet of the Fulton Motor Truck company of Dec. 31 last shows $635,460 of preferred stock, on which $62,440 is still due. Net tangible assets are $10.10 for each share. This compares with $9.65 a year before. The common stock is not shown in the balance sheet. Evidently it is all water. As no report of earnings or of the number of trucks produced is furnished, there is little basis for an opinion on the stock. Preferred is offered in the market at $6 and common at $3, while $5.25 and $2.25, respectively, are bid.

Brief Answers.

M. B., Paris, Ill.—The Concord Oil company has not replied to a request for information. It is not included in any available list of oil stocks. The statement that it was organized two years ago and pays big dividends needs proof.

J. S. B., Gary, Ind.—The Consolidated Rrizona Copper Mines is a prospect and of course purely speculative at present.

International Mercantile Marine to Pay Dividend

New York, April 17.—The board of directors of the International Mercantile Marine company at a meeting today declared a dividend of 10 per cent out of the net profits of the company on account of unpaid back dividends accruing upon the preferred stock. The dividend is payable May 15 to stockholders of record at the close of business on May 1.

What Bonds Will You Bequeath?
THIS is a question every investor should consider carefully and seriously. The beneficiaries of his estate—those near and dear to him—may not be prudent and experienced in the field of investment.
What kind of bonds are locked up in your strong box? The kind that fluctuate and change in value and must be constantly watched, or the kind that are both safe and stable in value and attractive in interest yield? First mortgage serial 6% bonds, safeguarded under the *Straus Plan*, are the type of bonds best left to inexperienced dependents. Their soundness, stability, and attractive interest yield commend them to prudent investors who require safety, freedom from care and attention, and a good interest rate.

1917	13.50	16.30	12.75	16.00
1916	10.00	10.00	9.90	11.65

Outside competition was lacking in the hog market, which declined 10@15c, being practically the first reaction since March 26, when the average was $20.22. Yesterday's average at $20.48 was 15c lower than Wednesday, the highest day on record. Speculators made a top of $20.80, being 10c below high point of previous day.

Packers were more indifferent buyers than usual and at the close of business 4,000 hogs remained in the pens. Day's receipts at 33,000, included 3,300 direct to Armour and 1,400 to other packers from outside markets. Chicago received over a third of the combined total of 92,000 at eleven markets. A week ago all points received 84,000 and a year ago 115,000.

Packers were keen competitors for fancy spring lambs offered Thursday and the top price was boosted to $25.00. Swift paid the price for 60 head averaging 39 pounds. This price established a new record; barring a few head sold last month, it stands $3.00 higher than the record previous to this sale.

Colorado lambs formed big bulk of arrivals in sheep house. Practically no aged or yearling sheep were offered. General selling was strong to 25c higher than previous session. Top Colorado lambs sold at $19.85, while fancy fed western lambs sold at $20.00.

Cattle trade was active with prices 25@50c higher than previous day. Bulk of steers advanced 15@25c, while most cows and heifers ruled 25@50c higher. Shippers were rather free buyers after being out of the trade for several days, principally on account of holidays in the east.

Receipts for today are estimated at 1,000 cattle, 22,000 hogs, and 8,000 sheep, against 7,736 cattle, 35,547 hogs, and 11,196 sheep corresponding Friday a year ago.

GREAT WESTERN INCOME LOSS TRIFLING ONE

The ninth annual report of the Chicago Great Western Railroad company shows a total net income for 1918 of $1,307,754, as compared with $1,345,840 for 1917, a decrease of $38,085, or 2.83 per cent. Of the increase in operating expenses it is estimated that $3,424,700 is chargeable to the increased cost of labor.

FINANCIAL NOTES

England is going to stop the use of American cotton entirely for spinning, it is said. A report was cabled from Manchester yesterday that all mills using American cotton are to close April 24. The number of workers who will be thrown out of employment by this action is estimated at 100,000.

Labor troubles in the south are disorganizing production in several textile districts. Mills in Georgia and South Carolina have conceded a fifty-five hour schedule, but in some of the North Carolina colored goods mills strikes have been in progress for two months.

At the annual meeting of the National Lead company yesterday, President Cornish made it plain that no further dividend increase is to be expected and that nothing of a sensational sort is to be looked for from the final disposition of the United States Cartridge company, of which National Lead owns 50 per cent. President Cornish said that the management was opposed to using large profits made during the war for the purpose of increasing dividends.

It is estimated that 1,750,000 tons of shipping of the merchant marine fleet is now employed in European food transportation. Out of the total of fifty-eight vessels allocated for this purpose all except twelve are now actually engaged in food transportation.

Although the end of the war brought a slump in the consumption of nickel, the industry is looked upon as being in much the same condition as that of copper, and as having gone through the worst. With the revival of the automobile business, which consumes a large amount of nickel, it is expected the International Nickel will be able to expand its earnings again.

The Texas and Pacific Coal and Oil company is offering $1,000,000 in new stock, authorized at the annual meeting, at $100 a share, to stockholders of record May 1. Payments on the new stock are to be as follows: Fifty per cent on or before June 2 and 50 per cent on or before Sept. 30, 1919.

AUTO TIRES.

Put a Reliner in Your Tire Today

A 34x4 tire costs around $40 and is usually good for 4,000 miles' service, but here is the way to get 3,000 to 5,000 miles' additional service from your old and new tires.

Slip between the casing and tube an inexpensive Midland red reliner. This powerful reinforcement just about doubles the life of a tire so that for a few dollars you get service equal to a new tire and obviate punctures and blowouts.

The Midland red reliner is a 3 ply heavy rubber coated fabric specially constructed and steam cured in the tire mold. In five minutes any one can slip them between the inner tube and casing and change from one tire to another. They fit perfectly, don't creep or pinch and are frictionless. The lock edge makes the reliner an extra tire. Thousands of motorists and practically all taxicabs and liveries demanding utmost economy and reliability of tire service use reliners. Order one or six today.

Shipped express prepaid and fully guaranteed.

Where will they go?

Prohibition "leaves a dangerous vacuum in certain sections of our social life"—Rev. George Henry Hubbard.

85,000 Saloons – FOR RENT!

Prohibition is more than a problem of Drink
Over four million men must change their habits of Life
What would be Your substitute?

ON July 1 there will be "For Rent" signs on 85,000 saloons in the United States. At one stroke 85,000 men's clubs will be closed. Four million men, an army twice the size of the American army in France, will be turned away. Where will they go?

The abolition of alcohol is a great reform. Yet like all great reforms, it demands a gigantic work of readjustment. The tavern has been with us for centuries. It is disappearing over night. What will take its place?

For many, the saloon has been a social center, a place where men could meet in a democratic way. *What sort of social center will those men have when the saloon is gone?*

The saloon has been the unofficial employment agency for hundreds of thousands of our population. In the saloon a workman could usually get news of a job. *What other employment agencies will we have?*

The saloon has been the daily lunch room of almost one million men. *Where will those one million men be likely to go in the future?*

In the saloon, says Charles Stelzle, the great authority on prohibition, the poorer people "have their christenings, their weddings, their dances . . . . . Unless they are connected in some way with the church, most of the people in the community look upon the saloon as the social clearing house of the neighborhood."

What is the substitute?

Democratic, self-supporting substitutes are not easy to find for an institution like that.

Will the answer be motion pictures? Every week at least 25,000,000 people in the United States go to the movies.

Will it be soda fountains, coffee houses, community centers?

Will it be billiard parlors? Will it be the Y. M. C. A.?

Will it be drama or music? Will it be the home? Will it be the church?

What intelligent opinion is turning to this great problem? What progress is being made toward developing in America a healthy individual and community life?

One leader in the movement

The Christian Herald has been a leader in the fight for prohibition, The Christian Herald has always believed that alcohol was a physical, mental, moral and industrial evil. It has never been one-sided in its antagonism, but always constructive in its thought and leadership.

To-day the Christian Herald realizes that the victory has been only half won, the change only half made. In this week's issue, Orrin G. Cocks, Secretary of the Affiliated Committee for Better Films, and the Rev. Ernest A. Miller argue for *the movies* as the best substitute for the saloon.

Next week Charles Stelzle writes on various other ways of "Finding a Substitute."

"Workingmen will never write letters to the newspapers," declares Mr. Stelzle, "or hold mass meetings making a demand for a saloon substitute. To them the beer and the social features are one and the same thing, and the bitterness of workingmen in the prohibition discussion is less that they have been deprived of their beer than that they have been deprived of a center in which they can give expression to their social life."

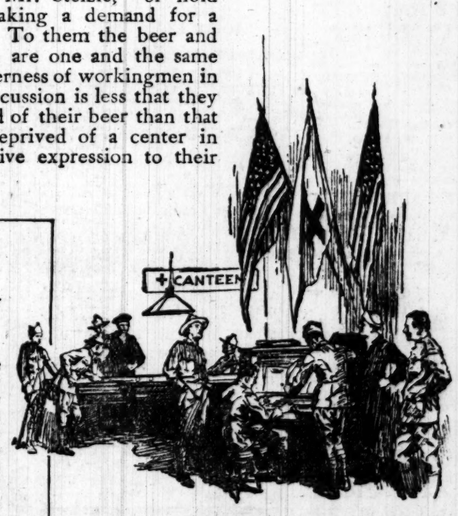

Substitutes that have been proposed

"THE community club provides a meeting place," says Dr. John Willis Slaughter, director of the Community Councils of National Defense, "where men can gather and talk, and do all those things that they did habitually in the saloon, with the difference that there will be no liquor sold."

In the New York Evening Post of March 31, he declares: "The only solution for the saloon problem is to recognize the advantages and defects of the saloon and then to set up something that will answer the needs of the people. Philanthropy cannot do this because workingmen will not accept charity, no matter how well intentioned it is. It must either be a commercial enterprise run on a new basis, or it must be a community undertaking, something created by the people of the neighborhood for their own benefit and in their own way."

"THE substitute," says Harold Channing in the New York Times, March 16, "is the community room (or rooms). In all districts there should be rooms, large, well-lighted, and warm, liberally supplied with all the daily papers and current magazines (minimizing the 'high-brows'), and with such games as checkers, chess, cards, puzzles, etc., then, as an adjunct, coffee and cocoa of good quality at cost (perhaps soda in summer), supplemented by some rolls. Let those who come smoke all they want, talk within reason, and bar no man unless he is quarrelsome or unnecessarily dirty."

The canteen has been, during the war, the club-room and social center for 4,000,000 men. Can our substitute for the saloon be built along these lines?

What five prominent men, in this week's and next week's issues of The Christian Herald, say concerning the substitute for the saloon.

"SOMEBODY recently foolishly said—'No one wants a substitute for Spanish Influenza or for the bubonic plague—no more does the saloon need a substitute.'

"It would be absurd," continues CHARLES STELZLE, in an article to appear in next week's Christian Herald, "to insist that the saloon never served any good purpose. It is true that good in the saloon was outweighed by the evil that was in it. But there was good."

"HAVE you considered the motion picture as the logical successor of the saloon?" asks ORRIN G. COCKS, Secretary of the Affiliated Committee for Better Films, in this week's issue of the Christian Herald.

"*The motion picture* serves more people than any of the others. It has something for every one. Its appeal is universal. It furnishes emotional excitement, mental stimulas, and a contrast to drab realities. It draws all members of a family instead of age or sex groups alone. It is a democratic, wholesome and self-respecting entertainment."

"EVERY new church today should be built with a suitable and commodious assembly room which may be used for motion-picture purposes."—Rev. ERNEST A. MILLER, Pastor, M. E. Church, Cuyahoga Falls, Ohio.

"IT has been true always that the motion picture has been the great foe of the saloon. This has been particularly noticeable in small towns, where, prior to the inauguration of the movie theater, there was not much to do for entertainment, and the saloon had things pretty much its own way. It has been shown already that motion-picture theatres are exceedingly prosperous in prohibition territory."—S. L. ROTHAPFEL, of Rialto and Rivoli Theaters, New York.

"YOUR idea of linking thrift with the saloons is excellent," declares JAMES H. COLLINS, of the War Savings Organization, in this week's issue of the Christian Herald. "Figure a wage-earner drawing $20 a week, spending two dollars over the bar Saturday night and getting no permanent good, then the same man putting two dollars weekly into War Saving Stamps, and the growth in interest."
